

Marking Period Ends on Fateful Day — Friday 13th

Glee Clubs to Hold First Concert November 18, 19

Campus Choraliers to Hold First Concert of the Season

By Rocco A. La Penta, Jr.

The Campus Choraliers, which is the combined Men's and Women's Glee Club, will hold its first concert of the season next Wednesday and Thursday evenings at 8:15 in the Bryant Auditorium. The concert will be in the form of a Pops Concert.

The Choraliers, who boast one hundred and thirty members, have chosen an excellent program. It includes, among other selections,

"The Heavens Are Telling"
"The Syncopated Clock"
"I Believe"
"Italian Street Song"
"Stars and Stripes Forever"
"Lady of Spain"

They will also introduce to the Bryant family two new songs, the words of which were written by their director, Mrs. Mary T. Appleby. They are:
"The Bryant Alma Mater"
"The Bryant Marching Song"

Tickets for the concert must be secured before the evening of the performance. No tickets will be sold at the door. All seats will be reserved, and the seats will be arranged in nightclub style. Coffee, tea, and cakes will be served during the intermission. The tables and the hall will be decorated in keeping with the season. The tickets, which may be obtained from any member of the Glee Clubs, are 25¢ each. Members of the Masquers have donated their services for the evening to act as waiters and waitresses.

Bruce Hopper Named NAM Alternate

Bryant College selected as the alternate college to represent this state at the Industrial Congress of the National Association of Manufacturers, has nominated Bruce E. Hopper as the student representative.

Ronald F. Gautieri a student at the Rhode Island College of Pharmacy has been chosen as the regular representative.

Bruce Hopper

Ladies' Lounge Gets "New Look"

Dr. Henry L. Jacobs, President of Bryant, recently authorized the redecoration of the ladies' lounge as part of the college improvement program. The interior decorator for the project, which is now fully completed, was Mrs. Anna Part of Stanport Manufacturing Company of Providence.

The new furniture consists of a sofa, two lounge chairs, and two study tables with chairs to match, done in chalk white wrought iron and upholstery of turquoise. The walls are done in the same color. The drapes are made of a floral print in which the color scheme is turquoise, rust, and beige.

Another improvement will be that of Stowell Hall dining room which will be completely renovated over the Thanksgiving holidays. The color scheme will remain a surprise until the work is finished.

There have been some changes made, as Joan Masca, Terry Fico, Carole Lowe, Mimi Marianetti, and Lois Ferrari will all testify. These five girls are pictured enjoying the comfortable and attractive new furnishing in the ladies' lounge.

Volume X, No. 4

Robert Drew-Bear Appointed to Staff

Dr. Henry L. Jacobs, President of Bryant College, recently announced the appointment, beginning November 1, of Robert G. Drew-Bear to the administrative staff of the college. Mr. Drew-Bear will be Alumni Secretary and Associate Director of Student Activities.

Robert Drew-Bear

Mr. Drew-Bear is a graduate of Harvard College where he received a Bachelor of Science degree. He also took a four-month course in French at the University of Paris, France, where he received a diploma. He later graduated from the Harvard Graduate School of Business Administration and received his M. B. A. degree.

Mr. Drew-Bear comes from Washington, D. C., where he was an instructor in the Evening Division of the American University. He was also Contract Negotiator with the Navy Department.

Prior to his association with the Federal Government, Mr. Drew-Bear was a resident of Hartford, Connecticut where he taught at Trinity College, the Hartford Institute of Accounting, and Hillyer College. At the latter institution he was Chairman of the Department of Business Management for three years. He was also Assistant Director of Hartford's Wadsworth Athenaeum for ten years. Mr. Drew-Bear plans to reside in Barrington, Rhode Island, with his wife and two children.

Hear Ye! Hear Ye! Senate Plans Formal

Bryant's Christmas Formal will be held at the Narragansett Hotel on December 4 with smooth dance music provided by Tommy Masso and his orchestra.

The attire will be strictly formal and floral this year. This affair is a special occasion since it is the first formal for the freshmen and the last one for seniors who are graduating in February and it is FREE! Here's where your student activity card comes in handy.

Remember that date is DECEMBER 4.

Midsemester Averages To be Announced Soon

By Sally Weigel

Today is Friday the thirteenth, and today is also the day the marking period ends for the mid-semester. Whether this day is lucky or unlucky for you, markwise, depends on what you have been doing since you entered Bryant College. The marks you receive are an indication of what you, as a student, have earned.

These marks are not counted on your permanent record. They are averaged with the marks you will receive in the second half of the semester, to determine your permanent mark for the course. The letter grade you receive on your report is substantiated by a numerical grade in the Records Office.

In order to be on the Dean's List, you must have an 80 per cent average, or better, in every course. This year the average necessary for a student to be exempt from the comprehensive

examination, which is given at the end of the semester, has been raised to 75 per cent.

To become a member of the Key Honor Society, all Secretarial, Accounting and Finance, and Business Administration students must make the Dean's List three consecutive or four scattered times. Teacher trainees must make the Dean's List four consecutive or six scattered times.

Remember, sororities and fraternities are looking for pledges that are "on the ball" markwise, socialwise, and otherwise.

Diabetes Detection Week—Nov. 15-21

The week of November 15-21, 1953, has been designated as "Diabetes Detection Week" by the American Diabetes Association.

The reason for this detection week is for the sole purpose of finding new diabetics and to provide them with immediate treatment. Eminent medical authorities have estimated that there are as many as a million persons in this country walking about daily with undiagnosed diabetes. Last year 18,895 tests were made in Rhode Island during the campaign and 424 diabetic cases were discovered.

The way of finding these cases has been greatly simplified by teamwork in collecting urine samples and testing them for sugar. Every physician, hospital and health department in the state is prepared to test, free of charge, every sample of urine brought to them during this week—November 15-21—for evidence of diabetes.

Freshman Class Boasts Two Scholarship Students

June Peckham of West Warwick Rhode Island the first student from West Warwick High School to win the \$1,000 a year "Booster Club" Scholarship is a member of the Freshman class at Bryant.

The Booster Club founded by a group of West Warwick businessmen for the purpose of promoting good will in their town, awarded June the scholarship for her outstanding work in school activities and scholastic ability.

June was Vice President of her Junior Class and the first girl to hold the office of President of the senior class. She was the captain for the cheerleading squad and sports editor of the year book.

Scholarship

(Continued on Page 2)

"Bryant's View" In Fourth Week

For the second in the series of radio talks being given by Bryant faculty members, Professor Dallas L. Sharp gave a most interesting and informative talk on "Stretching the Family Dollar." The basic problem discussed was how to make high income cover even higher expenses. In the matter of a quarter hour's time he gave a remedy of this age-long and ever-present problem. The prerequisites were the use of a good family accounting system, the maintenance of a properly run checking account, the following of good buying advice, and all important, the understanding cooperation in the part of husband and wife in the matter of earning and spending the family dollar.

Last week Doctor Hammond spoke on the "Mainline Rail Crossings of the Rockies." He began his discussion with the first transcontinental railroad built in our country and pointed out how it had shown that economic integration was necessary if political unity was to be achieved. He then talked on the twelve other railways that followed to the North and South, telling how each has something peculiar to offer that justifies its use.

Last night a round table discussion on "Better Shopping for Better Buying" was led and modulated by Professor Bates. Retailing responsibilities

Bryant's View

(Continued on Page 2)

Stowell Hall Holds Halloween Party

Stowell Hall dining room was the scene of a party held the night before Halloween.

The tables were cleared out for dancing and decorations supervised by Ellie Cohen and Joan Todd included the traditional skeleton.

Fuzzie Eaton and Marie Angello collaborated on the donuts-and-cider refreshments for the affair.

Singing to the accompaniment of Fuzzy at the piano, the Mexican Hat dance and the Dunny Hop were all highlights of the evening. "Mom" Merrill, housemother at Stowell, also attended the party.

Three Former Bryant Grads Together in Air Force

Three airmen, who walked through the same college halls together, are now working in the same office at Craig AF Base, Alabama.

A/3D Frank Neri, North Providence, Rhode Island, A/3C Charles Lahiff, Rumford, Rhode Island and A/3C William Orabone, Attleboro, Massachusetts, attended Bryant College together and were graduated with degrees from the two-year accelerated course. Lahiff and Orabone received Bachelor of Science Degrees in Accounting and Neri received a Bachelor of Science Degree in Business Administration.

On August 22, 1952, Neri enlisted in the Air Force. Six days later Lahiff and Orabone signed up. All three airmen received basic military training at Sampson Air Force Base, New York.

Neri took a technical school by-pass and was assigned directly to Craig where he began work in the finance section of Wing Comptroller. Six days later Lahiff and Orabone began their tour of duty in the finance section with Neri.

While in college the three men were active participants in sports. Neri's fraternity was Alpha Theta Chi, Lahiff's was Chi Gamma Iota, and Orabone's was Beta Sigma Chi.

Reminiscing over their college days, A/3C Frank Neri (seated) North Providence, Rhode Island, A/3C Charles Lahiff (left), Rumford, Rhode Island and A/3C William Orabone (right), Attleboro, Massachusetts, glance through their college yearbook. After graduating from college, the three airmen joined the Air Force and were later reunited when assigned to the finance office at Craig Air Force Base, Alabama.

Oops!

Music Grapevine

By Gladys Kiojan

No picture this week, sorry! Nevertheless, the Songstress of this Week is lovely and smooth-voiced Mary Ford, wife of that guitar enthusiast, Les Paul. Her rise to fame was mainly due to the fact that Les got in an auto crack-up in Oklahoma.

After the accident he decided to go home to Wisconsin, to recuperate and to experiment. He organized a trio which was hired by Les's father to perform in his tavern. One of the musicians didn't show up opening night. Les had been going with an attractive girl who used to sing hillbilly with Gene Autry and who also played a very little bit of guitar. She was with him in Wisconsin, being shown off to the folks. So what did Les do? He merely pulled Mary Ford out of the audience and into his group.

She couldn't get through even one number because she didn't know the right words or chords. But the patrons started writing down lyrics for her and Les kept calling out chords, and by the end of the night everybody was very happy and Les suddenly sensed tremendous possibilities in the set-up. From then on, Mary was a "Paul" regular. Their first recording of the amplified "How High the Moon," as you know, was a big hit. This started the ball rolling, and since then they have made many fine recordings and have started a new trend toward the old, old, guitar.

November's popular tune hits: June Christy, rated with a B-plus, singing *Not I and Whee Baby*. Alan Dean, with his *Don't Make Me Love You and Why Do You Pretend*, both rated as B-plus songs. Mills Brothers singing *Who Put the Devil in Evelyn's Eyes*, B-plus, and *Beware*, B-minus. Gini Patton's *I Can't Get You Out of My Heart*, with a B-plus rating and

then of course we come to that great duet, Mary Martin-Ethel Merman, and their *Duet From Ford 50th Anniversary Telecast* given the highest —A rating.

Ames Bros.—*If You Want My Heart*, flip, *My Love, My Life, My Happiness* (C).

Patti Andrews—*What Happened to You*, and, *I Forgot More Than You'll Ever Know* (C).

Eileen Barton—*Toys, Anytime, Anywhere* (B-minus).

Richard Hayes—*Lonely, and, Moonlight* (B-minus).

Hilltopers—*Love Walked In*, flip, *To Be Alone* (C).

Dean Martin—*You're the Right One—That's Amore* (B).

Topping the dance band recordings stands Ralph Marterie with his disk *Lazy River*, and the flip, *Warsaw Concerto*, both rated with a B-plus.

And how about that cute little number which has been hitting all the jukeboxes throughout the country, including our own BRYANT JUKE????

Don't tell me you haven't heard Patti Page's new disk — *Milwaukee Polka*—I think there is a new duel being fought between *Milwaukee* and the *Bugle Boy*! Miss Page does a pretty neat job on this recording; pretty neat! Seein' that she was our last Songstress of the Week, I think it was an exceptionally considerate act, inserting her disk in our box. Just goes to show what a little publicity can do ?????????

Next week, folks, a popular disk, jazz disk, and classical disk popularity poll—have you any favorites? Voice your likes and dislikes when yours truly strolls around the cafeteria tables with a pencil and paper to jot down your choice and submit them to your ARCHWAY.

"Red Feather" Receives \$82.29

The Community Chest Drive was conducted recently the same way as in previous years. Under the supervision of Dean Wilbur, the class and dorm presidents conducted the drive using the Red Feather slogan "Got a Minute," as their drive incentive. The students' response was \$82.29.

Informing You....

ROCCO A. LA PENTA, JR.

Hillel

The Bryant chapter of the Hillel Councilship was very well represented at the Councilship's annual fall dance this year which was held in Alumnae Hall at Pembroke College. "Kwarterback Kappers" was held earlier this month for members of all of the local chapters of the Councilship. As implied by the name, the football theme was well carried out. Lynn Fineberg and Eva Klee did a great job on preparations. On November 21, the Bryant Hillel will hold its own dance. Murry Notkin is in charge of preparations of this dance. The Hillel Councilship is vigorously backing the United Jewish Appeal and will be represented at the "Call-Back" drive to be held Sunday at the Sheraton Biltmore Hotel.

Phi Sigma Nu

Rushing got off to a start last week for Phi Sig, as it did for many of the other Greek Letter organizations, when they held their "rush" party in the gym with their sister sorority, Sigma Iota Chi. The prospective pledges were given all the "dope" as to the functions and operations of the frat and sort. After the prospective pledges were informally introduced, everyone enjoyed an evening of dancing and the refreshments. Robert H. Pinbell was recently elected Vice-President of the Fraternity upon the resignation of Thomas J. O'Connor.

Varsity Club

Although the Varsity Club has been in the background for a great many days, it will come to the front shortly, as soon as a great many changes have been completed. The Club held its annual elections recently and Robert George was elected President. Elected to assist him were Edward Betros, Vice-President, and Patricia Hanley, Secretary-Treasurer.

S. I. B.

SIB has been busy—very, very busy. They held their semi-annual "rush" party in the gym with BIB the end of last month which, from all reports, was a huge success. The evening ended up with the sisters and their brothers having a snack at the Crown Hotel. Their bowling team got off to a good start, but that is to be expected with such bowlers as Anne and Fuzzy. By the way, SIB is starting its collection of toys for the Toy Library at the East Street Recreational Center. I think that this is solely a sorority function, but I'm sure that if anyone has any toys around their homes that aren't being used, the sisters of SIB will be more than happy to add them to their collection for this very worthy cause. And this to the girls—The sisters of Sigma Iota Beta will, in appreciation, donate a new lamp to the newly decorated Girls' Lounge in South Hall which I'm sure will add to the decor of the room. Tomorrow night in the gym, SIB will sponsor an informal "Sadie Hawkins Day Dance." The sisters will be dressed as Dasie Mae and their brothers will dress as Lil' Abner. It should be a great dance, so why don't you plan to attend?

Kappa Tau

K.T. has announced that Mr. Beverly H. Bowman has been named a new advisor of the fraternity. Mr. Bowman is one of the men who joined our faculty in September. K.T. and Alpha Phi held their smoker in the gym last Monday night. Dancing was one of the highlights of the evening. Remember, next Saturday night, Kappa Tau will hold its annual "Turkey Trot" in the gym. Feature of the evening will be a dance contest. That's November 21st! Music will be by Bryant's own Lou Carl. A trophy will be awarded to the fraternity whose contestant gets the most points. Mrs. May T. Appleby, one of the advisors of their sister sorority, and two Professional Dancing Judges will determine the winners of the contest.

T. E. and K. D. K.

The brothers and sisters of Tau Epsilon and Kappa Delta Kappa held their combined "rush" party in the gym last week. The girls in KDK spent quite a bit of time preparing the food Thursday afternoon while the brothers took care of all of the other many things necessary in preparing for one of these affairs. The brothers met with their prospective pledges in Alumni Hall and the sisters with their guests in the gym before the two groups got together for an evening of dancing. By the way, I'm sure that all who attended will agree that the "Halloween Hayride" that Tau Ep sponsored was a great success. There were, I believe, representatives of almost every organization on campus and almost every dorm present. It really did bring out much school spirit, which is what we need more of on this campus!

Alpha Theta Chi

The brothers of ATC recently enjoyed themselves at the wedding reception of one of their brothers at the Narragansett Hotel. By the way, Alpha Theta's candidate for Sno' Queen is Dorothy Ellis, a pretty young miss from Hawaii, as I'm sure you all know. The brothers held a party for their prospective pledges last week, and I would say that they all had a great time, right, Al?

Chi Gamma Iota

The brothers of Chi Gamma held their "rush" party in the gym with their sister sorority the latter part of October. Each of the brothers and sisters sported a carnation to distinguish themselves from the non-members. President Walt Brown introduced the prospective pledges to some of the policies and history of the fraternity. Mr. Warren Babcock, one of Chi Gamma's advisors, also gave a short talk about his association with the organization.

EDITORIALS

The Big Decision

Next week the presidents of the individual sororities and fraternities will hand you your final pledge bids to their Greek Letter organizations. It will then be your job to decide just which organization you wish to pledge.

Probably some of you have already decided, but to those of you who haven't, here are a few ideas to keep in mind when weighing the pros and cons in coming to your final decision.

You've been to open house, rush parties, smokers, and teas; you've met your sisters and brothers-to-be. Just what were their philosophies, attitudes, and general slants on life? Do their philosophies agree with yours? If a certain sorority or fraternity meets up to your ideals, then you can make your decision. If not, then you should do a little more investigating. Remember, a little effort goes a long way. Talk with the individual members of the organizations, and you'll gain a lot of satisfaction.

Just as you choose your friends, you should choose your sisters and brothers. If in making that choice, your decision is based on superficial, unimportant details, you may find that you haven't selected the right kind of family circle—a family circle in which you should feel at ease, feel a part of, feel you want to work with, and also feel proud of. For after you decide on a particular sorority or fraternity, you should be happy with your organization and assume your position as a loyal sister or brother.

So, if and when you do decide to join a sorority or fraternity, make the right decision and start the ball rolling with enthusiasm and determination to go all out for your organization.

MARIE ANGELLO

Get the Facts

"Why didn't someone tell me there was a special news meeting of the ARCHWAY today?" "Gosh, I wish I hadn't missed that Masquers meeting today... if only I'd known." How often I've heard these very words; as a matter of fact I've said some of them myself.

No doubt you are wondering what this is all leading up to. One major subject—the Bulletin Boards. Yes, Bryant College does have some, even though some of us seem to forget it.

The Bulletin Boards, in my opinion, are the best reminder any of us has of what is going on from day to day at Bryant. Not only are the notices of meetings posted, but many other interesting notices concerning dances and events at other colleges, can be found on these "stationary newsmen."

Not to be forgotten are the lost and found notices, offers and requests for rides to and from college (which incidentally have produced results), and various other notices.

So, you see, the Bulletin Boards really are a service to be thankful for. Instead of complaining about missing meetings and events, let's take a closer look at them. I think it will pay off.

I've noticed that some people really do take an interest in the "Boards;" proof of this is the occasional gatherings around them. Take a poll and I think you'll find these people are the ones who know what's going on at Bryant. Wouldn't you like to be one of them? You can be!

JOAN TODD

Nourishing Food vs. Goopy Sundaes

The school cafeteria is fully equipped to prepare full-course hot meals, but the students seem to prefer just a sandwich or a sundae. The school doesn't make any profit on these dinners; in fact they are fortunate if they break even.

There is, of course, the economic view. Many students cannot afford to spend a dollar on lunches everyday. Many of us feel that we don't want to spend any more than we have to.

The question is: Do the students want these nutritious meals? Now is your opportunity to voice your opinion. Talk to your Student Senate representative and give him your viewpoints on the subject.

ANN HAVENS

Bruce Hopper

Orphans from the Lakeside Children's Home and Rhode Island Children's Home respectively enjoyed themselves at two Halloween parties sponsored recently by Phi Sigma Nu and Chi Gamma Iota with the help of their sister sororities. Traditional games, goodies, masks and balloons all contributed to the success of both parties.

Sportin' With The Indians

By BERNIE GOLDSTEIN

This week in sports on the Bryant scene was marked by initial records being established in bowling. At last week's bowling match Ray Naughton of Beta Sigma Chi bowled the highest single score for the year to date. The mark set was 152. This is a goal for all the other bowlers in the league to shoot for. (If you eat lunch in the new modern cafeteria at Bryant, your chances will be greatly improved. I don't know what it is but those hamburgers sure have a kick to them!)

Another record was set by Raoul Treuba of BEX who got a turkey. In bowling, a turkey isn't one of those two-legged feathered fellows that are coming in season shortly, but rather a triple strike. This is a rarity to say the least.

Last week, Sigma Lambda Pi came into the league, and rounded it out to an even eight teams so that each fraternity on campus is now participating. I am very glad to see such co-operation from all the frats to make this year's league a league to remember.

This Monday was the opening day of the intramural basketball league. I got enough dissenting comments on my predictions in the last issue concerning the outcome of the bowling league; so this week I'll just let things cool down before I start on basketball.

Until next time then, be a good sport and keep "Sportin' with the Indians."

Initial Sorority Bowling Indicates Exciting Season

By Anne Moore

October 27 was the beginning of sorority bowling at the Sunnyside Alleys. There wasn't much action during the first string of the match between Sigma Iota Beta and Phi Upsilon, but SIB started off with a bang in the second string when "Fuzzy" Eaton went "bouncing" up to the approach and rolled a strike and two spares, followed by another strike, to win the high single of the day, 146. Carol Kahn, a freshman SIB recruit, bowled the second high single of the league with 124. Despite Phi Upsilon's struggle for the lead, SIB outplayed them and won four points.

The match between Sigma Iota Chi and Alpha Phi Kappa was a close call all the way. SIC won the first two strings with Gladys Kinaian getting the high single of the match, 99. With the help of Pat Rowley, Alpha Phi Kappa put on the steam in the third string, winning one point and giving SIC a total of three points.

Kappa Delta Kappa just squeezed through in the first string, against Sigma Lambda Theta winning by one pin. In the following two strings, Theta's average dropped considerably and KDK took the spotlight with a total of four points.

High Score (Single) 146 Eaton, SIB
Second High Score... 124 Kahn, SIB
High Triple (Team) 1386, SIB
Second High Triple..... 1201, SIC
High Triple (Ind.) 328 Eaton, SIB
Second High Triple 301 Kahn, SIB

On November 3, the girls went into the second week of bowling.

Kappa Delta Kappa hit the jackpot again winning four points from Alpha Phi Kappa. Rachel Porreca captured the high team single for KDK with 113. Alpha Phi Kappa was pushing all the way, but they just couldn't get the ball rolling.

SIB took the honors again, winning four points from Sigma Lambda Theta. Carol Kahn took the high single of the league with 114. Theta was really hitting those pins in the first string, with Peg Marnett bowling the team high single of 112.

The match between Sigma Iota Chi and Phi Upsilon was the thriller of the day. SIC had no trouble taking the first string, but Phi Upsilon really got rolling in the second string and won by 21 pins. The last string showed both teams battling it out, with SIC winning by two pins. Gladys Kinaian took top honors for SIC, with a single of 95. Pat Welch won high single for Phi Upsilon with 91.

High Score (Single) 114. Kahn, SIB
Second High Score,

113 Perreca, KDK
High Triple (Team) 1362, SIB
Second High Triple 1274, KDK
High Triple (Ind.),

297, Marnett, Theta
Second High Triple 295, Moore, SIB

Alpha Theta Chi on Top in Fraternity Bowling League

By Bob Paul

Alpha Theta Chi is the only unscored-upon team in the men's bowling league as of this Monday. With Captain Anzivilino's pushing, Alpha Theta Chi beat Beta Iota Beta, 4-0, at the first meet of the season, and then blanked Sigma Lambda Pi, 4-0, on November 4, under Bob Betts' three-string average of 115.

Chi Gamma Iota is closely trailing them with a 7-1 record, losing one point to Kappa Tau and blanking Beta Sigma Chi 4-0 at the first meet. Three meets have been held, but because this paper goes to press before Wednesday's scores can be added, all summaries will exclude the meet held the week the paper is issued.

Phi Sigma Nu, the Sports Editor's choice of the team to beat, has won both of its matches against Kappa Tau and Tau Epsilon with 3-1 scores. Phi Sigma Nu had the highest total pinfall in the November 4 meet at the Sunnyside Alleys with 1523 pins keeling over, thanks to George, Sherwill, Stenfanick, Betros, and Dobbins who

scored 99 or over in 12 out of 15 individual string totals.

Beta Sigma Chi managed to get into the first division beating Beta Iota Beta 3-1 after losing 0-4 to Chi Gamma Iota. Top honors for the high single go to Ray Naughton, Captain of the Beta Sigma Chi teams who bowled a tremendous 152. Ray had a three-string average of 112, close behind Bob Bett's highest average of 115. Raoul Treuba amazed the fans with a triple strike in fast succession in his 131 string total.

Sigma Lambda Pi and Tau Epsilon were unscheduled for the first meet, and both teams lost their second match by scores of 0-4 and 1-3 respectively.

Cribbers Beware!

(I.P. Release) The Student Honor Board at Knox College has released the following statement regarding uniform policy, after four years of operation and experience: "The Honor Board feels that there are no degrees of cheating. You either cheat or you don't. There is no twilight zone of cheating, no 'white lie.' The Honor Board also holds that absolute honor is implicit in the honor system. This must be realized by the students at Knox. A grade on a test is not more important than an individual's integrity. This must be fully comprehended by every student. For this reason punishments have been drastically tightened and a uniform policy put into effect. Ignorance either of what constitutes cheating or the consequences thereof will not be considered in deciding a case."

Various types of cheating and the range of possible punishments are the stealing or possession of any restricted exams—expulsion or disciplinary probation; cheating in the general category of examinations themes, quizzes, term papers, or finals—either suspension, "F" in the course, or disciplinary probation; for "pop" quizzes or cooperative effort on work designed to be done individually, such as library papers mathematics or reading assignments—restricted status defined to its fullest extent; second offenders, regardless of type of offense, face automatic expulsion.

STANDINGS AS OF NOV. 3

	POINTS Won	Lost
Sigma Iota Beta.....	8	0
Kappa Delta Kappa.....	8	0
Sigma Iota Chi.....	6	2
Phi Upsilon.....	1	7
Alpha Phi Kappa.....	1	7
Sigma Lambda Theta....	0	8

Last Week's Mystery Baby

BOBBY ROIF was our cute little baby of the week in our last issue, just in case you couldn't guess. Bob was graduated from Hope High School, and then came here to Bryant. He is a four semester BA student, and along with the others in the class, hopes to graduate in February.

Who Am I?

At present my family lives in Springfield, Massachusetts, although my spouse and I live here in Providence. Here I am about 2½ years old. Now almost 2 years later, I am a member of the Student Senate and the Greek Letter Council here at Bryant. I, too, am a fourth semester student, who hopes to graduate along with Bob Roiff in February!

The Inquiring Twosome

By JO and JOE

Informing You (Continued from Page 2) Beta Sigma Chi

The brothers of Beta Sig held a party for their pledgees earlier this month at the Gloria Brago Club. Several pool tables and card tables were available to the group as were refreshments. "Beta" will be sending an Alumni Bulletin to its members throughout the country as a Christmas-greeting this year. Excellent idea!

Masquers

This new group is undergoing a slight reorganization producing smaller, but well rounded groups in the Drama Workshop. The Workshop presented its first theater-in-the-round on November 4, under the able direction of Bernie Goldstein. The cast for the play, "The Florist Shop," included Eadie Adler, Ellie Cohen, Sam Galarneau, and Norm Rosow. All did an excellent job and are to be commended. Two officers were elected at a recent meeting. Jim Bryson was elected Program Chairman to fill the vacancy left by Bob Dobbins and yours truly, Rocco La Penta, was elected Treasurer to fill the vacancy left by Ed Betros. "The Man Who Came to Dinner" is the play that the Masquers will present in the near future for the entire student body. Reading for this production has already started.

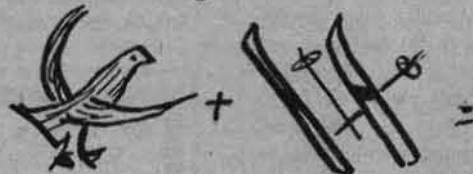

Beta Iota Beta

Don Lameureux has been appointed coach of the SIB basketball team, winners of last year's basketball trophy. This appointment was announced by SIB's Athletic Director, Anne Moore. Lou Sacco, newly named Historian of BIB, has taken over the office held by Al Aurecchia who vacated it because of other conflicting activities. By the way, I couldn't help noticing the very impressive display of greeting cards and stationery that BIB and SIB had set up in the gym the other day. From what I hear, the cards are going like "hot cakes." How 'bout seeing one of the people who are selling them soon, if you want to be able to take advantage of a full selection?

Sigma Lambda Theta

The tea that the Theta girls held last Thursday for their prospective pledgees at Harriet Hall really "hit the spot." If you happen to go by the tennis courts and see six red flashes, don't be alarmed. It will probably be the girls of the Theta team, basketball that is, practicing.

Meet the Faculty

(Last Week—Professor Eugene Vinal)

IN THIS CORNER

By JOHN MURPHY

On Tuesday of last week the citizens of Providence were given the opportunity to express their preference of three referendums concerning the election or appointment of members of the Providence School Committee. I worked at the polling place in my district and I was amazed at the small number of people who took advantage of their right to vote on an issue which should have been of vital concern to everyone. Out of four thousand eligible voters in my district only three hundred voted. That's less than ten per cent of the total that could have voted. What a terrible example of democracy in action.

The preceding paragraph was written only as a long-winded approach to a problem I have encountered many times since coming to Bryant and that is the many complaints that are heard here and there around the campus. Some of these may be justified; however, I think most of them are just the students' way of blowing off steam. To those who think they have a good "beef" the answer is the Student Senate.

Our Sports Editor tells me that one independent team has signed up for intra-mural basketball. That's good for a start, but it still seems to me that more fellows than this are interested in playing basketball.

The Teacher-Training Society has been fortunate in securing Judge Francis J. McCabe of the Juvenile Court as a speaker for their next meeting which has been tentatively set for November 20. As far as I know the meeting will be open to anyone who wishes to attend.

Those strange faces seen around the campus two weeks ago belonged to the senior teacher-training class who are out to practice teaching this semester. Being old hands by now, they come back for a day to give the rest of us the lowdown on what to expect when we go out to practice teaching.

Are there any fishermen in the crowd? Take it from me the bass are really biting at Waterman Lake. I know because I caught a five pounder there last week and that's no fish story!

PICK UP AND DELIVERY

CHOICE OF YOUNG AMERICA FOR THE FIFTH STRAIGHT YEAR —

CHESTERFIELD
IS THE LARGEST SELLING CIGARETTE
IN AMERICA'S COLLEGES...

by a 1953 survey audit of *actual sales* in more than 800 college co-ops and campus stores from coast to coast. Yes, for the fifth straight year Chesterfield is the college favorite.

CHESTERFIELD IS THE ONLY CIGARETTE EVER TO GIVE YOU PROOF OF LOW NICOTINE, HIGHEST QUALITY

The country's six leading brands were analyzed—chemically—and Chesterfield was found *low in nicotine—highest in quality.*

← This scene reproduced from Chesterfield's famous "center spread" line-up pages in college football programs from coast to coast.

CHESTERFIELD
BEST FOR YOU

"Hell Week" vs. "Greek Week"

(I.P. Release) Only seven of the 23 social fraternities on campus of the University of North Carolina dislike Greek Week enough to return to the old "Hell Week" method of initiation. That was the consensus of a survey taken here. The fraternity representative who said "it's time for a change," however, wants Hell Week back, only in modified form.

As one fraternity president put it, "The present Greek Week is not accepted as much as Hell Week . . . The pledgees don't get as much out of it. We wouldn't like to return to the old Hell Week but we would like to return to a modified version. General opinion around the house, however, is that Greek Week is all right," he added. One fraternity man said, "Greek Week is a good idea, but it is uncontrollable. It has been run into the ground. What we need is more useful work."

"The thing itself (Greek Week) is a good idea," another representative said, "but it needs more pushing. We should have more clean-up type work. It keeps the pledgees busy."
