Dear Mom,

Well here it is almost
Christmas, I can hardly
believe it! Gosh remember
last Christmas, that doesn't
seem a year ago does
it.

I'm sorry I've been
so lousy about writing
home but with the
Christmas rush and
History, etc. both of
us have been pretty
busy.

I'm at work right
now in the first free
period I've had in
several days. The weather
has been bad down
here and consequently

everyone flies the
link then. I'm getting
to like it more every-
day. It's fun teaching
this stuff.

We got a tough
break here, they closed
the Women's Clinic
the first of November.
We found an excellent
Doctor in Selma however,
so don't worry. The
prices are high as
hell down here though,
it seems that Selma
is a medical center
and all the Doctors
here (there are hundreds)
are the best. So
we think we picked
the best of the best

II
So don't worry, how.
Dottie has been going
regularly and everything
is O.K.! It's a
shame that the clinic
had to close but
we've been watching
our pennies and I
know everything will be
honey - don't worry!

I got your Xmas
packages off today. It's
a very small Christmas
as I promised, but
there's a lot of thought
behind it honey, and
we both wish all of
you at home the
very merriest Christmas
you ever had, followed
by a very prosperous

and Happy New Year!!!!

I ~~was~~ you had
some snow around home,
Woy I wish I could
see it, it never snows
down here. However it's
been quite cold here
lately, today has been
the coldest yet.

I sent in my
fourteenth unit in
this morning.
So far they have all
come back marked
about ninety. Only
two more to go!
I'll be glad when
this is over I think.
I'll take a radio
course when I'm through
this one. As Bobbie

Knows I'm not so
good at radio work.

How's Ace's photography
getting along. What kind
of a camera has he
got? Some of my
equipment is stored
away somewhere. He
can use it if he
wants to. I guess
you know where it
is now.

Thanks for sending
us some sheets and a
We haven't gotten the
house yet but we
ought to soon. Craig
was made a tactical
Field Friday at
midnight so there should

be an exodus of
personnel here in
the near future.

I'm so glad to
hear the G.D. Fullers
are out. I wish I'd
been there to boot her
one in the ass! These
scientists are looking
for things to test
the atomic Bomb on
why don't they use
her? I was worried
about what that
nut might do to
you she's so damned
jealous of you. Don't
ever give her a
chance now, that
dame is a crackpot.

When you see the
Van alen's again give
them my regards, they're
truly wonderful people.

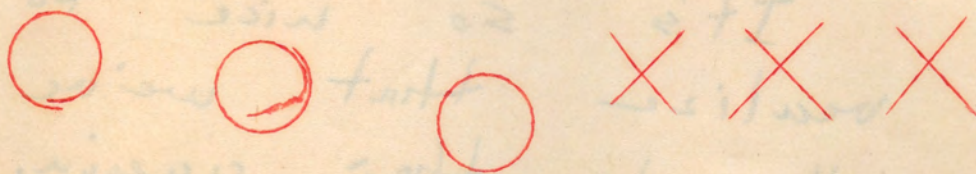

I hope Kenneth's cold
is all better, give him
a hand shake from his
uncle, he's getting to
old for kissing!

It's so nice to
realize that we've
all together again,
now if we were
home everything would
be perfect.

We send our love
to all of you, Nan,
Joe, Ken, Ace, Bobbie,
Ricky, Ronnie, and
to you my sweet
mom. A very merry

Christmas and Happy
New Year from you
lovin' chillin's—

Pattie & Fred

love & kisses from my
link trainer.
