Received your letter of March 14th today...
traffic delayed, but that's casual, no doubt, to my
in answer.

Nice to hear of all the boys and instructors
their commutation in the services. As for myself,
with a private and will probably still be for six
the plus, having no desire to be an officer, but
with to be a glad private, for after all, privates are
the war stars, and officers really need some one to back
their efforts.

I'll reread that last paragraph and have almost
forgot myself of its content. Seriously, I think that they
should be congratulated for their work, and more power to
them.

At present I'm doing some rather interesting personal
work, but other than that, I can say no more... you'll
understand the reason.

As for receiving packages -- we receive practically
nothing we need right here... cigarettes at special rates
locally, but I'd give almost anything to get ahold of
the of so-called peanuts. That's one thing we cannot get
here... the local variety, though if they were cooked in
oil, as if you care to send a package the way, I'd
be most appreciative. Reports to the Club and best of luck in
your efforts.
Sincerely yours,
Pat S. Harrington '07
