

ARMY AIR FORCES

Thursday
1500

My Darling,

The list came up today
as you already know.
Gosh I can't believe I
made lieutenant. 34%
of 115-A made F/O here,
that's a little better than
44-K.

I'm C.O. again today
so I'm taking it easy

Honey, why didn't
you tell me your mother
was so sick? I couldn't
understand why you
couldn't get here Wednesday
but now I do, and feel
like a heel for the
things I said to you.

But Darling I didn't

Know that she was that ill, if I had I would never have asked you to come down in the first place and now that I am pretty sure of getting fifteen days I think we better get married at home.

Darling all I was thinking about was myself, and seeing you a few days sooner. I had no idea what the situation was, and it wasn't fair of you not to tell me. It's my own fault though, I should have known that there was a good reason but I guess I'm just stupid or very selfish.

ARMY AIR FORCES

But honey, I wasn't being thoughtless I just didn't know. If your mother makes that trip, and then with all the excitement, there's no telling what might happen, and I would be responsible for it.

Darling we have to consider others as you said and you're so right. So I'll call you tonight and explain. If you had only told me ~~some~~ honey. You see, - it will never pay to keep anything from each other, no matter how trivial or important it may

Seem at the time

If I seemed thoughtless
or selfish dwelling, it's
only because I love you
so much and wanted
us to be together sooner,
these days away from
you are just an
existence to me, there's
something missing, and
that something is the
most important thing
in my life, you.

I love you dwelling
and I wouldn't want
you on your very
sweet mother for anything.

You have all my love-

Always:
