Dear Friends

The address of Geo. A. Bunnell as given in your note is correct. A late letter gives an idea that he is now in the far away So. Pacific and in excellent health.

You people are doing a wonderful work and should feel very proud of doing an essential job. Any news from home and friends is very welcome and boosts morale immensely.

Please use the enclosed check \$ in any way that will expedite your fine efforts.

Sincerely
George A. Bunnell.
