

A. A. F. BOMBARDIER SCHOOL
SAN ANGELO, TEXAS

24 April 1944

Hello Everyone,

Thank you for your interesting letter. It sure is good to hear about the old place.

So Mr. Lambert has put on twenty-five pounds. I can't believe it. I was disappointed to hear that Mr. Ripley has resigned. He certainly did help a lot of us to find jobs.

I haven't received your Easter package as yet. I've had several changes of station since I've been at the place to which you sent the package. I did write to the Service Club telling them of my change in address but

I guess it must have been misplaced.

I'm deep in the heart of Texas at the present time. The weather is great out here, and the stars are really "big and bright."

I'm taking up bombardier training and will be here until the end of July. I find it very interesting.

Thank you again for your letter. My present address is:

Lt. Stephen Lada
S.A.A.A.F.B.S. (Box 658)
San Angelo, Texas

Sincerely,
Stephen Lada
