Dear Sir,

I just received a package you sent to me at Hickoryone. It had been in transit for quite a while but it arrived in perfect shape. It was a very nice package and I'd like to thank all the persons in the club who sent these things to the men in service.

It was an unexpected pleasure to receive a package way over here. This is so far from home where that it is nice to receive something from home.

Sincerely yours,
 George T. Latimer
