Dear friends,

This is to inform you of change of address. I was detached from the Norfolk Navy yard on February 20 and reported here March 1, after spending almost ten months in Virginia.

This course in Communications fitting us for sea duty or advanced base work, is specialized and will last approximately three to four months; therefore, you can send any data to the above address until July 1.

St. Shors wanted to be remembered to you all. He was assisting the officers at the Yard with their Income Tax problems when I left, and completed mine just before my detachment.

Say "hello" to Mr. Gardner Jacobs, Mr. Ripley, Rita, George Richards and any of the old "regime".

Sincerely,
Ens. J. B. Howarth
