

UNITED STATES NAVY

Saturday Evening
March 27, 1943

Dear Members of the B. S. C.

as I am the duty woman
here at the office, this will
have to be a very short
"thank you" note for your
very interesting letter.

although I have heard
nothing for quite some time
from my classmates and
fraternity brothers, my mind
very frequently wanders back
to the good times that I
used to have while there.

An incoming draft of
men makes it necessary
that I return to work
again. I'll try to write

more in a couple of days.
Yours for a short war.
