30 August, 1944

Dear Bryant Service Club:

Sometime ago I wrote you a V-mail letter requesting a transcript of my grades while at Bryant College. I also requested a recommendation as to my ability & character. In all probability this V-mail letter must have been lost in transit. Anything you can do for me along these lines will be greatly appreciated.

Also want to thank you for the sweater you sent me some time ago. Have been wearing it right along anytime the weather has been somewhat cold. How's everything at Bryant coming along? Haven't heard from you in a long time & am very interested in hearing from you & knowing how everything is coming along.

There isn't much in the way of news over here. We have been real busy of late. Wishing & hoping to hear from you real soon, I remain sincerely yours,

Larry Italiano.
