## MISSION STATEMENT

The Office of Campus Engagement strives to create an inclusive atmosphere that fosters personal and professional growth through leadership, programming, service opportunities, and new student programs. Built on the foundation of the Fisher Student Center, the living room of the campus, we provide services and programs which enhance the life of our community. Our team supports, challenges, and mentors students, employees and organizations to fulfill the mission and vision of Bryant University.

## FISHER ADVISORY BOARD

The Fisher Advisory Board (FAB) enhances the environment of Our Campus Living Room through partnerships, services and best student union practices. FAB shall execute this under the authority of the power granted to this organization through student representation on FAB and the appointment of professional staff and vendors, in addition to support from the University Community. FAB is responsible for providing a diverse range of programming that will encourage student engagement and sense of belonging, in addition to evaluating building operations and making recommendations on policy, coordination of meetings and events, and the student employee program.
