Dear Members of the Bryant Service Club:

Today I was pleasantly surprised to receive a very colorful box of candy from you.

It was very kind of you to remember me with your unexpected gift this Christmas season. Although I am not overseas, I am a long ways from home and still have to ^{be} ready to move wherever the War Department may order me to go on short notice. I want you to know that your thoughtfulness is deeply appreciated by me.

Thank you, and my best regards to all of you with my best wishes to you for Christmas and a happier new year than the last three war years have been.
