Dear Bryant Service Club:

I want to thank you from the bottom of my heart for your wonderful Xmas Remembrance - Thought maybe you had lost my ADDRESS for a while but I know just how big a Job you have in getting your work done on time

The package was received this week in good condition & I was certainly pleased with it. We are, at the present, in the second week of our Basic Course, second term, after returning from a 7 day furlough which are given every 12 weeks to those who are fortunate to continue in the program. This program is one which keeps us on the move from 06:30 to 23:00 every day except for weekends.

We now have to learn and learn fast or we will be too far behind to keep up with the studies. Life has a little too much military life so we can only say we are the Army getting an education - not college students. Every day is routine; very little excitement. Best Regards to All

Bill Bliven.
