## IN MEMORIAM

In memory of Dr. Stanley Schuman, Director of Career Planning and Placement, we, the Class of 1980, dedicate this yearbook to him.

Dr. Schuman came to Bryant College twenty years ago. During his time with us he made contributions and advancements to the development of the office of Career Planning and Placement and citizenship of the Bryant Community. When we were underclassmen, Dr. Schuman's contributions were never really appreciated; but, as seniors searching for careers we came to recognize his invaluable guidance. His advice and friendship is especially felt today by Seniors in their search for their tomorrow.

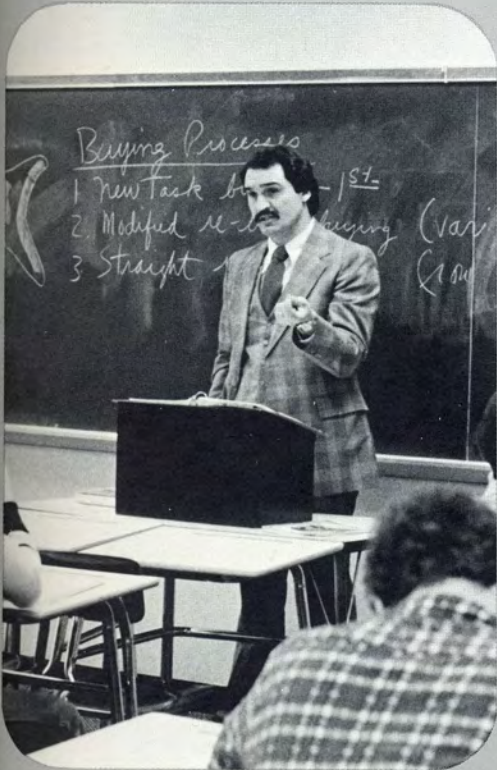

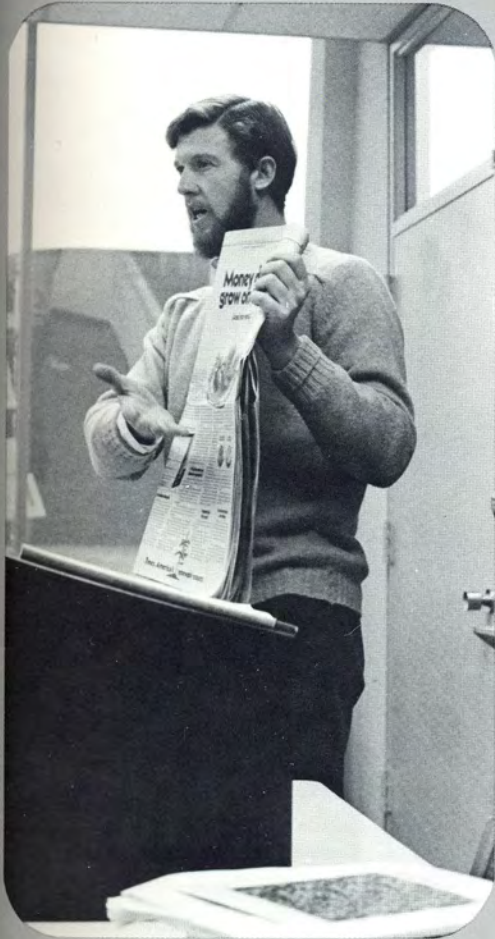

Although we can not adequately express our deep affection for Dr. Schuman, we can dedicate this yearbook. We can let the Bryant Community know that true devotion is never forgotten.

# ADMINISTRATION AND FACULTY

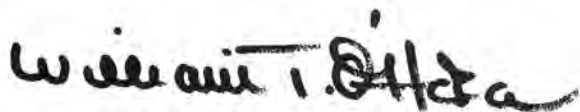

To the Class of 1980:

It is my pleasure to congratulate you one last time on the occasion of your graduation. Your years of study at Bryant have been a time of challenge, discovery, and growth. In the future I am confident you will consider them the most important years of your life: not only have you acquired a profession, but you have tested yourself and have developed valuable reservoirs of strength and experience.

As you leave Bryant and begin your career, I urge you to remember that your relationship with the College has not ended but has only assumed a new form. As an alumnus or alumna you will have many occasions to renew your ties with the College, and I encourage you to respond positively to these opportunities as frequently as possible. Bryant's alumni are its greatest strength. With your involvement there is no challenge the College will not be able to meet successfully in the years ahead.

Your graduation represents a great beginning and the promise of even greater achievements in the years to come. You have my best wishes for a happy and successful future.

Cordially,

The Bryant College Hockey Team closed its final season for Bryant with an overall record of seven wins and eighteen losses. It was a long hard season for all the players knowing that it was their final one for Bryant, but due to the cost factor and other reasons the Athletic Department decided to bring Hockey to an end at Bryant. We all hope that in the years to come the spirit of hockey will be revived.

Members of the team were: George Swift, Bob Gray, Kevin Leddy, Vic Pascarelli, Mike Fiorini, D.J. Cotter, Greg Calkins, Scott Zuckerman, Larry Evans, Ed Coinway, Paul Murphy, Matt Dwyer, Jim Costa, Bib McCabe, Dave Curtin, Jim McDonald, John Germano, Chuck Marshall, Mike Breton, Tom Leone, Jim Hallet, Art Fletcher, Tony Testa, and Don Dunwoody.

## Women's Tennis

The Women's Tennis Team had a great season. They ended with an overall record of eight wins and only two losses. The Bryant College women were always considered the biggest threats in the area. The Women's Track Team also had a year with many personal victories. Eighteen school records were broken by the women. The Women's Cross Country Team is a new addition to Bryant Varsity sports and did extremely well. The team did suffer in the fact that few schools have women's teams and therefore had few meets, but those they did have, they shined in.

The Bryant College Golf Team had a very successful season. They finished second in the New England Intercollegiate Tournament, which is the second time they have done this in five years.

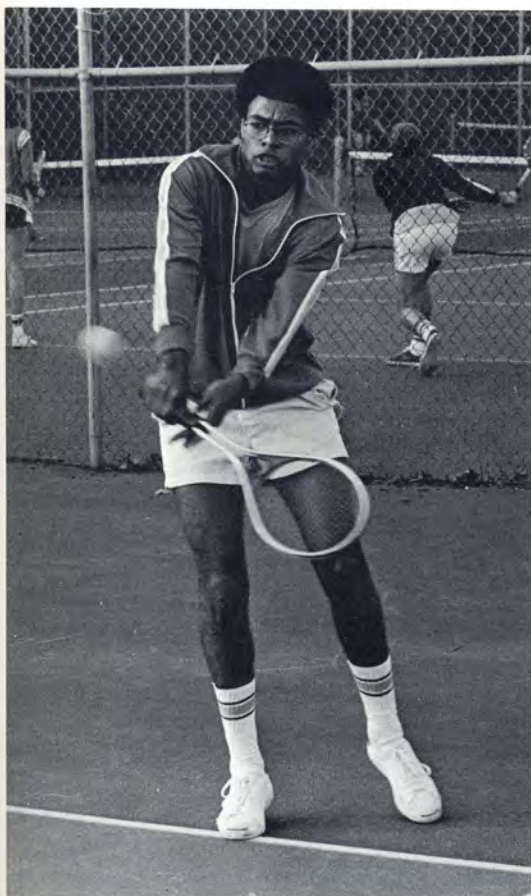

Jim Hallet finished second in individual standings in the Intercollegiate Tournament and was sent to compete in the National NCAA Division II Tournament where he finished twentieth out of one hundred and sixty.

Other members of the Team were: Steve Beaulieu, Barry Bradley, Ray Cabral, Kevin Chase, Pat Damato, Tony Gerardi, Paul Harris, Stuart Jamieson, Mike Mallozi, Tom Morrone, Mark O'Brien, Mike Oleksak, Ty Rheume, and Tony Tortorici.

# Sports in Review

## Lacrosse

Lacrosse is a new club sport at Bryant College this year and had a chance to prove itself. It did a very good job playing some of the tougher teams in the area. Hopefully they will become a varsity sport at Bryant within the next few years. In the meantime the team will continue to be a club sport and hopefully will continue to thrive and grow.

## ULTIMATE FRISBEE

A new introduction to Bryant sports is the Bryant College Ultimate Messenger Frisbee Team. They had such a good year they qualified for the New England Sectional Tournament by beating Providence College, Rhode Island College, Roger Williams College, University of Rhode Island, and Brown University to accomplish this.

Ultimate Frisbee is played by passing the Frisbee forward until a goal is scored. If the frisbee is dropped, the defensive team gets the frisbee. This provides exciting non-stop action.

The Messengers showed how the game should be played by throwing short, crisp passes and occasionally throwing a long bomb. This proved too much for the rest of Rhode Island.

Overall, the Messengers lost only two close games. They were to Worcester Poly Tech. The scores were 20-19 and 17-14. Their overall record was 12 wins and 2 losses.

The team is comprised of mostly Junior and Sophomores, so next year should be a very interesting one.

# The Archway

As the ARCHWAY entered its fifth decade of service to the Bryant Community, it faced a major point in its history. The few, dedicated staff members were struggling in the face of apathy from the student body. The newspaper was forced to reduce its publication schedule until help could be found. Many Bryantonians rallied to our cause and within one month, THE ARCHWAY was, once again, Bryant College's weekly source of news, opinion and entertainment.

THE ARCHWAY covered many news stories in the past year. From the Faculty dispute and G-6's fire in September, to happier news in October, with MAC and the Business Communications major reported. November brought Congressman Beard to Bryant and THE ARCHWAY told of his opinion on Kennedy's candidacy for the presidency. December brought with it "Ayatollah" burnings in reaction to the Iranian crisis.

In the spring semester, we reported on the departure of Jack Heckinger, Kathleen Reilly-Edinger, and Ron Vanden Dorpel. In March, the Smithfield campus' fourth ground-breaking was held as construction was started on MAC. Our April Fool "Arcywah" had everyone guessing about their pre-registration numbers as well as a "New, New Drom" and WJMF-AM, and of course, came the year end signout section to be a memento that every senior will keep for years to come.

In the future, THE ARCHWAY hopes to continually improve and maintain professional standards for what is often a labor of love for its staff.

## WJMF The Sound Alternative

WJMF, sometimes known as the Sound Alternative, is Bryant's radio station. Since its start in 1973, the station has grown at a remarkable rate. It is now Bryant's only full time organization operating throughout the year including the summer. The next step for the station is an increase to 225 watts and new studios in the Multipurpose Activities Center.

Presently located at 91.5 FM, WJMF is most famous for its continuous rock and roll. The station also provides news, sports including live sports broadcasts and other information to the Bryant Community.

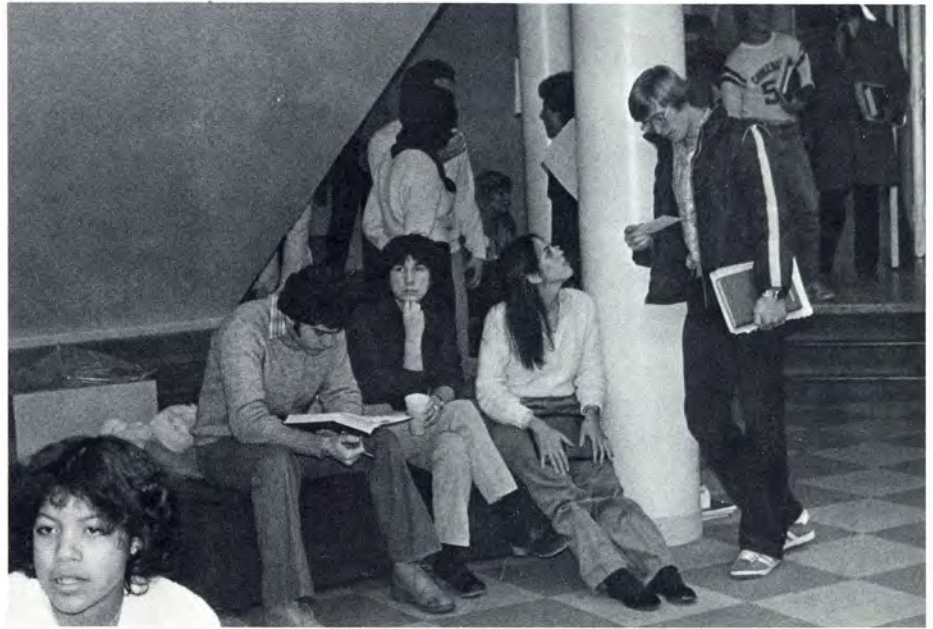

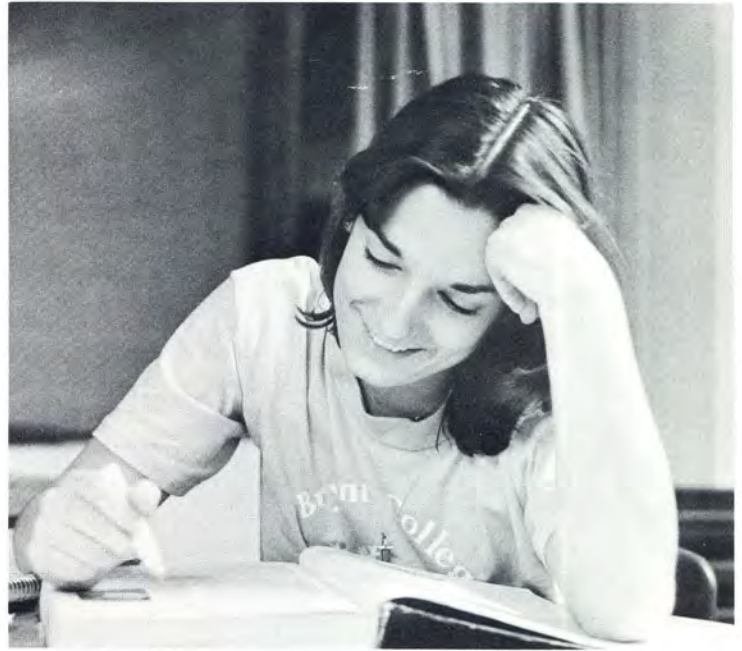

WJMF boasts the biggest active staff on any club or organization and they need it to keep on giving Bryant — A Sound Alternative.

## PARENTS WEEKEND

Parents' Weekend was quite an unforgettable weekend for students as well as their parents. The weekend was sponsored by the Student Senate and proved to be one of the most successful ever.

There was a never ending amount of things going on to meet the preferences of all parents and their sons and daughters.

Henny Youngman and Kelly Monteith, a comedian, headlined the weekend. There was also; Bob Schaffer as Simon Ses, a slide show, the Shittons, a parachute jump, a Jazz band, and James Mapes, the hypnotist. This and more kept Bryant's parents hopping for a whole weekend.

Thanks to Senators Nick Puniello and Howie Rappoport for a job well done. Parents' Weekend 1980 will be remembered.

Wantu Wazuri Swahili, which means "beautiful people", was founded at Bryant College in 1969.

The members of Wantu Wazuri hosted a Black Festival of culture and history to acquaint the Bryant Community with the Black culture and the artistic talents of the Black people.

Their purpose is to provide the black students with an organization to express collectively their viewpoints and aspirations, and with a medium to bring about communication between the college and the black students.

## The Marketing Club

The Marketing Club is a Collegiate chapter of the American Marketing Association. The club was founded for the purpose of creating an environment where marketing majors can express their own ideas in accordance with sound marketing theory and principles. The club affords its members an opportunity to expand their marketing experiences and talents on and off the campus by participating in various projects and activities.

This year's activities included a trip to Fenway Park to see the Red Sox, Rolling Stones Night in the Pub, and the structuring of an internship program with New England Life Insurance Company, and the procurement and sale of Spring Weekend Mugs.

## The Student Senate

This year's Senate was the most active and powerful Senate Bryant has seen in a long time. Led by President: John "Austin" Healy, Vice Presidents: Fran Erba, and Annie Northup, Secretary: Sharon McGarry, Treasurer: Cathy Anderson and Speaker of the Council: Sue Bitzer. The Senate accomplished many of the goals they set out at the beginning of their term.

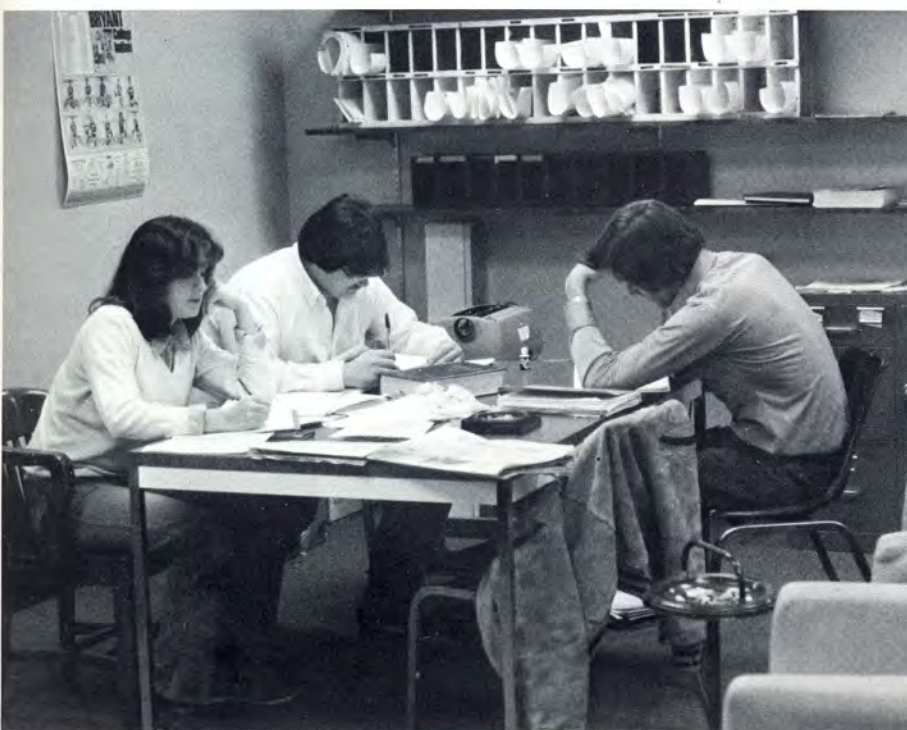

Some of the highlights of the Senate's work was: Parents Weekend, The new TAP program (The Alternative Program), The UCB program (Upperclass Buddy), their work on an internship and foreign language program, increasing Senior activities, and introducing activities to the other classes; (a feat never accomplished.)

Overall the hard work of many dedicated senators helped to make the 1980 Student Senate one of the best.

## The Servitium Club

The Servitium Club is a study-service organization sponsored by the department of Institutional Management under the direction of Mr. Wallace Camper. Its' basic aims are to provide the IM major with on-the-job experience and allow him the opportunity to attend professional meetings and conferences such as the New England Hotel and Restaurant Show held in Boston or to attend the one in New York, which they did this past year. They are also responsible for sponsoring Octoberfest sometime in October but it was cancelled due to rain.

## International Student Organization

Everybody needs a place to meet with special friends — the kind you share a common interest with. For foreign students visiting the country and attending Bryant and the American students wishing to learn about their countries and culture, the International Student Organization does this.

This past year, as in the past, the International Students Organization sponsored a International Dinner, which the students fixed themselves. Students and faculty both enjoyed the experience and are looking forward to next years dinner.

The club has provided the college with very efficient lessons for beginning students and for the advanced. They have also provided the college with some great demonstrations of their art and have entered many area competitions over the past year.

## Cheerleaders

They are also in charge of all the movies shown and other different entertainment events.

## The Bryant Players

The Bryant Players began the school year with a previous spring production, put on for Parents' Weekend. This was a huge success. Their next assignment was the play ROOMIES! Work began immediately on it and everyone made the strong effort needed to put on the production. Everyone was well rewarded with a great play that was enjoyed by many.

The Bryant Players also participated in Earth Week activities, which was celebrated nationally. Their year was a very successful one and they did accomplish a lot internally.

## Brycol

Brycol has accomplished a great deal in the past year. Being the only student operated corporation on campus, it has run across different problems. Its loss of work study funding, search for tax-exempt status, and not to mention inflation has caused a few changes at the Country Comfort. In the spring and summer of 1979 it was questionable whether Brycol would be alive. More and more Bryant students are benefitting from what Brycol has to offer and thank God more and more students are becoming involved.

Brycol is growing, and as it grows there is so more to learn from the experience. Just this past year the treasury office has doubled in size. The real business experience that Brycol offers is invaluable.

## Data Processing Management Association

The DPMA Club had a very busy year. Their services alone kept them quite busy. Besides their monthly meetings, they held tutoring session weekly for all students seeking assistance in programming languages. They sponsored their annual Computer-Dating Mixer, where computer dates were arranged through a questionnaire.

They even attended local chapter dinners and established business contacts. Career Day and Spring Weekend were the last events of the year that they also participated in. Overall they had a very busy and rewarding year.

## The Accounting Association

The Accounting Association was organized primarily for accounting majors. The Association offers these students a chance to further examine the various aspects of the accounting field. Through the meetings, lectures, mock interviews and social gatherings with area business leaders, the student has been able to familiarize themselves with the many different areas of work that they will be qualified to enter upon graduation from Bryant.

## Society for the Advancement of Management

The Society for the Advancement of Management is a national organization comprised of eighty-five chapters and approximately eight thousand members. The College's chapter of S.A.M. is presently in its growth stage as it is a fairly new organization on campus. This year membership was reported at eighty, which is an impressive figure.

The basic objectives of S.A.M. are to increase understanding of professional management and to prepare members for the transition to the business world by developing management skills. However, S.A.M. presently has members from all majors. In fact, this is one of the most attractive features of S.A.M., in that diverse backgrounds add to the group's creativity.

Among S.A.M.'s activities this year were plant tours, guest speakers, a trip to Newport Jai Lai, Happy Hours, participation in a Phonathon to raise money for Bryant's New Activities Center, fund raising for underprivileged children and a Mixology Course. Tourney of Young Tycoons was one of the club's major events in which various student groups competed against one another in an integrated simulation or business game. This year, for the first time, S.A.M. sponsored a festive Hawaiian Weekend complete with a luau, leis, and mixer nobody will forget.

The club's enthusiasm, creativity, and participation for the beginning has made S.A.M. one of the most active clubs at Bryant today.

## Bryant Table Soccer Association

Today, the Association sponsors many interesting events for the Law Enforcement major. In addition to its annual "Law Day" program in April, the Association sponsored field trips to police and correctional facilities, guest speakers, dinners, movies and community service activities such as its annual "Operation Identification". The Association maintains an active alumni relations program to assist those students studying the Criminal Justice field.

The Association had a great year and is looking forward to many more.

## Big Brothers of Bryant

The Big Brothers of Bryant are one of the most rewarding clubs to belong to on Campus. The Club consists of young men who devote an hour or two a week to a fatherless boy. They work directly with the Big Brothers of Rhode Island and also attend many of their events. In the past the College's Big Brothers have sponsored Christmas Parties and Field Days for all the little brothers to get together.

## Delta Omega Professional Society

Delta Omega offers students one of the most rewarding experiences on campus. in creating an active first-responder, first-aid system at the College.

All it's active members are trained Emergency Medical Technicians, licensed by the State of Rhode Island. They responded to all medical emergencies on campus by means of voice pager which is activated from the Security office.

The BCEMTA also maintains probationer member EMTs, who while in the process of obtaining their State license work with BCEMTA to observe and learn.

The BCEMTA has had a very successful record so far and wishes to keep it that way.

## The Ski Club

The Ski Club of Bryant has been around since 1975. The main purpose of the organization is to sponsor ski trips. This past year they did just that and it went off very successfully. They also sponsored a ski movie which is something new they tried. It went over well and the Ski Club is thinking of expanding their responsibilities for the benefit of Bryant in the end.

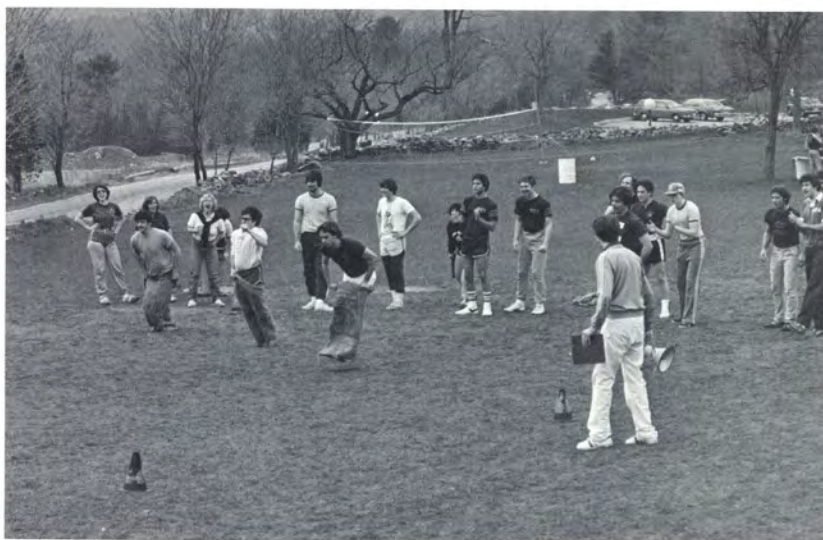

## Rock Climbing Club

The purpose of this brand new club at Bryant is to encourage and sponsor safe and challenging rock and ice climbing activities for experienced and beginning climbers. They sponsor occasional trips to different areas of New England this past year and are looking forward to a growing club and hopefully sponsoring larger trips also.

## What Next?

# The Alumni Association

Now that you have received your degree, we welcome you as the newest members of Bryant College's largest constituency — the Alumni Association . . . Comprising of over 18,000 members living in fifty states and thirty-eight foreign countries, the Association exists to support the ideals of the College and assure its commitment to excellence in "education for business leadership."

The Alumni Association is governed by an Executive Board composed of sixteen voting members who are elected by the Association members to serve three-year terms. The Board forms policy and offers programs to serve the entire College community.

Some of the services that are offered include:

*The Bryant Review* — A quarterly publication that covers campus and alumni news, as well as offering timely articles of general interest.

**Alumni Tours** — International tours at reduced rates for Association members and their families.

**Alumni Directory** — Published under the auspices of the Alumni Office, the directory is sold only to members of the Association.

**Alumni Festival** — Each year an alumni reunion is held on campus: Two days of events that help to perpetuate the bonds of friendship and comradery developed while you were at Bryant.

**Regional Clubs** — A growing number of Regional Clubs are springing up throughout the country providing social and educational programs to Bryant alumni living outside the state of Rhode Island.

**Senior Survival** — A series of seminars called "senior survival" is offered to members of the senior class addressing topics of practical interest that will help them make the transition from college life.

**Young Alumni Day** — In the summer, members of the last five graduation classes are invited back to campus for a barbecue and trip to a local sporting event.

**Alumni Placement** — With the cooperation of the College Placement Office, the Alumni Office can offer you assistance in contemplated employment changes.

Congratulations and welcome to the Alumni Association. We are proud of your past achievements and we look forward to having you as active members of the Association.

Remember How  
Yesterday Looked . . .

The people,  
places, and events  
surrounding us while  
we were at Bryant.

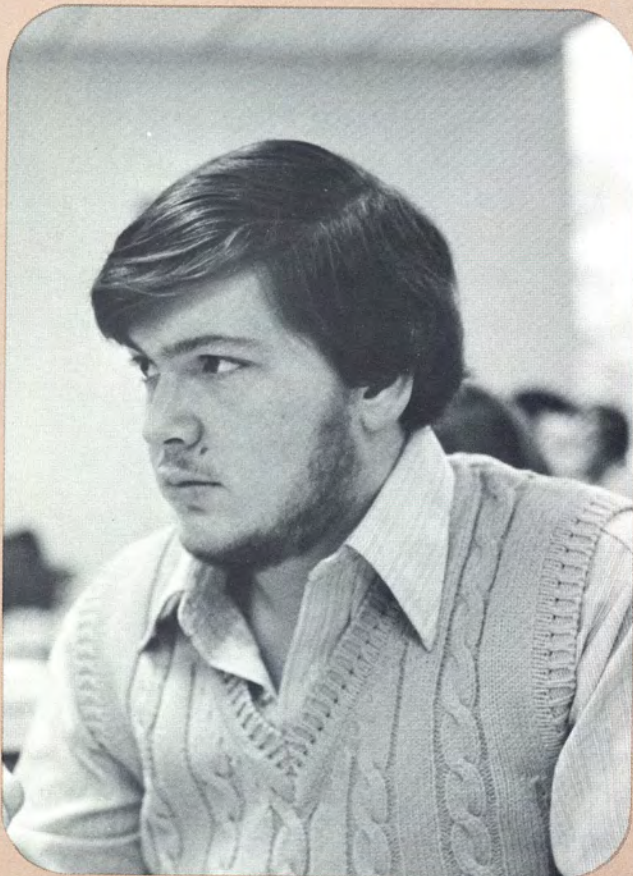

Remember How  
Yesterday Looked . . .

Was it all  
that simple then.

Remember How  
Yesterday Looked . . .

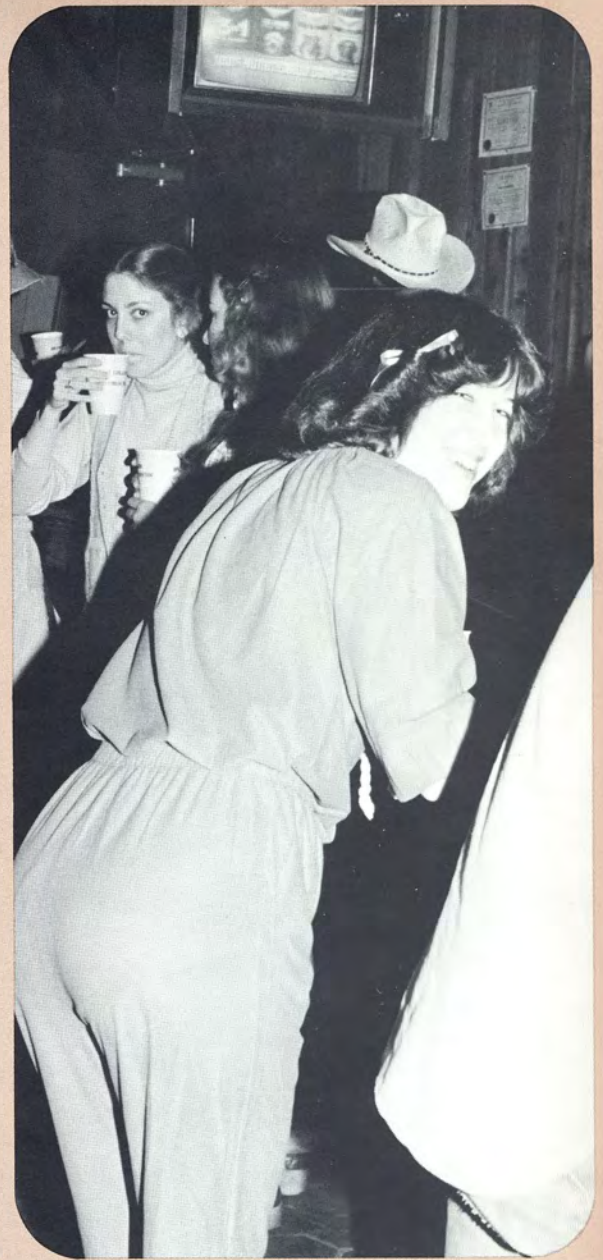

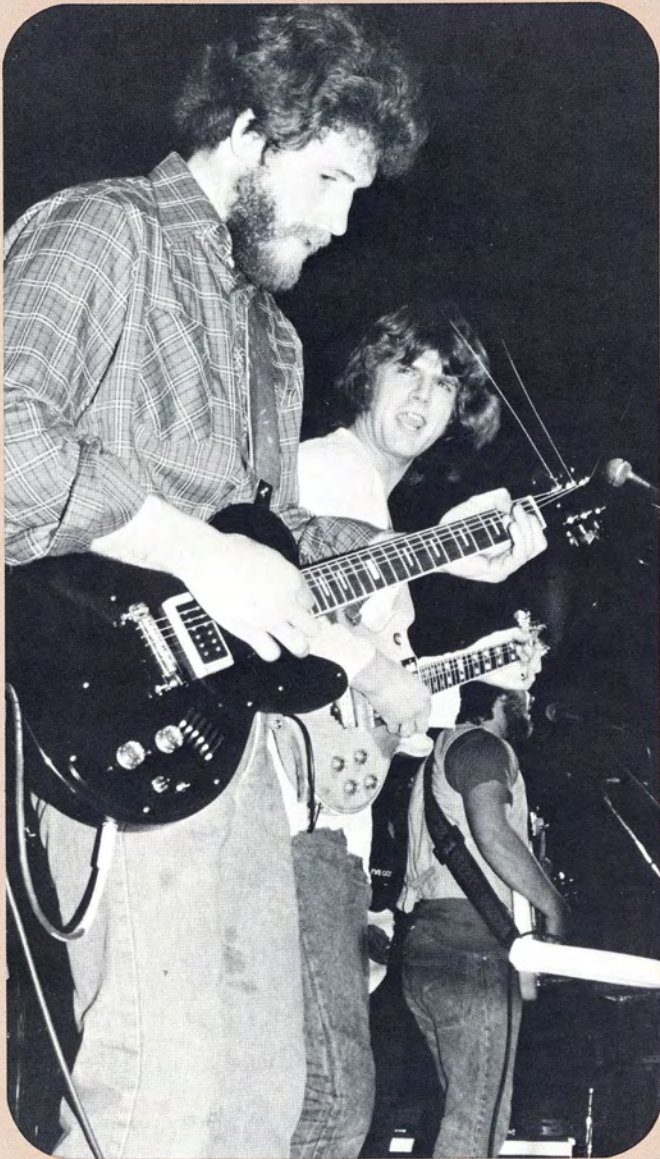

Was it really that  
long ago.

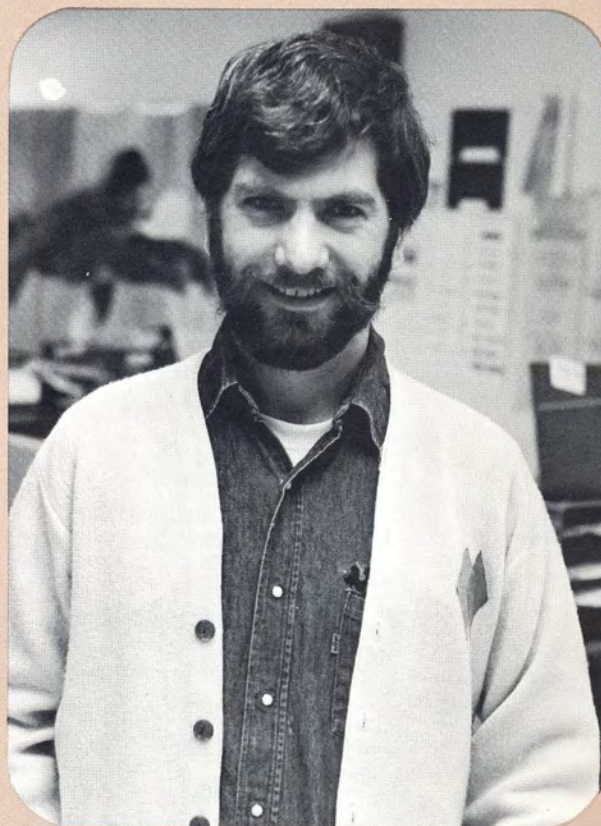

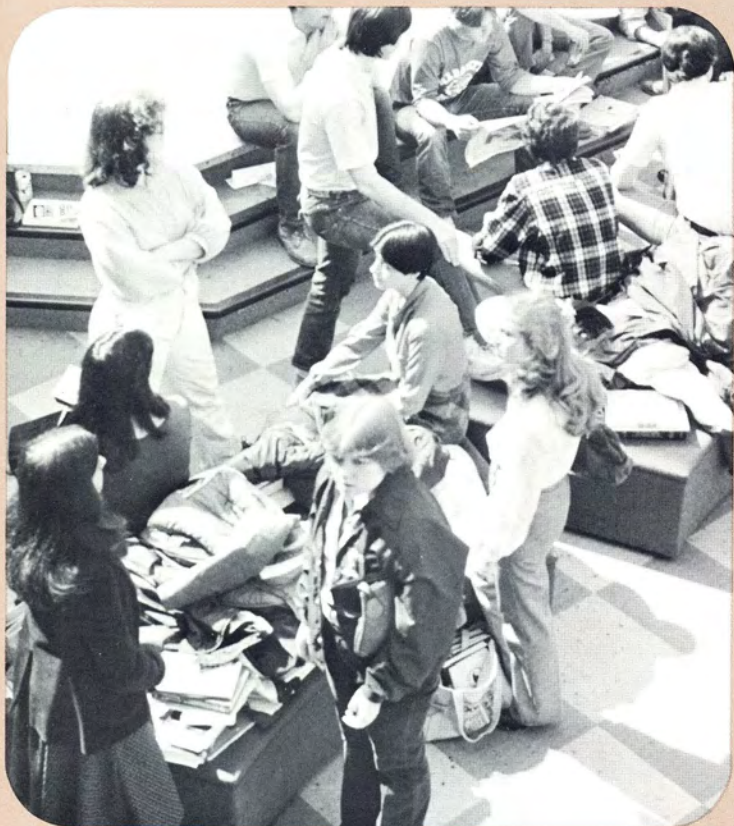

Remember How  
Yesterday Looked . . .

Because  
you can never bring yesterday back.

Readers,

It is with great pleasure that I have finished this yearbook for your benefit. Bryant College was such an important part of our yesterdays. Those days should be cherished and not forgotten.

Though Bryant will become a very small part of our lives as we grow older. I hope that this book, with its pictures and words will bring back those memories of our yesterdays at Bryant.

A sincere thanks goes to my staff for all those long hard hours of dedication used to put this book together. They are certainly well deserving of it.

So, enjoy this book, as I have enjoyed putting it together for you. Remember how yesterday looked at Bryant College and become a part of its future.

Sincerely,

*Donald G. McClain, Jr.*
