Bryant Service Club
Bryant College
Providence, Rhode Island

April 1, 1943

Dear Club Members:

Just a line to let you know I received your letter and gift and to offer my appreciation for both. The Club is doing a wonderful job considering the mounting obstacles they must be finding as the time goes by.

Out here life goes on much the same a usual work, eat and sleep. It is a good life but we are all anxious to get the job done so we can get home to the ones we love.
