

Tickets For Xmas Formal Available At Ad Building

Greek Letter Council Issues New Rules For Hell Week

Plans Finished for Christmas Formal

The annual Christmas formal will be held on December 4 at the Narragansett Hotel from 9 P.M. to 1 A.M. This year the Student Senate voted to have the dance strictly formal and floral. Admission will consist of showing your student activity card plus your personal invitation.

Dancing will be to the music of Tommy Masso in the hotel's spacious Ballroom, which is going to be decorated for the occasion with one ten-foot and six four-foot Christmas trees. Refreshments will be served, and the souvenir programs are going to be very special for the occasion.

The committee for the formal is as follows: Bob Gasiorek, Chairman; Bob Paul, Bob Griffin, George Andrews, Sandra Platt, and Queenie Kioian.

Invitations may be obtained at the reception desk in the Administration Building until the day of the dance. Remember, the formal is only nine days away!

First "Pops Concert" Attracts Capacity Crowd

By Carol Dutton

Last Wednesday and Thursday nights the combined Glee Clubs of Bryant College presented their first "Pops Concert" in the auditorium under the direction of Mrs. Mary T. Appleby, Director of Music and Dramatics here at Bryant. The accompanist for the evening was Vyra Imondi.

The program began with three stirring numbers: "Bryant Marching Song," "Bryant Alma Mater," and "Heavens Are Telling." Following these selections the Campus Choralists sang "Indian Love Call," and the Women's Chorus sang "Stars and Stripes Forever." Two violin solos by Edward Vybiral followed, and then "The Whiffenpoof Song" and "Lady of Spain" were sung by the Campus Choralists.

At intermission time coffee and doughnuts were served to the guests.

For the second half of the program, the Campus Choralists sang "The Syncopated Clock," "I Believe," "Dry Bones," and "Italian Street Song" with solo parts by

IRC Sponsors Exposition

Monday and Tuesday afternoons, December 7 and 8, from 3:00 until 5:00 p.m. the IRC is sponsoring an exposition on Haitian and Central American art, handicraft, and manufactured products. Articles and products of these countries will be on display in room M-5 for the benefit of the students of Bryant College. In addition to articles and products there will be informal speeches given by representatives of these countries.

In commemoration of the bombing of Pearl Harbor, which launched this country into World War II, the

Marines Seek Women Recruits

"The United States Marine Corps is looking for the best caliber of college women this country has to offer, to serve as commissioned officers in the U. S. Marines". This was the main theme of a recent conference in which Colonel Julia E. Hamblet, Director of Women Marines, was interviewed for college campus publications.

"We've found that college women fill a vital role in the Marine Corps as command and administrative officers," said the head of 2700 Women Marines. She feels that service in

Applications Now Being Accepted By the Genie Fund Committee

Once more a spirit of generosity will emerge from Bryant College just as the legendary Genie emerged from the magic lamp, and after briefly hovering over the students and transmitting this generosity to them, the Bryant Genie will withdraw once more, leaving behind a golden treasure for some worthy graduate.

As in the past, some member of the graduating class who wishes to further his education, will be selected as the benefactor of the Bryant Genie. The history of this new semi-annual event at Bryant is a short but exemplary one. Instituted in 1952, under the guidance of Robert Gaudette, the Genie Fund bequeathed over \$200 to Clarissa Hayfield last August. Clarissa Hayfield is now continuing her studies at Columbia University.

Other Bryant graduates who have gone on to do graduate work have expressed enthusiastic opinions concerning the importance and advantages of furthering one's education, and the tremendous service per-

formed by the Genie Fund in helping worthy students to attain the advantages of advanced study.

The Committee is currently making plans for a Genie Fund Assembly and fund drive. This drive can be the biggest and best since the beginning of the Genie Fund if everyone opens his heart to that spirit of generosity which will soon be hovering over Bryant. The drive will be held from January 15 through January 20.

Seniors who are planning graduate work may submit applications for the award to the Genie Fund Committee, headed by G. F. Andrews or the ARCHWAY via the Suggestion Box in the cafeteria. December 31 will be the last day that applications will be accepted.

Something New On Bryant's View

Tomorrow, Thanksgiving Day, something quite different will be presented because Bryant's View is going to depart from its usual speaker program. Under the direction of Mrs. Mary T. Appleby, some members of The Masquers will present "Which Is The Way To Boston?", a one-act drama given under special permission of the Dramatic Publishing Company by Ronald Lorenzen. The cast is as follows:

Sam Galarneau.....Chris Harvey
Gladys Kioian.....Mary Harvey
Jim Bryson.....John Harvey
Rhoda E. Galkin....Martha Harvey

Members of the student body will be able to see this drama given by The Masquers, in one of the three-act plays, to be produced in the latter part of December with the same cast.

Last week on Bryant's View Professor Joseph R. Santos, Professor of Law and Director of the Evening Division, spoke on "When is 'Before'—Legally Speaking?"

13 Teacher-Trainees Return for a Day

A few weeks ago the members of the sophomore and junior class, in the Teacher-Training Course, had an opportunity to hear about the "trials and tribulations" of the seniors who are out to practice teaching. Seniors who told about their experiences were:

Marie Bonin, Burrillville, R. I., practicing at Mt. Pleasant High School under the supervision of Miss Rosella Cox.

Joan Jackson, North Providence, R. I., practicing at Mt. Pleasant High School under the supervision of Miss Mary B. Fenton.

Evelyn O'Donnell, Southbridge, Massachusetts, practicing at Hope High School under the supervision of Miss Barbara Murray.

Albert Aurecchia, Johnston, R. I., practicing at Central High School under the supervision of Mr. Theodore Carter.

Robert Betts, Providence, R. I., practicing at Hope High School under the supervision of Mr. Ralph Wilkins.

Muriel Bolas, Pawtucket, R. I., practicing at Pawtucket East High School under the supervision of Miss Ruth Bacon.

Joan Parfitt, Pawtucket, R. I., practicing at Pawtucket East High School under the supervision of Miss Mary Newton.

John Stanton, Pawtucket, R. I., practicing at Pawtucket East High School under the supervision of Mr. Edmund S. Bolton.

Thomas Murphy, Pawtucket, R. I., practicing at Pawtucket West High

Final Bids Out Monday; Hazing Rules Revised

Joan Todd

Final sorority and fraternity bids were sent out by the various Greek Letter organizations November 23. Prospective fraternity and sorority members will now choose the organizations they wish to pledge and then make preparation for "Hell Week," which is to be held December 7, 8, and 9.

Some say "Hell Week" has been here at Bryant for twenty-six years, others say four years, and still others say twelve years. In any case, it is again being recognized here but in a modified form.

Just to mention a few of the features of this "new week," there will be no grotesque dress this year, and all hazing will be confined to the gym, the east campus, and the ball field during noon hour and after three o'clock.

A feature of the three days of "Hell Week," will be "Help Day," Wednesday, December 9, when all pledges will be assigned to various tasks in different surroundings and given a chance to do something constructive to benefit the individual organizations, the school's reputation and the individual.

When I was interviewing the President of the Greek Letter Council, it was called to my attention that the Council would particularly like to mention Vice-President of the College, E. Gardner Jacobs, who participated greatly in helping make the "Help Day" plans.

The Greek Letter Council feels that the pledges will benefit by the new rules and the addition of "Help Day," and understand more strongly the brotherhood and the sisterhood of the Greek Letter organization, brought about by this new revised "week." The Council also feels that this new modified form of Hell Week is a great step forward for the Greek Letter organizations of Bryant.

Thomas H. Bride, BA & A Speaker

The Business Administration and Accounting Society of Bryant College held its second meeting last week in the auditorium. The guest speaker for the evening was Mr. Thomas H. Bride, Director of the Department of Employment Security in Providence.

Mr. Bride gave a very interesting and informative speech on the Employment Security Program. He pointed out that although we have always had unemployment, it wasn't until the serious depression of the 1930's that we realized a program was needed to provide relief to the unemployed. He mentioned that the basic principle of the Social Security Program set up in 1933 is to protect our economy against the ravages of unemployment in times of depression by establishing a reserve to help the unemployed workers.

An interesting fact revealed by Mr. Bride is that Rhode Island has the highest cost for unemployment benefits. The cost of the benefits is greater because of the more unemployment periods and the greater number of people out of work during these periods.

The meeting was attended by an audience of about 200 students. Refreshments were served at the close of the meeting.

Senator Pastore Speaks at Good Citizenship Assembly

By J. Balemian

Bryant College held its second in a series of Good Citizen lectures, inaugurated last year, in the school auditorium last Wednesday. Dr. Henry Jacobs, President of Bryant College, delivered the opening address and introduced the distinguished speaker for the lecture, His Excellency, John O. Pastore, U. S. Senator from Rhode Island.

In his introduction Dr. Jacobs stated that Senator Pastore is a self-made man of humble parentage who worked for fifteen dollars a week after graduating from high school and had to earn his law degree through night courses at Northeastern University from which he was graduated with honors. He is the first American of Italian extraction to be elected governor and then senator in Rhode Island. In his election to second term as governor, Senator Pastore received the largest majority ever recorded in the state which indicated the great admiration the citizens have for him.

Senator Pastore received a tremendous ovation by the student body upon his introduction. He opened his speech by saying how delighted, pleased, and honored he was to be able to address the gathering. Senator Pastore delivered a dynamic and inspiring speech on the responsibility of the young student in a constantly changing world. He stressed the point that we are living under a representative form of government and should be informed at all times of the functions and operations of our government, and said that what the people feel back home has a great deal to do with the actions and vote of the representative in Congress.

He further informed the students that the citizen is the government and should not let Election Day be the dawn and twilight of his responsibility. Senator Pastore repeated

SENATOR JOHN O. PASTORE

convictions that America is the envy and beacon of hope for the freedom-loving world and must strive to keep the rest of the free world free.

"Star Dusters" Make Debut

By Harvey Gloth

The "Star Dusters," Bryant's own dance band, has been revised this year by a group of musically talented students. All of the members have had previous experience playing in dance bands or orchestras. This 18-piece organization is now making plans for a public appearance in the near future.

The "Star Dusters" was originated after the Second World War, when there was an abundant supply of musicians at Bryant College interested in playing dance music. The director, Mr. Ralph S. Handy, has not yet said when the "Star Dusters" will make their appearance, but keep your eyes and ears open for the debut of this fine band.

Thanksgiving — 1953

Tomorrow is the day when turkey dinners, football games, dances, and parties will all reign supreme. Carefree gaiety and high holiday spirit will be in the air, but what reason is there for this special day to be set aside?

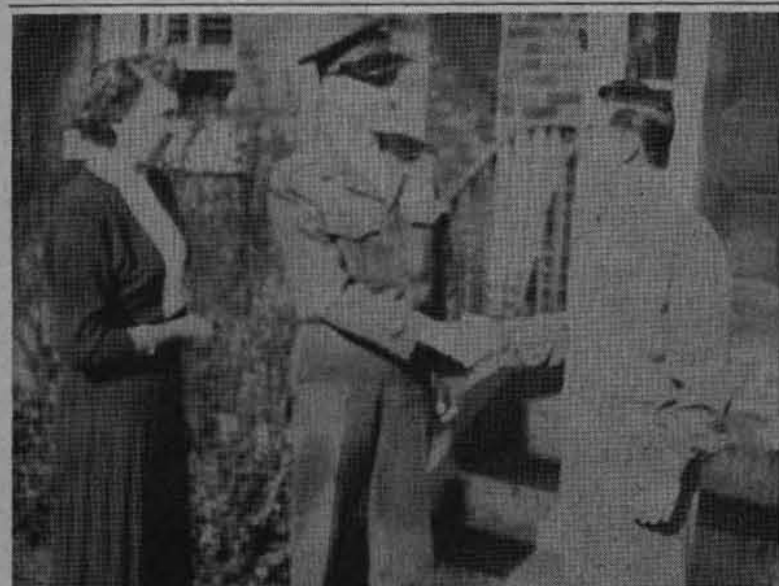

It seems the true spirit and purpose of Thanksgiving like so many other holidays has been lost in our commercialized, materialistic world and reduced to an unfeeling, hollow attitude of greedy expectation for a day off from work.

How many of us go to church Thanksgiving Day to give thanks to our Creator for all the blessings and prosperity He has seen fit to bestow upon us all year? How many of us ever feel thankful in our hearts?

The barest necessities of life, which we all have in such abundance and which merit our deepest gratitude, are taken for granted, as are the many, many luxuries we have. Instead of gratitude for the existence of these blessings, the more common feeling is actual indignance if they are absent. If we must do without any of our usual comforts, we fret and fume and feel very sorry for ourselves, but we never seem to consider how much more fortunate we are than the many others who do without these necessities continually, and that no matter what the disappointment or deprivation we suffer, there is always someone suffering more than we.

It should not be necessary to enumerate here the people in the war-torn countries of the world, the poor people of the underprivileged nations, and even the less fortunate people in our own country to whom I refer; but by briefly mentioning them I hope to remind you that we should all be humbly thankful not only on Thanksgiving day, but on every day of the year for the very air we have to breathe, the water we have to drink, the vast variety of foods we have to eat, the warm clothes we have to wear, the friends we have to comfort us, and even the enemies we have to point out our faults and teach us forgiveness, among all the other things.

This year let's all show our gratitude by giving thanks this Thanksgiving to God and to our fellowmen for the many favors we have received, the many happy moments we've experienced, the many pleasures we've enjoyed through this past year.

Mrs. Love, Dean of Women, introduces the Marine recruiting sergeant to Joe Fusella, a third-semester student. See story on Page 4.

In doing what we ought, we deserve no praise; for it is our duty.

Effects of Boy Scouting Surveyed

The ARCHWAY is cooperating in an initial survey to locate all former scouts and scouters of the Pasadena-San Gabriel Valley, California Council, Boy Scouts of America.

The purpose of this survey is to measure, through a subsequent questionnaire, the benefits a boy receives in his earlier scouting years as measured by advantages gained in adult life—because of his Scouting experiences.

"This is the 'follow-through' on everything the Boy Scout Program was intended to accomplish and the findings compiled will be turned over to the National Council.

Over 75,000 boys have been processed through the Scouting Program in this one Council during the past 30 years.

All former scouts and scouters affected by this initial survey are requested to send their name, present address and former troop affiliation at once to:

Matt Grandon, Survey Chairman
Boy Scouts of America
P. O. Box 3033A
Pasadena 3, California

Meet the Faculty:

In the last issue of the ARCHWAY we introduced you to a member of both the faculty and the administration. If you haven't already guessed, Dean Nelson J. Galski, Dean of the School of Business Administration, and instructor of auditing and specialties, was that faculty member. This week we would like you to meet another faculty member whose name looks something like this in hieroglyphics:

Arnold College Merges With UB

(I.P. Release) The merger of Arnold College located in Milford, Connecticut, with one of the newest universities, the University of Bridgeport, chartered in 1947, announced jointly by the chairmen of the boards of trustees of both institutions, calls for the University of Bridgeport to take over the assets, liabilities and charter of Arnold College of Physical Education with the consent of government and state authorities.

The physical plant of Arnold College on Pond Point, overlooking Long Island Sound, is evaluated at \$500,000 and consists of 59 acres and eight major buildings. The nearly 200 Arnold students have been accepted for admission at UB with full credits for all academic work completed.

The name of Arnold will be perpetuated by making the Arnold College of Physical Education a division of the University's College of Education. The University plans to add several additional sports to its calendar to provide experience and training for the physical education students. All activities will be transferred to the Bridgeport campus.

Many More Students In Part-Time Jobs

(I.P. Release) — Evidence that more and more students are taking on part-time jobs to help meet college expenses is presented in a report from the Personnel Bureau at New Jersey College for Women. There, 539 undergraduates—or nearly 45 per cent of the student body—were employed on or off campus during the 1952-53 academic year.

The percentage of students employed is the largest ever reported by the women's college of the State University. Part-time workers, who accumulated \$79,492 during the year, earned an average of \$178 in the permanent jobs classification and an average of \$29 in occasional positions.

As in the past, the most popular and most lucrative job was waitressing. The 151 girls permanently employed in this group earned a total of \$32,710, with 116 students working in the College dining hall and 35 working off-campus. An additional 114 part-time waitressing positions netted students \$3,322.

Fraternity Bowling Results

The results of last week's fraternity matches were as follows:

Alpha Theta Chi.....	4
Kappa Tau	0
Chi Gamma Iota.....	3
Sigma Lambda Pi.....	1
Phi Sigma Nu.....	4
Beta Iota Beta.....	0
Tau Epsilon	3
Beta Sigma Chi.....	1

The three leaders in the league all gained four, three, and four more points, respectively. The cumulative scores to date are:

	Won	Lost
Alpha Theta Chi.....	12	0
Chi Gamma Iota.....	10	2
Phi Sigma Nu.....	10	2
Tau Epsilon	4	4
Beta Sigma Chi.....	4	8
Kappa Tau	2	10
Sigma Lambda Pi.....	1	7
Beta Iota Beta.....	1	11

Four Brother-Sister Teams Notable on Bryant Campus

By John Baleman

Bryant College has the unusual distinction this year of having four sets of brothers and sisters on the campus. It seems that the merits and pleasant atmosphere of our school has first attracted one member of the family and then the other. The brothers and sisters are Michele and Robert Sansaricg, Richard and Mary Sweeney, Rosemary (Bud) and John O'Neil, and Mary and Charlie Donnelly.

Michele and Robert are from the far away island of Haiti, which is part of the West Indies in the Caribbean Sea. Their home is in the small town of Aux Cayes where their father, Mr. Louis Sansaricg, is an exporter of coffee. Michele attended St. Rose de Sina High School and Robert attended St. Louis de Gngogue. These high schools are located in Port au Prince, capital of Haiti. Robert and Michele entered different colleges in the U. S. but later enrolled at Bryant so that they might be together. Robert is studying for a degree in management and hopes to eventually manage his father's business. Michele is studying courses leading to a secretarial degree. They have indicated that they are enjoying their stay in America and at Bryant and have great admiration for the American people. I think I express the thoughts of everybody here when I extend Michele and Robert a warm welcome and the hope that their sojourn here will be pleasant and profitable.

Richard and Mary are from the small community of Middletown, New York. Their father, Mr. Daniel B. Sweeney, a manufacturer of carbonated beverages, wished very much for them to have a college education in the business field. Following the wishes of their parents, Dick and Mary are attending Bryant and will someday enter their father's business. Dick may first have to serve some time with Uncle Sam but I am sure this will not hurt or hamper his future plans. Mary a first semester student had the distinction of being on the National Honor Society when she was in high school. Dick is a brother of Kappa Tau and treasurer of his dormitory. They both have high praise for Bryant.

Rosemary (Bud) and John O'Neil are native Rhode Islanders. John first attended Brown University studying Pre-Med but gave it up to pursue a business career. He is a brother of Tau Epsilon and is also doing work as head Scoutmaster for Troop 76 at St. Augustine. John faces possible call to active duty upon graduation in February and is now a member of the Coast Guard Reserve. Rosemary graduated from St. Patrick's High School in Providence and is a member of the R. I. Honor Society. She has received a four-year scholarship from Bryant in the Teacher Training Department and hopes to eventually teach shorthand and typing in high school. She is the vice-president of Sigma Iota Chi the same sorority her mother was in when she attended college in Boston. Bud is also the secretary of Chuck's Band Wagon, the campus talent group. Bud and John enjoy the company of fellow

Who Is Mr. 'X'?

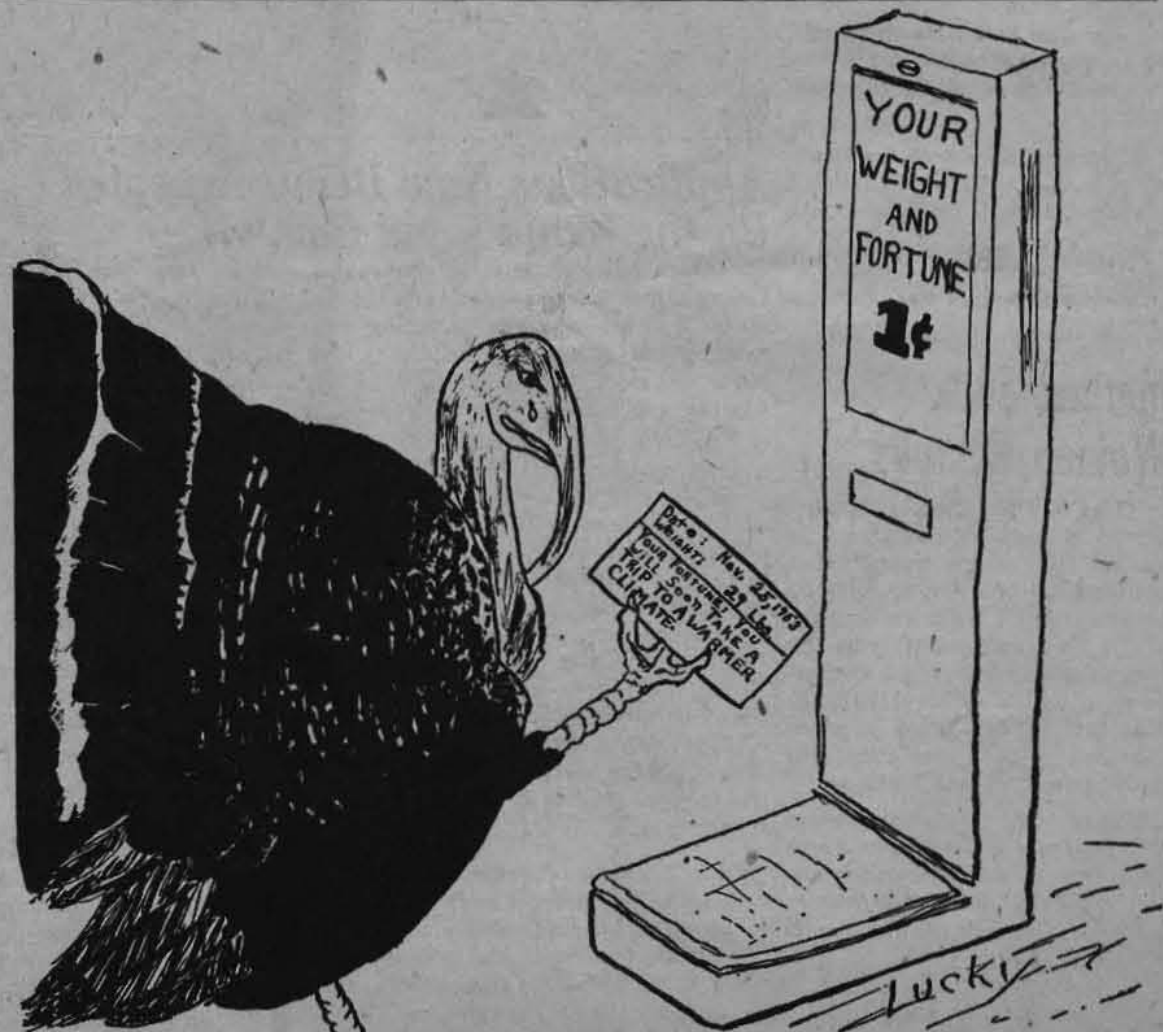

By Sam Galarneau

The topic question is, Who is Mr. "X"? When he arrived several weeks ago in the cafeteria, there were many comments given and questions asked about him. When it was discovered that he was blind, most of the comments and questions were dropped, and Mr. "X" was accepted as a familiar visitor by the students who see him.

But let us stop for a moment and discover a few facts about this visitor. The man you see sitting in the cafeteria with a display of cards, gift suggestions, and useful items is Mr. Alan Kennedy. Mr. Kennedy, a totally blind person, is sponsored by the Rhode Island State Bureau for the Blind. He is one of the many who, after being rehabilitated by this organization, is trying to remain independent and earn himself a livelihood.

The merchandise which Mr. Kennedy is selling, with the exception of the cards, is made by blind persons at homes for the blind. Through this organization which is doing so much for people afflicted in this way, these people are again given the chance for a useful life. This work along with some aid from this organization is their sole means of support.

It takes a lot of courage to do what this man is doing, so let's give him a hand if we can. Look over what he has, and if you see some useful item or some small gift which could be used for something in the future, purchase it from him. I am sure he'll appreciate it.

Basketball Leagues Begin Season With New Players

By Bob Paul

THE DAY LEAGUE

Kappa Tau and Chi Gamma Iota played the first basketball game of the season on November 9, with Chi Gamma Iota taking the verdict by a score of 35 to 28. Frank Rondo was high man for the winners with 12 points. The second game of the double-header gave Alpha Theta Chi a 37-18 win over Sigma Lambda Pi with Steve Pierce scoring 12 points for the winners, and Bill Warring scoring 11 points for the losers.

Division 1-3, one of the three non-fraternal entries, proved that they didn't enter the league just to be independent when they beat Chi Gamma Iota 39-31. Gus Hoffman was high man for the 1-3 boys with an 8-2-18 score. Frank Rondo was high for the losers with 18 points, of which 8 points were foul shots made from only 9 tries.

Kappa Tau, with Tony Sousa scoring 11 points, beat Sigma Lambda Pi 35-20. Alpha Theta Chi followed them on the court with a 38-22 win over Division 1-3, and then took their third straight game from Kappa Tau 33-23.

Chi Gamma Iota bounced back from their 8 point loss to Division 1-3 by beating the same club by a 26-20 score, and then beating Sigma Lambda Pi 53-29. Frank Rondo was high man for Chi Gamma Iota in each of their four games, scoring 22 points in the last contest. Frank has a four-game total of 22-21-65 points for a per game average of 16. He played two years of ball at Stewart Air Base while serving in the U. S. Army.

THE NIGHT LEAGUE

Phi Sigma Nu started the Night League off with a 44-22 win over the Prep Division team. Engle had a perfect day at the foul line by scoring 6 free throws out of 6 tries for the losers. Phi Sigma Nu took their second game from Beta Sigma Chi 47-25 with the same 22 point margin. Bernie Sherwill, Phi Sigma Nu's latest addition, will be the man to watch in the

Senior: "I want to marry my girl and my girl wants to marry me, but her father says 'NO'."

Friend: "Why don't you elope?"

Senior: "My girl wouldn't even let her imagination run away with her."

Marines

(Continued from Page 1)

the Armed Forces is one of the most rewarding opportunities in life. In addition, as Colonel Hamblet pointed out, a career in the Marine Corps is a profitable one, since a college woman can earn up to \$4250 upon appointment to the rank of second lieutenant.

Women Marine Officers are a permanent part of the Marine Corps, and are assigned leadership positions at Marine Corps bases and air stations in the United States, Hawaii, and Europe.

Preparation for these assignments begins for the individual at the Marine Corps Schools, Quantico, Virginia, where the Women Officers Training Class is held each winter and summer. Qualified young women who are college undergraduates attend two six-week training sessions during their summer vacations. College graduates are trained in one continuous 12-week session during either the winter or summer months. Upon completion of the WOTC, candidates become full-fledged second lieutenants.

"Our Women Officers Training Class helps to build self-confidence and leadership ability", Colonel Hamblet said. "And our newly-appointed women officers are receiving all types of interesting assignments, either in command positions or staff positions in such fields as communications, personnel, special services, administrative, supply and public information."

"There is a great deal about our Marine Officer training program which the young college women should know," Colonel Hamblet pointed out. "I suggest that interested college women get in touch with their nearest Marine Corps activity today for information about our 1954 WOTC classes, which commence in February and June".

Baby of the Week

Our cute little baby of the week pictured in the last issue of the ARCHWAY was none other than Bob Kulungian, President of Kappa Tau. He and his wife live here in Providence, although Bob is originally from Springfield, Massachusetts. Bob is a member of the Student Senate and President of the Greek Letter Council.

Who Am I?

I'm from a community in Connecticut, which, although not a very big town, is well known around here. I am President of a Greek Letter Organization, and I also participate in the Student Senate. On a Wednesday afternoon you might see me at the Masquers meeting.

What's in a Name?

Mary not talk
Mary not speech
Mary SERMON

Bob not Joe
Bob GEORGE

"He is never alone who is in the company of noble thoughts . . ."

What Price Education?

(From the Carroll News, John Carroll University, Ohio)—Education is not a commodity. Not being material, it cannot be paid for.

It is sometimes easy to lose sight of this fact among the various charges and fees connected with acquisition of an education, but its disregard leads to a loss of perspective and purpose.

When you buy coal, you pay by the ton—the more you get, the more you pay. But when you "buy" an education, you pay one fee—an entrance fee. . . The student who gets the most from his schooling and the one who gets the least pay the same rate.

This means that a student's education is entirely up to himself. For his tuition he receives access to teachers and to facilities—not an education but the chance to gain an education.

Education is an unending process. Classes, extracurricular activities, outside reading, social events—all can be made part of an education. Payment of fees confers the right to all of these. Their use is up to the individual.

Sever the Cords . . .

(A.C.P. Release)—In an effort to eliminate discrimination, the State University of New York has ordered all fraternities and sororities to break their national connections or disband.

The measure affects 25 nationally affiliated groups at the University's two medical schools and at the nine teachers colleges. The order was made "effective immediately" but a five-year period of grace was granted to enable groups to take care of financial problems that will come up when they break from their national organizations.

State University President William Carlson said fraternities and sororities might all "claim a bill of health and declare that the organization does not discriminate and that anyone is eligible for membership. Unfortunately we cannot take these assurances at face value."

Patience is often simply not being able to think of anything to do.

Real joy comes not from ease or riches or from the praise of men, but from doing something worth while.

Sir Wilfred Grenfell

New Personnel Evaluation Service To Aid Employers

(I.P. Release)—A new service designed to assist both business and industry in the job of personnel evaluation has been instituted by the Testing and Guidance Division of Newark College of Engineering, it was announced here recently by Robert W. Van Houten, president of the college.

Known as the industrial personnel service, it offers to individual companies a completely staffed and equipped department ready to assist personnel managers or hiring executives in attaining a degree of efficiency in the selection, placement, and promotion of employees equal to that of major corporations.

Many large companies have their own counselors and testing departments, President Van Houten explained. Smaller companies can now have the same facilities by taking advantage of the college's new service. Industry is well aware, Van Houten went on to say, that scientific methods in the selection and promotion of employees is one sure way of reducing costly turnover in personnel on every level from apprentice workers to top management.

Each individual sent in for evaluation by his employer is given a series of interviews and tests to chart his intellectual capacity, personality traits, interests, and skills. The results, which are carefully evaluated, are then presented directly to the employer to enable him to make the best possible decision in each case.

President Van Houten made it clear that the service is not intended to take the place of the company's own employment program, but rather to supplement it with the know-how of experts qualified by years of scientific training and professional experience in the field.

Professors: "An acre was first defined as the amount of land a yoke of oxen could plow in one day."

Student: "And how big are acres now that we have tractors?"

What's Happening In Girls' Bowling

By Anne Moore

Tuesday, November 10, the tie for first place between Sigma Iota Beta and Kappa Delta Kappa was broken by Sigma Iota Chi. In the first two strings S I C didn't have much trouble overpowering K D K, with Queenie Kenoian bowling the second high single of the day, 116. The last string was a thriller, with S I C just squeezing through by three pins and winning four points from K D K. Rachel Porecca and Mimi Pires were top bowlers for K D K.

Phi Upsilon broke their tie for fourth place with Alpha Phi Kappa, by capturing three points from Sigma Lambda Theta. Theta won the first string by two pins. Then Phi Up started picking off those pins and won the last two strings, taking the honors for the second team high triple of the league, 1271. Cora Carlone took team high single for Phi Upsilon with 107, and Peg Marnett took the spotlight for Theta with 102.

Sigma Iota Beta had no trouble taking four points from Alpha Phi Kappa. Carol Kahn, bowling for S.I.B., won the Single high score and second high triple of the league with a 120 and 306. "Fuzzy" Eaton bowled her usual high scores, winning the individual high triple of the day with 314. Alpha Phi Kappa's top bowler was Joan Coleman, with 94.

How the stars got started...

MARGE and GOWER CHAMPION met as shy schoolkids at dancing school. Their paths criss-crossed for years as each worked hard to make a career. Finally, Gower, back from Service, "teamed up" with Marge. After months of strenuous rehearsal, they were a sensation, creating original "dance stories" for TV, movies and stage. They are now Mister and Missus.

Now hear this! Now hear this!

—If magazine announces the first College Science Fiction Contest, with \$2,000 in prizes for the best 10,000-word novelette, written by a college student, depicting life in America 100 years from now.

This contest is open only to undergraduate students in the United States and Canada. Ideas, imagination, and originality will count more than actual writing skill. The contest closes May 15, 1954, and the winners will be announced nationally, the first week in September.

How does this idea sound to you? Boy, you could really let your imagination run wild with a story of this kind. If anyone is interested I will gladly fill in any additional data you might need.

Get the "Tums" ready ma, Thanksgiving is here again. Every year I tell myself that this year I'm not going to stuff all that turkey and dressing down my stomach and every year I make a liar out of myself. It doesn't make sense.

While I am on the subject of Thanksgiving, I would like to call to the attention of every student who will be driving home for the holiday, the safety slogan of the Providence Traffic Committee:—TAKE IT EASY, THE LIFE YOU SAVE MAY BE YOUR OWN. That may be called a trite expression but, trite or not, it is a sensible one to follow. Have a happy Thanksgiving!

Representatives of Armed Forces Interviewing February Seniors

On Wednesday November 18, Lt. Karl Moore of the U. S. Marine Corps spent the day here interviewing Seniors who are interested in the Marine Corps Officer Candidate course. He explained the opportunities of entering this branch of the service and told of two Bryant alumni who have recently been commissioned as Marine officers. They are John Duff and Herman MacDonald, former President of Tau Epsilon.

On the following day, November 19, representatives of the U. S. Air Force, headed by Capt. Herbert L. Wurth interviewed members of the Senior class who might be interested in applying for acceptance into the Aviation Cadet School of the Air Force.

Friday, December 11, Lt. W. A. Stoops, Jr. of the U. S. Navy will be here to present the opportunities of Naval service to the Seniors and to explain about eligibility requirements with regard to applying for the Officer Candidate program which has been extended from 120 days to six months prior to graduation. Lt. Stoops will gladly speak to any member of the Senior class who is interested. No enlistments will be taken but the opportunities and advantages of Naval service will be discussed.

"If a hen laid an orange what would the little chick say?" "Look at the orange marmalade."

Sally Wiegel and Joan Todd. Other short selections were given by the Grace Notes and Clef Dwellers. A solo was done by Mr. Harry Goulet. The closing number was the impressive repetition of the "Bryant Marching Song."

The auditorium was gaily decorated for the occasion. Besides the colorful table arrangements of bright orange candles and paper musical notes, the entire hall was decorated with bright orange notes of music. These felt notes were also worn by the members of the Glee Club,

the ushers, waitresses, and waiters, to carry out the theme.

The 120 members of the Glee Club and Mrs. Appleby are to be congratulated for an excellent production.

Teacher-Trainees

(Continued from Page 1)

School under the supervision of Mr. Edward F. A. Euart.

Eloise Carty, Valley Falls, R. I., practicing at Cumberland High School under the supervision of Miss Kathryn Smith.

Barbara McKenzie, East Green-

wich, R. I., practicing at East Greenwich High School under the supervision of Mrs. Lisa Ferretti.

Roland Faucher, Warwick, R. I., practicing at Lockwood High School under the supervision of Miss Audrey E. Riley.

William O'Brien, Johnston, R. I., practicing at Gorton High School under the supervision of Miss Mary E. Tillinghast.

They all love teaching so far but the ones who are returning to Bryant in February aren't too keen about the thoughts of opening their school-books again and thinking—"Golly, I have to study for a test I'm going to have tomorrow!"

IRC

(Continued from Page 1)

IRC is sponsoring this project to show Bryant students how their neighbors live, so that they may accept them as true neighbors. Although the members of the IRC believe that that eventful day in 1941 cannot be forgotten, our present peace can be made a lasting one by closer international cooperation and understanding which they are trying to promote through this exposition.

All the students are cordially invited to attend the exposition at their leisure. There will be no charge, so come in and look around.
