Homecoming Weekend Set for November 12, 13

Curriculum, Faculty Increased as College Opens for 86th Year

At the opening of Bryant's eighty-sixth year, the largest freshman class in its history—one thousand students—entered Bryant in September. Nearly 1,500 veterans are enrolled in the day division of the college.

Night-school enrollment totals 700, slightly above last year's figures. This may be caused by the new certified public accounting review course. Intended for accountants preparing for the state C.P.A. exam, or interested in reviewing accounting principles, the course will be given over a period of 36 weeks.

Day School curriculum changes include revision of the business administration program, with a major in management and finance. In addition, B. A. and Secretarial Science students may now specialize in merchandising, salesmanship and advertising at the beginning of their junior year.

Office-style dictation, talked of in business journals for many years, but untaught, was included in the secretarial training course as an experiment last winter. So successful was this style of dictation in training students for actual office work that it is now a regular feature of the curriculum.

Office-style differs from other dictation because the dictator changes his mind, makes corrections and additions, talks to himself and mumbles. After a course in office-style dictation, the stenographer knows how to distinguish between what goes in the letter and what ought to remain in her notes.

Another curriculum change was made by dividing office machines into

Large Group Expected at Second Post-war Reunion of Alumni

Bryant alumni will come home on November 13, for the second post-war reunion. The homecoming weekend begins on Friday, November 12, with a basketball game between the two

Alumni Reorganized, Secretary Appointed

Reorganization of the alumni association of Bryant was begun last May after many requests had been made for alumni clubs.

As the first step in this general plan, a full-time alumni secretary, James C. Murphy, '47, was appointed, with an office in the Administration Building. Mr. Murphy has continued the good work of Miss Clara Blaney, and through the questionnaires sent out in June has brought Bryant's records up

to date, with a view to the formation of alumni clubs wherever they are desired.

In the near future, alumni clubs will meet in Hartford, Springfield, Schenectady and Providence. Fall River alumni already have their club, which includes students now on campus as well as graduates.

Any alumnus who wants to know where classmates are living may secure this information from the new Alumni Secretary.

oldest fraternities, Beta Sigma Chi and Tau Epsilon, in the Gymnasium.

The show of the evening, however, comes at 8:00 o'clock, when the Bryant Alumni Squad plays the varsity basketball team, also in the gym.

Alumni who can't get to the Friday festivities should plan to come for Saturday, the big day of the reunion. Until 4:30 o'clock, graduates may register on the first floor of South Hall.

Class reunions will be held from 2:00 to 4:00 p.m. in South Hall, and all dormitories and college buildings will be open. Renovations on campus will change the appearance of the college for alumni who haven't been back during the past year. In addition to redecorating of classrooms and dormitories, the college has built two new tennis courts, diagonally across Hope Street from the Administration Building.

Fraternities and sororities will hold reunions from 3:00 to 4:00 o'clock, and some of them plan later doings for the alumni. Beta Sigma Chi, for example, has invited all its alumni to the Pledgee Formal that night, and Tau Epsilon is throwing a cocktail party at the Biltmore Hotel before the banquet.

From 6:00 to 7:00 o'clock is the cocktail hour in the foyer of the Biltmore, and from 7:00 to 8:30 p.m., the Alumni Banquet. Cost is \$3.50 per person, and alumni may dress as they please. From 9:00 o'clock until midnight, there will be dancing in the Ball-

Varsity Basketball Team to Play Alumni

For the first time since 1939 Bryant resumed varsity basketball last season. The squad was entered in the Southern New England Coastal Conference League and made a fine showing under the capable coaching of Harry Platt, former Brown Ace. Graduation has taken some of the squad, but with an early call for material and a large group of candidates anticipated, Coach Platt hopes for a successful season.

We have been asked for an Alumni-Varsity game. Therefore, we have arranged this on our reunion program to give the Alumni an opportunity to see their college team in action.

This game which will be played at 8:00 P. M., Friday, November 12, will be Bryant's opener for the 1948-49 season and will serve well to groom the team for a stiff schedule for the SNECC which begins shortly afterwards.

Curt Dickenman, faculty athletic director and former varsity player, hopes that members of the Bryant Varsity of past years will contact him if they are interested in joining the Alumni squad. You may make note of this on your reservation for the banquet, or contact Mr. Dickenman personally.

Let's all make this the biggest and best reunion Bryant ever had. Last year more than 500 graduates gathered for the first get-together since the war. This year let's all try to come, and make this homecoming the best yet.

two courses, one dealing with book-keeping machines and calculators, and the other course concerned with ediphones, dictaphones and similar machines.

Three names have been added to the faculty this semester. Miss Priscilla M. Moulton will be supervisor of shorthand and typewriting instruction, and will teach Methods Courses in Business Education, in the School of Secretarial Science. Miss Moulton holds two degrees from Boston University, and is a member of two national honor fraternities.

E. Edwin Griffin of Winthrop, Massachusetts, joined the faculty as instructor in law, and Stewart C. Yorks of Brewer, Maine, is the new instructor in business mathematics and penmanship. Mr. Griffin is a graduate of the Wharton School of Finance and Harvard Law School. Mr. Yorks was graduated from Pennsylvania State Teachers' College at Bloomsburg, and has a Master's degree from the University of Maine.

Students came to Bryant from 28 states this semester, and from 10 foreign countries, including China, Hawaii, Colombia, Haiti and Canada.

The student newspaper, *The Archway*, has been reorganized and will henceforth appear biweekly instead of monthly. One-half of its 30 staff members are veterans.

Many changes have been made around the campus since last semester. Classrooms in South Hall were redecorated and are now painted green and white, and new tiling has covered almost all floors in the building.

The girls' dormitories underwent a

1917 Alumna Holds Post As Canadian Vice-Consul

Miss Marie Claire Chabot, '17, was recently appointed United States Vice Consul in Montreal, Canada. A visa expert, she has been with the American Consulate General there since 1929.

On a visit to Rhode Island last summer, Miss Chabot visited a school chum, Elizabeth Herzog. A student of secretarial subjects and commercial law, the vice consul says that Bryant College is known as far as Montreal, and that being a Bryant graduate is a fine recommendation for a job in Canada.

Miss Chabot is one of only three women serving as vice consul in Canada.

Did You Return Your Alumni Questionnaire?

The first request for current information regarding alumni was mailed early last June. Returns were very encouraging, but many alumni are still unaccounted for.

Realizing that many of you were busy and have mislaid your questionnaires, we are providing a duplicate on page eight of this bulletin.

It is anticipated that these will be filled out and returned as soon as possible, by those who have not already done so.

In this and every issue on page seven we are publishing a blank which will enable you to inform us from time to time of any changes in your own or your classmates' status. We would like very much to hear about weddings, births, changes of address or position, or any information regarding our alumni that you may think we should have.

REMEMBER, an alumni bulletin cannot be published without current news!
