

13 Dec. 43

Dear students of Bryant: ✓

Yesterday I received your letter, and was very well pleased with all the news it contained. It certainly was swell to know that some of our missing boys have turned up to carry on again, the work they were doing over there.

And I was surprised to find that the list of service men has grown so long. It really creates quite a problem for you

2  
who strive, and succeed,  
so valiently in sending us  
our gifts. The faculty  
certainly has held up  
their own in sending  
men into the service also.

But that was yesterday.  
Today I received your  
Christmas package. Let  
me thank each one of  
you individually for  
your generosity and  
thoughtfulness. It certainly  
is gratifying to know  
that the people at home

think of us, and wish  
us well with your gifts.

I sincerely hope  
that all your festivities  
are a huge success in  
the coming year. How  
could they be otherwise  
with such a hard working  
group?

Thank you again for  
everything, and a very  
Merry Christmas and  
Happy New Year to  
you all.

R. Donaldson  
40.
