## Tau Epsilon Holds First Convention

On Friday evening, January 12, the First Annual Convention of Beta Sigma Chapter, Tau Epsilon Fraternity, held a banquet at the Old France, Eddy Street. The affair was largely attended by the graduates and present members, who spent a very enjoyable evening. Past-President John Foley, of Arizona, acted as toastmaster. The address of welcome was delivered by Creighton P. Jones. Several members and alumni responded to toasts, and plans were discussed for the Convention to be held here next year. During the evening Davis and Jones presented a skit entitled, "My Brother Bill." Several well executed presentations were made by the associate members, who came prepared for the occasion. Old friendships were renewed and new ones contacted, and the consensus of opinion was that the affair was one of the most successful ever staged by Tau Epsilon.

## Varsity Swamps Nichols Junior College 51-10

Retaining the form which made it one of the outstanding quintets in the State last year, the B-S Varsity Basketball Team scored an overwhelming 51-10 victory over Nichols Junior College outfit of Dudley, Mass. last Wednesday night.

The team displayed a fine passing attack from the outset of the contest and, with Charlie Swanson, Ken Kennedy, and "Ducky" Duckworth sinking the ball from all angles, soon piled up

### NEWLY ACQUIRED

To teach us typing comes Mrs. Louise Messer, a Boston University graduate. From the College of Practical Arts and Letters she obtained her B. S. S. degree in 1924, from whence she went to the Howe High School in Billerica, Massachusetts, to teach. By mere coincidence, she taught Mrs. Stickney at one time!

And then we come to Mrs. Elizabeth H. Dane, a native of Hamilton, Massachusetts. After graduating from Salem Commercial School, she studied at Boston University. It was really tragic at first, the trouble she had finding her way around Providence! Her teaching record includes the Salem Commercial School, and Concord Business College in Concord, N. H.

Greetings and salutations to you both!

Miss Kay Krueger, our own sweet girl graduate of last year is our new theory shorthand teacher. Miss Krueger won honors last year in both scholarship and beauty. After graduating from Hope High School, she took the teacher-training course at Bryant-Stratton. Good luck, Kay.

## Just a Word About Personality

Two young people can graduate from the same school or college, each with high scholastic standing. One will make a success and the other will struggle through the years and never build up more than a mediocre business career. What is the reason for this wide variance in results? It is not luck—it lies in the combination of success factors, chief among which are ability, personality, and perseverance.

This matter of personality is receiving more and more attention among thinking people. It is applied psychology, and deals with the philosophy of life, or how to live, and is a powerful factor in the winning of success. Only those experienced in placing young men and young women in positions of trust and responsibility can fully appreciate the commercial value of what is pop-

## Five Teams in Bowling League Closely Matched

The defeat of the league leading Seniors by the "School-marms" headed the list of upsets in the bowling league the past two weeks. Like an inspired team that had tasted of the Fountain of Youth, the teachers mowed down the leaders for four straight points. Despite "Grandpa" Canty's crutches, "Pop" Handy's wheelchair, "Great Granddad" Lee tripping over his beard, and "Uncle" Naylor's rheumatic heaves, each bowled over a hundred and great was the dismay of the "loud speaking" Seniors to see it all happen on their day on.

Predictions by E. G. Jacobs that the Faculty will win the race are not to be overlooked. But it will be a long hard grind and whether the older members of the league can stand the pace is a question.

The race this year is much closer than last year's. At this time last year the Phi Sigma Nu Tigers with "Sandy", Perkins at al were well entrenched in first place, with 48 wins and only 8

Captain Paul Haselhurst did fine work in the back court, as did Bob Wright. Their covering kept the Nichols forwards at bay throughout the game.

In the preliminary, the B-S Jayvees kept pace with the Varsity by trouncing the Nichols Jayvees 25-5 in another one-sided contest.

**Notes of the Game**

Duckworth and Swanson were back in shape and made the large floor look very small with their fast work.

Ditson and Gray, relieving Swanson and Wright in the last quarter, showed that we have some very good reserve strength on the Varsity.

One of the highlights of the evening was "Custy" Grasso in white flannels refereeing the preliminary game. He did a fine job.

The Jayvees have a good outfit and would have given the Nichols first team a good fight. Shuster was outstanding with his airplane loops, while White got the tap on his man every time and started many plays that went for a score.

Lunevich is a good man under the basket and should prove a good understudy for Swanson.

Kennedy, Varsity center, is a big, bad man on the floor.

# FRATERNITY and SORORITY NOTES

## PHI SIGMA NU

On Friday evening, January 19, Iota Chapter will hold its semi-annual formal Dinner dance. This dance is to be held at the Spanish Villa in North Attleboro. It is expected to be as successful as all the other activities of Phi Sigma Nu have been.

Iota Chapter is presenting itself with a new banner as the scoundrel who stole the other one hasn't returned it. We have not learned who the thief is but if we ever do, boy oh boy. Revenge is so sweet. Don't forg't we are still the undefeated, unchallenged "Stonecrushers."

On Thursday evening, December 21, 1933 the last degree was conferred upon the pledges by the officers of the fraternity. This brings the membership up to forty members.

The McGinn aggregation is stocking up for the formal.

Everytime Bill Grant stays with the fellows at 238 Waterman St., the carpenters are sure of at least one day's work.

## SIGMA LAMBDA THETA

Everything is set for our January formal. On the 26th of this month it is to be held at the Wayland Manor Dining Room, formerly Pierre's. A cozy, pleasant, and cheerful place it is, just right for our group. A "goodly crowd" will be there, and to the music of an excellent orchestra, and served with delicious food, we anticipate, we will have a memorable evening. Make your reservations early and avoid a disappointment for we are limited in number!

## SIGMA IOTA CHI

Sigma Iota Chi is pleased to announce the names of the new pledges for this year. They are as follows: Winifred Meyers, Mercedes Rush, Dorothy Sloan, Mildred Matteson, Frances West, Merna Maddocks, Pauline Kindelan, Josephine Johnson, Eleanor Lynch, Mildred Taylor, Ethel Joynes, Ruth Bernhardt, Dorothy Baldwin, Theresa Boner, Irene Goodhue, Sylvia Burr, Ruth Haenelt, Margaret Helfrety, Lillian Hebb, Zona Lien.

We have at last set the date for the formal. It will be held on February 21, the eve of Washington's Birthday. So far as is known at present it will be held at the Biltmore. The committee for the formal is as follows: Chairman Evelyn Burr—programs; Mercedes Rush and Winifred Meyers—place and orchestra; Dorothy Fahey—favors, and Dorothy Maxham—invitations.

## KAPPA DELTA KAPPA

The formal dinner-dance of the sorority was held in the Venetian Room of the Biltmore Hotel, Thursday, January 11. It was the most successful formal ever held by the sorority. The committee in charge was: Alberta O'Brien, Audrey Whitman, Dolly Hayes, and Peg Barrett.

Upon the resignation of Isabel Catlow, Kay Cunningham was elected secretary.

The members are arranging to secure "shingles" sometime in the near future.

## GABBING ABOUT AT BRYANT HALL

You didn't know that Irene Goodhue was divorced, did you? She herself stated that divorcees could get along much better—we shall see!

And Ruth Abrams made the honor roll again this month! How she does it is beyond us! But it's nice to have one of us who studies, for in some people's opinions, none of us ever do! (Subtle sarcasm!)

Well, when vacation was over, and we got together to discuss various and sundry things, many interesting tales were unfolded. Near Year's Eves tales proved to be particularly fascinating. Helen Day's for instance, and Estelle Garrett's too. And as far as being "true" during vacations, perhaps it is better left unsaid, in several cases!

We've a new housemother, and is she a peach! And can she dance! And is she funny! And does she knit. The most curious things, but really very attractive. We get along swell together, and we welcome her with open arms.

The firm of Bailey and Day has opened its doors for business. Painting furniture is a specialty, and interior decorating is done with that master's touch! They are planning to interior decorate their living quarters, starting with that new invention of theirs known as "hot and cold running doors." Quite interesting.

## FIVE TEAMS IN BOWLING LEAGUE CLOSELY MATCHED

losses, with the Seniors with 38 wins and 18 losses their nearest opponents.

This year, however, five of the teams are bunched together with only a few games between each, and the fireworks are bound to explode before long.

### LEAGUE STANDING

	Won	Lost	Ave.
Phi Sigma Nu	28	16	.631
Freshmen	27	17	.614
Seniors	27	17	.614
Tau Epsilon	26	18	.591
Faculty	24	20	.545
Beta Sigma Chi	0	44	.000

### Pinfall

Beta Sigma Chi very nearly scored a point against Tau Epsilon January 3. They lost by only 24 pins in the first string, 12 pins in the second, and 23 in the third.

"Abbie" Booth has taken his place as a regular on the Tau Epsilon lineup and rolled 278 for an average of 93. Very good for a beginner.

Lumiewicz, of Beta Sigma Chi is a welcome addition to the lineup. His 305 for three was high for his team on January 3.

Weller of Phi Sigma is still knocking them down. A total of 348 with one string of 140 was a good day's work.

The Freshies' winning streak was stopped in the 14th game by Phi Sigma, a tie of 2-2 resulted.

"Cannonball" Sayward made a successful comeback this week and materially helped his outfit with strings of 109, 101, 118. Welcome back, "Cannonball". The alleys were quiet while you were away. But tell us. Were you really sent to the minors to be seasoned?

Swanson, the Seniors' "big noise", has had hard luck in the matches. He has been seen bowling noontimes and hits a very good score. But in the matches he blows up. A man with a capacity for 120 in ordinary games should average more than 100 in a match. Maybe he is not sticking to his training rules. He has been seen several times late at night in the company of Fallon and Rap. Little boys should stay home nights, "Sharlie."

ularly referred to as a "Pleasing Personality".

Training plus personality is the formula for success. Either without the other is weak and futile in this strenuous age when competition is keen and salesmanship is needed for every job.

### B. A. FRESHMEN NOTES

Since Myrtle has been absent we have noticed a lot of lonesome boys on the seventh floor. This means you Mr. Smart. Things will change now that she's back.

Bob Parsons is leaving us. We wish him the best of luck in whatever he may do in the future.

Ellis and Thatcher are very friendly enemies and both are doing equally well in trying to gain favor from Zona. We think Machon has a very good chance.

The 'Smoking Club' still persists in holding up Mr. Gulski's second period class.

We hear that Russell Scott has lost his 'one and only'. Maybe that's the reason for his gloomy condition lately.

Conroy and Perroni can tell some very amusing stories about their life at the army camps. For good entertainment see Conroy, Perroni and Company.

### 8-B NEWS

Room 8-B held an informal dance at Cannes, Friday evening, January 5, 1934. In spite of bad weather and slippery roads, there was a fair gathering. Dancing was enjoyed until one o'clock.

Prevensake, another great romance up here. This time it is between one girl and two boys. The girl being little Theresa Boner, the boys Clinton Lockwood, Jr., and Richard Moulton. Dear! Dear!

"Jake" Winslow seems to have turned his affection to K. Malone, since our Lil won't give him a tumble. Here's luck to you, Jake. Georgie Byron seems to be cutting in tho'.

Our cute little V. President seems to attract a great deal of K. Kennedy's and F. Fay's attention lately. Another one of those affairs.

## ODE OF THE MID-YEAR SENIORS

Nine a. m. and three o'clock bell  
And one sweet bell for lunch  
And may there always be at B-S  
The same swell friendly bunch

And such a class of seniors now are going  
So skilled in accounts and law  
That future executives and bosses  
Are tied up here in the raw

And as the days and years grow longer  
To Barber, Gulski, and to Lee  
Our sincere praise and thanks we'll offer  
For all they did to make us see

To the next class of seniors we now bequeath  
The enviable position  
Of running the school and making the grade  
With all their youth's ambition

Two more weeks and a few more days  
And after that the light  
For then we'll work and bring our checks  
Home to the folks at night

For though from out our realm of law  
and math  
Our work may send us miles away  
We'll still recall with happy memories  
The days of the Mid-year Seniors'  
sway

## SENIOR NOTES

Greetings to you and you and you. We hope that you had an enjoyable vacation and are fully prepared for the mid-years (are we optimistic!!!).

We have heard considerable expression of opinion about the idea of preparing a year book. This appeals to us as a very sound idea, one that would surely promote school spirit, as well as show what can be done by the student body. We feel that the expense would not be prohibitive, as a considerable sum could be obtained from advertising, as well as from the sale of the books. Just because no class within memory has attempted to produce a year book is no sign that such an undertaking would not succeed. If you feel that we should have such a remembrance of our school days, talk to your class officers about it.

Rumor has it that FF Davis and a certain young lady in the Freshman Class are that a way about each other. And FF looked like such a promising young feller, too.
