Thursday

My Darling,

I hope that this doesn't get too
blurred. But I just washed my
hair and it's dripping all over
the place. I wish I'd a left yesterday after
your letter came that
you write last Sunday. Golly
honey, I hope March 11th isn't
raining too. My hair will look
horrid if it does.

Right now I'm half listening
to suspense. Very confusing. I
always pick the nicest answer
atmosphere to write to you, honey.

Very romantic!
I guess that the train is just as slow as the bus, Honey. Well, we'll stay in Atlanta Thursday night probably, and so it's hard to get hotel rooms. Here, Honey.

Well, that's a minor detail. We can always find a nice park bench somewhere.

Honey, that's this way.

I always wear my hair parted on the side and flat on top. I was when you were young...
everyone else likes it this way, honey.

Him... Judson Clark... will you please answer my question about the Scotch? First, how many bottles do you want me to buy? And which is better: Pinch bottle or Johnny Walker? I've been avoiding my questions about Steve. Is there anything wrong between you and Sweetie? You never mention him? I've been asking and asking you if he was going to be able to arrive by two and if he was very far.
Those are the only two questions that I can think of all bared but if you don't answer me so help me, they'll be a private war especially about the Scotts where are the other places that are more convenient? We should go to Mexico or someplace on the way. Of course Mexico is probably millions of miles away. But how long will we be able to stay where we go and you said you wanted to go.
swimming, but I don't know if we should have more than four of five days of it wouldn't make much difference to me — remember?

Yes, I guess I want you to be boss — I don't know whether you will be or not. I've got a pretty strong mind of my own — all right so you'll be an officer. There are plenty of other officers — and you'll take orders when necessary. So I'll be a Colonel!

I'm glad that you're getting the wings. I'd never get it done. Never have time to look — if you like them, honey, I'm sure I will.
I went to bed today and couldn't sleep. I think I'm having such good taste. You'll always have to buy my jewelry. Well, I wasn't exactly trying to discourage you, honey, just sort of preparing you and letting you know what you're getting in for.

But honey, we've got to eat. I mustn't think of that. I'm going to be awfully hungry. I hope after we've been married a while you still feel the same way.
I'm not worrying at all about it but everyone else is—Allie you hear is "Poor Freddie"—everyone is sure that I'm going to starve you to death or something horrible. Probably kill you from cooking—I'm definitely not the domestic type which is the best Johnny walker, red or black?

Well, honey all the articles I've read in the magazines say that religion is terribly important and we're next to nothing, Honey I was wondering what would happen...
I'm not worrying about it at all. I just thought you might like to worry about it. Everyone else seems to think things like that are important.

Golly, have, when we got married it will be the first time I've been in a church all this year! That's awful. Yes, have, I'm sure it will work out fine. But the experts all disagree—we'll show them. Well, you see, I read anything that comes along. Lately they've been publishing lots of stuff an
was marriages and what makes them last & not last.

I agree about the only way we can find out if it will work is by trying it. I'm not worried in the least but I wait you to be sure that you've considered all angles.

What a waste of time. Why aren't March, penny & Lee having the way thing done? you'd think we had all year or something.

happily day. Day after valentine's day. But we got paid today. Tomorrow at noon I'll take
When the check comes open it to the bank- draft. Do it with checks?

-Raise the fence. This goes. The fence will be named "Snow's."

Long enough. Two more days will do. The time is getting to be very curious.

Has there been much rain? I wonder. Don't forget to write me. Love and yours, B.
getting decalized- (New word!) Wonder
and Steve were already to murder me - I always get wacky at
the most inappropriate times.

Golly honey, it's eleven

I'll be all finished

I think so come tomorrow. I don't

Weekends don't count-there

are times when I dislike

everything about that place but
then other times I don't mind it

at all. I still feel real pathetic

and everything. I still know

whether I'll be able to go back to

modeling again. It's so unessential
"To Have and Have Not" is at the movies this weekend. I can hardly wait to see it. Lauren Bacall is in it and I like her a lot. I wish I'd be able to see it until Monday night though. Tomorrow night I'm not going out. I'll be a good little girl and write to you for a change. Don't forget to buy some envelopes again. Of course, maybe tomorrow will be.

Remember an old friend? I also do.

God, honey, I wish these cold days would hurry. Have gathered at least of what I gathered.

Send me a line when the graduation

- Good evening.
dance will be? Can you get Charlotte a date? I'm sure at the first of the month I went.

I should carry a pad of pencil around with me always so that when I think of something to ask you I could write it down and then remember whenever I begin to write, always forget how to do it.

Let's see, Honey, what else was there that I wanted to ask you. Oh, how many hours have you been now? Are you still ahead of everyone? Are you still highest in your class or what do you know? Gee, in about 14 more days you should know what you're going to be. That's 10 days before graduation.

I'll probably have permission if I don't stay any longer. It's still all right with me. I don't know how long I'll stay. It's still all right with me. It's still all right with me. It's still all right with me.
before I think it will be queer anyway

But being married to you will be wonderful,

darling.

least Sunday seems months away.

This week went so fast in a way but in another way it seems as if it had been going

on forever. Oh! tomorrow's Friday. I like

Friday.

Honey will we go on our honeymoon

night after we're married on what? Do

you get the 15 deep night away. No don't
tell me that. But where are we going?

Let's not go where it's rainy. That would

be very weathery and wait a minute

That wouldn't be so bad. It would be

very romantic. Remember that day

we walked in the rain, darling. That

sure was a long time ago.
-15-

well, my darling, I guess I'd better dry
my hair and take a bath and get to bed.
I love you more than anything
else in the world. You're so sweet, honey,
how can anyone be so wonderful.
Well, honey, until we're together
again. I'll love you.

Always,
Lottie

P.S. Please answer my questions!!!
