

U. S. ARMY AIR CORPS
MAXWELL FIELD, ALA.

Saturday

Dear Students -

I'm honestly ashamed of myself for not answering sooner and for not acknowledging the receipt of your gift - but time really flies in the air corps.

Left home Jan. 30th & spent 1 month at Atlantic City. Then 4 months at the 60th CTD at the U. of Pittsburgh where I had quite a wonderful time. Then 1 month at Asheville where I was classified as a pilot (I hope) & then 6 weeks here at Maxwell for Pre-flight. In another 2 weeks I'll leave for Primary and some actual flying.

Just received your Memorial Day letter, and honestly, it was great to get news from school.

Too bad about Johnny Hull. It was wonderful to hear that Ben Seuda was rescued. I heard ~~for~~ through the grapevine that he was missing and I had seen

him up for lost.

Harry Smith is in OCS at Camp Lee, Va. Bob Connor, the other member of the "horrible three," (I'll bet the cafeteria has never been the same since we left) is a Sgt on a B17. He's a ball turret gunner and asst radio gunner & right now is overseas, where I don't know. I'd hate to think of the damage if we ever get together again.

Although I've been in service for about 9 months, no sign of a furlough until I graduate, which should be in April.

If you know "Babe" D'Antoni's address, would you please send it to me. Last I heard, he was flying with the heavy in New Foundland.

Best of luck, & thanks again for boosting my morale.

By best to the Profs, the Carralls, Rita Casals, Party, and all the rest.

A/c Jorge Greenspan
Sg. C Group 4

P.S. Bobbe Bauer - didn't mean to forget you.

Maxwell Field, Ala.
