Dear Club Members:-

This will acknowledge receipt of your letter from my parents dated Jan 24/42. Although I have previously sent a card of thanks for the two packages of cigarettes received from the R. J. Reynolds Co., please accept this card as evidence of their receipt and also of my many thanks. There were a great many packages received at the Fort at Christmas time and I believe that those containing "smokes" were the most appreciated. Am very sorry for any inconvenience caused. My address is still the same.
