

12-17-43

Dear Bryant Service Club,

I just received your package several minutes ago, and was so enthused about it, that I decided to send this letter immediately.

As usual whenever I receive a package, my buddies receive the bulk of it nevertheless, what was left to me was certainly appreciated.

I find your letters very interesting, and informative. How I wish I could have heard it. Shore address the class.

I recalled the days when I used to read the letters of servicemen on the board, beside the staircase, I wondered why they didn't write more often, and say more, well I ~~know~~ ^{know} realize how little free time we are allotted.

Thank you for your consideration and regards to my classmates.
Georg Kaganian
