Bryant Service Club,

Just a brief note to let you all know that I'm still alive and kicking.

Three or four weeks ago I returned from a trip to Trinidad. I must say that besides being a "business" trip it was also interesting and educational. However, give me the good old U.S.A. anytime.

If it is at all possible, please let me know how I can contact Chester Sigda, Chester Desormeaux, and John Kulig; all of the class of '39.

Say hello to Mr. Sulski, Vival, and Naylor. Also Mr. Jacobs, and Mr. Allen.

That's about all for the present. Don't forget to keep me posted on the latest pertaining to my classmates.
