Trustees OK budget, re-elect officers

Bryant's Board of Trustees approved the 1985-86 budget, re-elected officers, reappointed six trustees, and elected two new board members at its quarterly meeting in May.

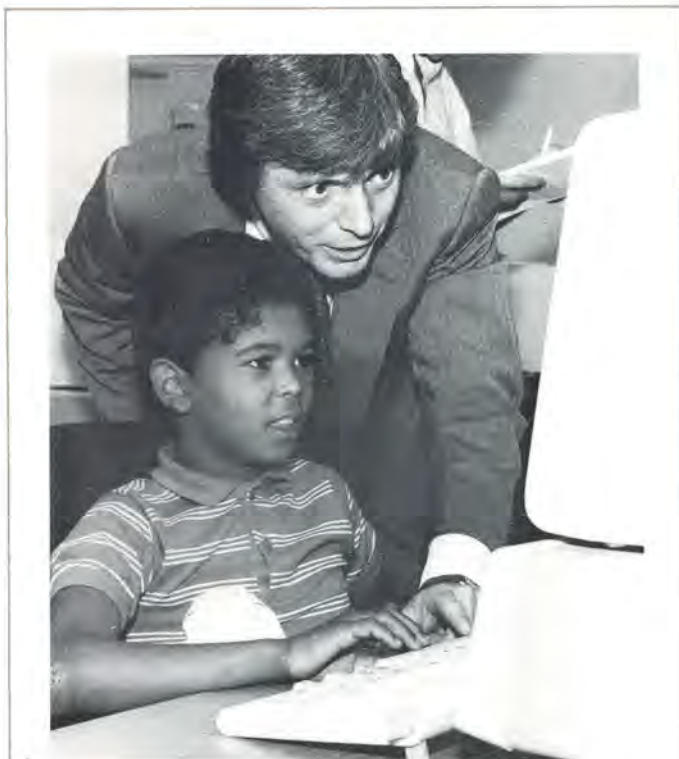

With the recommendation of the finance committee, trustees approved a new \$28 million budget for this fiscal year. That budget shows an approximate eight percent increase over a year ago and reflects the most recent increases in tuition and fees.

Re-elected as board officers were Karl Ericson '58, chairman; William Truehart, vice-chairman, and Roger Freeman, Jr., secretary. Ericson is a partner with Peat, Marwick, Mitchell & Company, of Providence. Truehart is associate secretary of Harvard University. Freeman is a former insurance executive in Rhode Island.

Trustees reappointed to two-year terms were Hugh Dunlap, Jr. '55, president and chairman of the board of Tucker Anthony Cash Management Fund, Boston; Jonathan Farnum, president of Wardwell Braiding Machine Company, Central Falls, and Rhode Island's Senate minority leader; Freeman; Sol Koffler '70H, chairman of the board of the Koffler Corporation, Providence; Barbara Leonard, executive vice-president and treasurer of H & H Screw Products Manufacturing Company, Lincoln, and Truehart.

New trustees elected were Richard Dale, president of Davol, Inc., of Cranston, and Sally Richards, an AT&T Information Systems manager in Providence.

In other business, trustees heard reports from President William O'Hara on the Law School Feasibility Study completed last spring, from Provost George Petrello on the mathematics department and institutional marketing study currently underway, and from Trustee John

Computer camper

Children of migrant workers were treated to a tour of Bryant's computer facilities in late July. Sponsored by the Providence school district's "Project Promote," a federally funded summer computer camp for migrant children, the tour brought more than 50 eight to 15-year-olds to campus. Joe Guay, director of academic computing, is shown here giving a few tips on how to operate an IBM PC.

Fund hits goal, participation key

Participation.

It was the focus of the 1984-85 Bryant Fund campaign. And it was the key to reaching the \$700,000 goal last year.

Officially, the Bryant Fund campaign raised \$704,135 between August 1, 1984 and July 31, 1985. But an even more impressive figure

is the number of contributors donating to Bryant: more than 6,350.

That figure is more than 15 percent higher than a year earlier. It includes a more than 13 percent increase in the number of alumni who gave, and it indicates a new level of support given to Bryant

by all its supporters.

Bryant's employees, in fact, got the ball rolling early last year by participating in record numbers in the fund drive. More than 60 percent of the College's employees contributed three times as much as the year before. They got the fund drive off to a booming start—the same type of start being looked for this year as the campaign shoots for an even higher number of contributors and goal.

President O'Hara and Trustee Norman Sarkisian '53, chairman of the development committee of the board, both have said that they are very pleased by the outcome of the Bryant Fund campaign, particularly the level of participation. It was the highlight of the fund drive last year, and is being viewed as an augur of even better things to come.

educational events, including a weekly Sunday liturgy.

Lassen-Willems is vicar at Calvary Episcopal Church in Pascoag, as well as Protestant chaplain at Zambarano Hospital. She holds a B.A. in anthropology from the University of Pennsylvania and a master of divinity degree in theology from the Episcopal Divinity School in Cambridge. She lives in Pascoag.

Gloria Yahn

A familiar face on campus, Yahn is assisting in the development and implementation of Bryant's public relations program, while handling special events and a variety of other assignments. Among her responsibilities is the hometown news operation and serving as assistant editor of *Bryant's Business*. The Cumberland native lives in Smithfield.

A complete list of new faculty members will appear in the September 23 issue of Bryant's Business.

Sign of the academic season

Is there a better indicator of students returning to the Bryant campus, any campus for that matter, than cardboard boxes piled on cardboard boxes in dormitory rooms? It is a definite sign of another academic year beginning. Bryant welcomed back students on Labor Day weekend. Classes began September 4.
