

Weth Station Hospital  
Fort Dix N.J.  
June 21, 1942

Dear Norman,

Here we are at Camp Gray - have been here for a whole week. It has been a long long week.

Roseella and I are still to-gether though - thank goodness. - we went all through training to-gether at the hospital and I hope we are to-gether for the duration.

Last Saturday Mon. Joan and Ray's girl friend Kit came down to Deacons Pass and I showed them around and took them to the mess hall to eat. - nurses mess hall that is. It surely must have been the hottest day of the year. I called home Friday night and Mom told me all about Harry Latties wedding at St. James Church. He married Hazel and the wedding was beautiful.

Our Chief Nurse just arrived yesterday and we are still waiting for our C.O.

Uncle Norman came to see me from Brooklyn he came by bus and from as

He couldn't get gas for his car. We went out  
to dinner and caught up on the family news

Priscilla and I are going into Wrightstown  
which is exactly 2 steps from the mess  
quarters - a street or two

Be good now and write soon

Your loving sister

Mary.

How is everything at Camp Lee, Va.  
learning how to be a soldier isn't fun  
is it? Can you imagine 3 of us in  
the service of our country. Poor Mom  
must be writing her fingers to the  
bone

Take care of yourself
