

UNITED STATES ARMY AIR FORCE

Thursday
2100

My Darling,

Well we got another
first hoie on our side
today. He says we're going
to leave at one o'clock
Saturday. Gosh with all
this brass sayin' so we
ought to leave sometime Saturday.
I hope so. If I do leave
at one we ought to be
able to make the dance
honey.

Again there's nothing new.
I flew aerial today
scored 135 hits. I'm still
top man with an overall
average of 57%. Dickey,
the runner up, has 46%.
Today was fun round in
aerial ~~today~~ I guess
since we fire ground
tomorrow again.

I got a letter from Mom today, she's fine and sends her love to you. Every body's fine. Bobbie's a little blue I guess, but the kids haven't got the measles yet.

There's absolutely nothing to write honey. Everyday down here is the same. Around school (which we finished today) P.T., chow, and playing in the afternoon. The same thing day in and day out.

Gosh I'll be glad to see you angel. It seems like years.

I love you so much and miss you like nobody's business.

Until I see you again I'll kinda be half living. You sure make a difference in my live baby.

I love you. You will always have all my love—always. Your devoted husband
