Dear Jean,

U. S. SERVICE

We finally  
pulled in at  
this apt - snowing  
and cold as heck  
here.

I was assigned  
to an upper so here  
I sit.

Tomorrow I  
polish brass for  
Police duty - just  
like at Supercharge  
I'll write as  
soon as I can!

Love,

Here's my address
