Bryant Service Club :

Please accept my sincere thanks for the box of candy and the Christmas letter. They were both welcome and gratefully received.

For the Christmas holidays I had the good fortune to be home. While in Providence I had the opportunity of visiting Bryant for a short time on the day before it closed for the holidays. Although I didn't have the opportunity to see all of my professors because they are now in the service, it seemed good to get a look at the building again and to visit with

the professors remaining. My chem,
also on furlough at the same
time, and I enjoyed very
much our little chat with
Mr. Gulski, Mr. Appleby, and Mr.
Naylor. We also spoke to jolly
Mr. Richards a short time between
class sessions.

Thanks, again, kind friends,
for the Christmas package.

Your friend and alumnus,

Harold Hobson
