Dear Bryant Seaside Club:

Just a few lines to let you know that I am still stationed here in England and have been for almost nine months. We were one of the first contingents to arrive in England proper but now, I guess, the Americans are spread out just about everywhere.

The war seems to be affecting the Camp in a number of ways - the faculty, the council, and the students. It seems just like yesterday that I too was cramming for finals on a hot, sultry, day. Now somehow, I wish, like thousands of others that I could be back again enjoying life as a civilian.

Really though in my little over a year in the Army I have had a number of very enjoyable and some unforgettable experiences, fortunately none of mine can compare with that of some of the boys.

Hoping to hear from you again

P.S. - One more Bill McCaughey
