Bulletin of BRYANT COLLEGE

SUMMER SCHOOL WILL BEGIN JUNE 21

Are you a Bryant alumnus or alumna who has been away from school for a "few years" and would welcome the opportunity to come back?

Or, are you the parent of a student and willing to take on some of the course material you've heard so much about?

Would you consider beginning your business day with a liberal arts adventure in Geography or International Relations?

If you can answer these queries with a "yes" it will interest you to know that Bryant will offer a series of courses, for credit, to college students, high school graduates, and other qualified persons beginning June 21. The starting date will permit college and high school students, home for vacation, to earn some additional credits and expand their study program.

Accommodations for students wishing to reside on campus will be made available in the dormitories. The number of students admitted to each course will be limited. The College reserves the right to withdraw any course for which less than 15 register.

Attendance at a Summer Session does not assure the student of admission to an undergraduate program.

NELSON J. GULSKI '28 HONORED WITH DEGREE

Dean Nelson J. Gulski, who was recently elected president of the Rhode Island Society of Certified Public Accountants, will be honored at the 25th Anniversary Honors Convocation of Drake College of Florida on May 6.

He will receive the degree of Doctor of Commercial Science, honoris causa, and recognized for his outstanding educational service at Bryant College and as professor and dean.

NEW DIRECTOR APPOINTED

President E. Gardner Jacobs has appointed Ralph Dean as Director of Continuing Education. Mr. Dean, who resides in East Greenwich, was formerly in sales capacities with the General Electric Company in Bridgeport, Connecticut; Chicago, Illinois; and most recently in Providence.

Mr. Dean has been stimulating the interest of area industry in existing Evening Division courses and will work with management to set up special programs at the College.

On March 29 an eight-week course entitled "Service Station Management Program for Petroleum Dealers and Service Station Operators" began, co-sponsored by Bryant College and the Small Business Administration. Lecturers include representatives of the petroleum industry, as well as Dr. Charles Goulston and Joseph Santos of our own faculty. Participants in the course represent service stations and oil distributors from eleven major oil companies, from the Automobile Club of America, and from the B. F. Goodrich Company.

Anthony Stasio '50, head of the SBA in Providence, has indicated that this is the first program of its type in the nation, initiated to train station managers and to reduce the number of service station failures.

FUND TOTAL APRIL 15

\$10,186

RECENT GRANTS

The United States Office of Education has allotted \$1,188 to Bryant College for a college work-study program under the Economic Opportunity Act.

An unrestricted grant of \$200 has also been received from the Johns-Manville Program for Financial Aid to Higher Education. This program provides financial aid to privately supported colleges and universities in the U. S.

HOMECOMING MAY 22

Mark your calendars for the best time you will ever have at Homecoming!

Although you may have been on campus recently, there will be many pleasant surprises for you. The science laboratory will be open for your inspection and Homecoming Co-chairmen Jim and Marie Brennan have a really great day planned for you.

The informal coffee hour was so successful last year that it has been scheduled again this year. Former faculty who were at Bryant when our reunion classes, 1940-55-60, were in school have also been invited to be on hand.

There will be **no fund-raising** at homecoming, **just fun-raising**, so we want you to invite other alumni you know to come with you and set aside May 22 as a date for fun.

Costs have been kept as low as possible. Your early reservation is preferred, with an indication of other alumni you know are coming.

Graduates of the Class of 1915 and before will be honored at the Luncheon and the Alumni Award will be presented at the Dinner in the evening at the Grist Mill.

[A Reservation Form is printed on Page 7.]

BERBERIAN MAKES GIFT

The 50th anniversary of Miami Beach is now in progress and on March 23 television comedian Jackie Gleason cut a ribbon to open "Jackie Gleason Drive". All of the service clubs were there for the ceremonies, including Rotarian Artacky Berberian '09 of Cranston.

Lloyd Colburn Aldrich '50 died of a heart attack December 9, 1964. He was a native of Rutland, Vermont, and passed away at his home in West Palm Beach, Florida.

After the ribbon had been cut and the guests thanked, Tacky made his way to the platform, identified himself as being a visitor, and asked for the ribbon on behalf of the Miami Beach Rotary Club. Perhaps it was the confusion, but he was given the scissors Jackie Gleason had used and told to help himself.

He did . . . to 75 feet of ribbon.

Before returning home on March 30 Tacky presented his trophy to the Miami Beach Rotary Club, expressing his hope that they would keep it for its sentimental value fifty years hence.

The scissors? You can probably guess who has a conversation piece at the Berberian house.

SPORTS

Indians Win Naismith Intercollegiate Basketball Conference

It was welcome news when Bryant became a charter member of the James A. Naismith Intercollegiate Basketball Conference last fall.

Since then the Indians have come up with a 7 win 1 loss conference record to win the league "mythical" championship trophy and recorded a 16 win 6 loss season record. Six times during the season the team scored more than 100 points, with a high single game total of 134 points against Babson. Tom Smile '68 carried off college honors with a high single score of 48 points.

Since the League will not be in full operation until the 65-66 season, it was decided to award a "mythical" league trophy, which was awarded to Bryant at the annual basketball awards dinner March 29 at the Wayland Manor. The conference win came against Nasson as the Indians piled up a 108-69 win. Point total for the Indians for the season was 2,069 (94.1 game average) against 1,892 (86.0 game average) for our opponents.

Student support of the team continues to build, although we sadly lack adequate gymnasium facilities of our own and use the Hope High School gym.

Dick Tellier '65, captain for 64-65, will be the only varsity squad member graduating, which will leave a squad of sophomores and juniors returning in the fall.

TRACK

Thirty-six men have turned out for track and cross country trials. Bryant will enter competition with small colleges in New England and has accepted an invitation to the Southern New England Invitational Track Meet to be held at Bridgewater State College in May.

INTRAMURALS

Volleyball and basketball have completely engulfed the scheduling of time in the gym. Our limited facility is now used 6 days a week for intramurals (except Wednesday, the traditional movie night), from early afternoon until 10:30 p.m. This is strong evidence that our fraternal and independent teams are anxious and willing to "wait their turn" to compete.
