Dear Friends

I recently returned from a furlough at home, and were it not for the fact that it was necessary for me to work a bit while there, I would have liked very much to have been able to visit Bryant again. It seems years since I have seen the place and I'm very grateful & thankful to the service club for keeping me in touch with the news by means of the bulletins I've received. Although I always enjoy the gifts, such as the Easter package, I must admit that I look forward much more to

the letters which carry the news of the former members of the school who are now in service + with whom I was at Bryant.

I know that all the fellows + gals in service look forward as much as I to receiving news from you.

My hellos to all my friends of Bryant, both past + present. I hope that we may ~~may~~ soon all be able to regather on the grounds of Bryant for a real get together soon, + I know it will be some time that we'll have, too!

Prof. ~~Bob~~ Bergman

P.S. Is the "Yacht Club" still doing business?
