Bryant Service Club,
Providence, R.I.

Gentlemen,

I received your package some time ago and as always in the Army it was nice to hear from New England. This radio course is much different from Bryant. I have been here ~~six~~ three months and will be here for another six weeks. They called this the Radio University of the Air Corps but it is the first school I ever attended where I had to get up at 4.45 A.M.

Good luck in your enterprise.

C. Leonard Crawley '36

P.S. Give my regards to Mr. Gulski and Mr. Lee.
