

UNITED STATES ARMY

23 April 1944

Dear Members of the Bryant Snow Club

I wish to thank you all ^{very} much for your Easter package which I received a few days ago.

Your package was addressed to my old station at Camp Marshall, North Carolina but for the past two months I have been here at Camp Bacheley Texas. I have just finished a six week course in Field Medicine and Surgery so you can see that it's a far cry from my studies of Business Administration at Bryant, or possibly the course ^(B.A.) has its possibilities as a pre-med course. At the present time I am awaiting orders here in the Medical Dept. Pool for assignment to another unit.

Again I wish to express my thank for your kind thoughts.

Sincerely

Paul Filipowich, '39
