

U. S. SIGNAL CORPS
FORT MONMOUTH, N. J.

5/12/42.

Hi Jacks:-

I rec'd your welcome gift of cigarettes last evening and am taking this opportunity to drop a line to thank you - for the cigarettes.

It sure makes a fellow feel good to hear from folks and as most any person in the service will tell you that cigarettes sent to smokers are always most welcome. However aside from that I think this Service Club of yours is doing a great job and I know that when I say that I'm expressing the thought of all the Bryant Alumni who are the recipients of your gifts and

letter.

Right at the present time I'm attending a work school here at Ft Monmouth having been assigned here due to my association with the N. E. Tel & Tel Co before my induction.

Before closing I want to say once again - thank for every thing and keep up the great work.

Sincerely
Jay Logarty Jr

P.S. How about thanking
Mullie '44 for that most
interesting letter.
