SEE INSTRUCTION NO. 2

Hello, Service Club Members:

Just received your bulletin postmarked Dec 8. Was glad to get news from the old school & to send some candies whenever you get the chance.

I have now a new address. I am now attached to the 82nd Air Division. As you probably know I formerly was with the 15th Airborne Task Force. So there isn't much change.

Would like to hear more about members of the class of '41. Received news from Herb Rosen recently. He's still a first lieutenant, somewhere in England.

I have been raising hell in Germany for the past few weeks. Hope that this mess will soon be over and that we are home again for the above mentioned reunion.

Best of luck and keep on sending your bulletin (I have had only two in over a year overseas).

Yours truly
Raymond Guilloget
