Presidents' Walk*

On October 22, 1989, the walk from the main parking area to the Unistructure was dedicated the Presidents' Walk by the Bryant College Alumni Association.

Association President Alan S. Wardyga '77, '84 MBA unveiled the dedication plaque prior to the Inauguration festivities held in honor of President William E. Trueheart. Wardyga reaffirmed the Alumni Association's commitment to "furthering Bryant's growth, encouraging interaction with the corporate community, fostering goodwill, and emphasizing quality education for business leadership."

Along the Walkway, each of Bryant's presidents will have a small granite plaque, laser-etched with his portrait and noting the years of his presidency.

Director of Alumni Programs Paula Iacono '69 indicated that this is the first physical commemoration named and funded by the Alumni Association on Bryant's Smithfield campus. Iacono stated that the "members of Bryant's Alumni Association are to be

*Financial
Planning
Available*

The development office is available to alumni for assistance in estate planning and in formulating specific plans of giving to Bryant College. One method is making an outright gift. This type of gift includes gifts of cash, personal property, appreciated property and securities. In some instances, life income gifts may be appropriate and advantageous to the donor. They include charitable remainder annuity trusts, charitable remainder unitrusts or pooled income funds. These types of gifts could **lower federal income taxes, minimize capital gains, increase spendable income and offer federal estate tax savings.**

Gifts of life insurance are also a popular way to help Bryant.

When considering your will, it may be appropriate to include Bryant. This can be accomplished by the creation of a charitable trust or several forms of bequests. If you have made such a provision, please let us know so that we may properly acknowledge your generosity. The impact of your planned gift on the College may be far greater than the dollar amount of your gift.

To assist you in determining which area you need to emphasize, contact David Wahl at (401) 232-6173.

*Career Services
Available*

Use of the Career Services Office by Bryant Alumni has more than quadrupled in the last four years. Alumni are coming back to receive free career and job search advice, to utilize the career resource library, to network with other alumni, to take the Eureka Skills Inventory test, and to receive the job opportunity listing newsletter. To take advantage of these services call (401) 232-6090.
