Gyrfut Service Club:

Thank you very much for  
your recent "review" letter. It was  
entertaining & greatly appreciated.

I also want to thank you  
for the "flat-fifties". At the time  
I received them I was about to be  
transferred, & this is the first opportunity  
I've had to acknowledge them.

You all know what the V-12  
Program is - and my particular  
job was to - more or less commission  
the office, & to - get the personnel  
work "squared away" - that, is  
just about finished now.

Keep up the good work,

Sincerely,  
Sam Fox, Y2C

(w/ly - I'd never know)
