

Hi !

I'd again like to say thanks for the pipe tobacco which arrived about a week or so ago.

I also receive the letter from the club telling a few things about the profs and other things that I often wonder about.

We've been having very, very warm weather but today we had a sudden change and had to put our pea coats on to keep warm.

-- We are to enjoy a show under the sponsorship of the U.S.O. tomorrow nite with the main attraction being Blackstone the noted magician backed up by a cast of 30 other performers.

Well it's time to "hit the sack" so I'll shove off now.

Eddie (Healey)
