Monday

My Darling,

what weather we're getting the

rain today that you've been having

all week. It's pouring and looks

as though it were never going to

stop.

As usual I'm still half asleep.

It's about eleven now. Now where shall

I start well, yesterday I was

very busy getting my new

straightened up in the early

morning there was a reason

for that I knew that Hilda and

Charlotte were giving me a shower

here last night

Anyways in the morning
is Walter. Ronnie and Maude came up. They are a wish. Mother and I just sat there and the tears rolled down our cheeks. We just laughed and laughed. That family is so crazy. You would have had a wonderful time.

Now I put things down. I so got a week at her house. It was fun. We'll go back soon. Her hand (this is a real bug)

story. It's condensed it."

and went to the doctors. He told her to take off her dress. Ronnie asked what she did then. She said she took it off of...
cause. What did he think I'd do. Ronnie (by the way he's nine (in

and you forgot) replied he thought

slept the first time. The whole family

got along so well. I've never
time of knowing and now

he's really angry in all the 20 years that I've been here

you must get to know them after we've married - Oh, I think they gave

us a $25 was meant for a

wedding gift - Our first wedding

(first anniversary - coffee measures

dark coffee;)

Good Lord! What a mess

You were in Wednesday - What a
letter! You certainly sounded like the little sunshine boy. I hope not flying does not always cloud that to you. I'll write to you later. After reading that I'm not in any mood to write anything I say might come out wrong.

Well, listening to the radio for a while helped but not much. Hilda doesn't need a date.

She's married in the first place. She's older. Has a little daughter. Not the same Hilda you were talking about. She has dark hair and was always over here.

Her husband's name is George.
one who always fixes things around
here that nobody else will. She was
at the announcement partly. Do
you remember her name?
well, you see, about Charlotte
This was a very complicated story. First
of all I stopped working and couldn't
afford the $80 for the train
Paris. She wants to come down
well, Mother and Daddy are happier
this way.
now wait a minute—Judith
I want to get something
for the hotel. I need to straighten
with you. There's a lot of reasons why we
can't get down there.
Wednesday. You of all people ought to realize how sick mother is. In the first place, she was absolutely forbidden by her doctor to travel at all. He was furious and said she'd undo all the progress which had been made towards helping her. He was going to give her penicillin injections, but was afraid they wouldn't work favorably & she would be worse.

He's finally consented to her going. The point is that she's not supposed to be away long. That's why we're not leaving until Wednesday.
wasn't going to tell you that at all. It was up to me. I didn't want to come back to you. I was down there now but
now, we leave out today, it's got
for Christmas. I can't be that selfish.

Look, it's not a question of a mind
of my own. When I write you,
I just wanted to make sure last mother was much better. I could have taken the bus, but
she's gotten much worse.

I'm sure she couldn't stand
the trip. The journey of the
bus would be too much for her.
The train ride would be
long enough. But that bus
takes longer.

I can't just say I want
to do this or that. Just... There
she hadn't my idea of pungent teasing

we others people to consider... too

I can't understand your attitude

Hope it's just the mood you were in because I'm not like you to be so thoughtless

You should know that I'd be down there as soon as I could and let what must become possible because I want to see you but since you've taken that attitude I had to tell you for prudence' sake. I really didn't want to tell you about matters but you've made me so mad.

Your letter sure put me in a great mood. You have no idea how much they affect me.
It's awful to look forward to them so and then get me like that. That's the first time you've even been really clear so that you could get there. I hope it's clear this week. Since you predicted clear weather for Friday, I suppose it snowed or something. That must have been good. Shooting sheet in the rain. Hope you hurry and finish that so your arm gets better. (which arm is sore?)

Mr. Reavy, you didn't tell me
