

UNITED STATES ARMY AIR FORCE

Sunday
2230

My Darling,

Well here I am "Deep in
the Heart...."

We took off this morning
about ten of ten. I got
to the field by five
o'clock. The bus let me off
where #4 turns off and
I walked about a mile
and a half then got a
ride the rest of the way.

I guess you know I
walked off with the
key and left my raincoat.
I sent the key back. I
hope the coat wasn't any
trouble angel. What a brain
I have - see what you do
to me baby?

Well, we stopped in
Jackson, Mississippi for
lunch, and then made the

hop to Ellington Field
about 18 miles out of
Houston where we're spending
the night.

What a town this is.
You can't do anything
stays everything is couples
only so I went to the
movin' pitchers. Saw Hotel
Beulins some Nazi job,
it wasn't bad.

Gosh how I miss you
angel. You sure make me
would go 'round.

L.T. Jones, the flight
leader, doesn't think we'll
be back until Friday.
Everybody wants to spend
the night somewhere on
the way back. These poor
guys have been down
at Eglin for two years
all except the colored guys,
Shafter, & myself, so I
don't blame them. Maybe

I can go on the Eglie.
I hope so darling, I miss
you and need you so much.

Last night + this morning
seems like years ago. It
was so wonderful being with
you again. Someday we'll
go to a nice secluded place
like that for a honeymoon
baby.

Well darling I'm keeping
these other fellows up. Four
of us have a dormitory in
the Hotel Rice here. (Six beds
to the room - this town's not
crowded - much).

I love you angel, God
how I love you. You're the
sweetest thing in the world
honey. Take care of yourself

I love you, I'll go on loving
you always, if there's sit
cent, sit miles, or sit
hundred miles between us.

I love you;-

Always-

Your husband,

Will
