Bryant Service Club:

I believe another acknowledgment is in order. Your package arrived at a very opportune time as we are still awaiting pay for February.

So all the Profs are getting their commissions. Rather nice for them but it must leave Bryant rather under-staffed.

You can't realize how the comforts of a barrack appear as luxuries after a few weeks in the mountains. Those manurens certainly make one appreciate civilization once more.

Our postmaster address is kept in order to prevent confusion when we change camps. All

packages are required to be
mailed only within the states
unless accompanied by a request
signed by the Enlisted Man's
C. O.

Bryant is one of the few
colleges with any such organ-
ization and it's a very happy
occasion, indeed, when we hear
from you.

Thank you and keep up
the good work.

Sincerely,

Best Ginnant
