Dear Dorothy & Judson,  
Received your letter yesterday and I am sorry that you had trouble in getting a room in the hotel. Use your charm the next time it may help.

I am glad that you are so happy and I know you will continue to be so if you both meet each other half way with every thing that you do.

We had a very nice trip, just one big party from Atlanta to N. Y. All we did was eat & drink with very little sleep. We had just as much fun coming home on the train as we did going down.

The doctor told your ma that the trip did her more good than harm. I know that you both will be glad to hear that. As long as you & Judson are happy I am sure that you mother will feel ok.

I called Betty last night & gave her your address. All the kids are asking for you & Judson & wish you both all the luck in the world etc, etc.

I hope that you are both as happy as married couples should be. Lots of love to you & my son

P.S. I am very busy but will  
write soon. How about your pictures?  
Did you hear from Jonnie yet?  
Again, & again I say

Lots of Love

to you both.
