Byrant Service Club
Bryant College
Providence, R. I.

Dear Friends:

The Bryant Service Club has been very kind to Bryant men in the service. It is concrete proof that Bryant College remembers its students even after they have been graduated and are many miles away. I doubt if any other College, large or small, can equal the spirit that exist between the student body and the alumni.

Thank you very much for the cigarettes I received this week.

Sincerely yours

Raymond J. Murphy
