Sunday -

Dear Bryant Service Club,

I received your letter and immediately put the list of addresses to use. I found out where lots of my college friends were by using it.

I'm down here at Nashville to be classified, eventually I was classified as a pilot and issued my new combat uniforms.

Of course we haven't been sitting around. In 8 days we had

KP three times, summer detail once, and butcher detail once.

I'd say it's good for our discipline!

Thanks for the information.

A Bryantite
