

BRYANT COMMENCES 98th YEAR AS 710 FRESHMEN REGISTER: PRESIDENT JACOBS ANNOUNCES APPOINTMENT OF 11 TEACHERS

New Teachers

By Roslyn Pomilio

Dr. H. L. Jacobs, President of Bryant College, has announced the addition of eleven new members to the faculty. The information presented in five of these members will be followed in the next issue with stories of the others, from whom the reporters were unable to get information before the paper went to press.

Mr. J. Paul McKillop is an assistant professor of marketing. Before coming to Bryant College, Mr. McKillop was for fifteen years employed by the Procter & Gamble Company in advertising, sales and sales training. In addition, he spent five years as a special agent in the Ordinary Department of a life insurance company. Four out of the five were spent in the managerial aspects of the business. Mr. McKillop's previous teaching experience included being Director of Distributive Education, serving in the Naval, N. H., School Department, and being on the staff at Keene Teachers College, Keene, New Hampshire. He holds both a B.S. and M.A. degree from Tufts University. Mr. McKillop expressed his first impression of Bryant College and the student body as follows: "Bryant College represents to the student an unequalled opportunity for a professional education. Most of the students seem sincere in their efforts to prepare themselves for a responsible role in the world." Mr. McKillop utilizes his leisure time playing golf and doing fraternal work in B. P. O. Elks.

Mr. Thomas A. Manion is an instructor of economics and holds a B.B.A. degree from St. Bonaventure University and an M.B.A. degree from Boston College. Prior to coming to Bryant College, Mr. Manion taught at St. Bonaventure University in the United States Army, and in industry. For a time he was employed as an auditor with a C.P.A. firm in New York and with a Massachusetts Bonding & Insurance Company. Mr. Manion's first impression of the administration, faculty, and student body of Bryant

(Continued on Page 4)

New Men's Dorm To Have Student Activity Center

By George Congdon

At the opening of the ninety-eighth year of Bryant College, the newest dormitory on campus, Gardner Hall, was ready for occupancy. This dormitory, which cost over \$900,000, accommodates 278 men students, and of this number approximately 145 are freshmen.

The architects for the building were Kent, Cruise, & Aldrich; the contractor, Harry V. Collins Company.

The basement will provide two private, double rooms and bath for four seniors; one of whom will proctor the activities of that floor. Immediately adjacent to the entrance hall is the Student Lounge, beautifully equipped including television and hi-fi for the entertainment of the students. Next to the Student Lounge is the Recreation Room where students may gather for games, and at times for dormitory dances, etc. There is a private kitchen opening into the recreation room to provide the proper facilities when parties are held. There is a machine room where cigarette machines, coffee canter, ice cream machine, candy machines and a hot food vendor are located for the use of the dormitory students. There is also a study hall in the basement, a trunk room, and the newly created College Dispensary. The dispensary will be open daily from 9 a.m. to 4:30 p.m. with a trained nurse in attendance.

On the first floor of the dormitory there is the housekeeper's apartment, post office, and lavatory facilities for the occupants.

An impressive sight is created as secretarial freshmen students wait under the Bryant archway for the opening of South Hall's doors and the beginning of their registration schedule. All were eager to put books and start their courses.

Paul Buchanan, New Dean of Admissions

By Don Stapon

Paul G. Buchanan of 19 Elmdale Street, Dorchester, Massachusetts, has been appointed the new Dean of Admissions at Bryant College. Mr. Buchanan assumed his new position at the beginning of this school year, September 6.

Mr. Buchanan is an assistant professor at Calvin Coolidge College, and an instructor at Suffolk University.

In 1950 Mr. Buchanan received a Bachelor of Science degree in Business Education from Suffolk University, Boston, Massachusetts. In 1951 he received a Master of Arts degree in Education also from Suffolk University. He has also done additional graduate work at Boston College and Boston University. Mr. Buchanan expects to receive the degree of Doctor of Education this month, possibly on September 30, from Calvin Coolidge College, Boston, Massachusetts.

In the past, Mr. Buchanan has held the position of Assistant Professor in the Educational Department at Suffolk University and also at Calvin Coolidge College.

When asked to give a brief statement about Bryant College, Mr. Buchanan stated: "I think Bryant is a splendid institution. It has an excellent faculty and a fine student body. I am pleased with the high standards in all areas."

The second and third floors are identical, having 10 rooms each, all rooms beautifully equipped with built-in wardrobes, study desks, comfortable single beds, and study chairs for each occupant.

The facilities of the recreation and lounge rooms will be available to all dormitory students. There will be an activity director in charge of the building from 3 a.m. to 10:30 p.m. daily.

Freshmen Welcomed At Senate Dance

By Carolyn Di Petrillo

Many thanks go to John Sullivan and the Student Senate for sponsoring the Freshman Welcome Dance last Saturday evening. This affair gave everyone a chance to become acquainted with the other students and faculty members.

Since Tommy Nasso and his orchestra played up quite a storm, the dance floor soon became so overcrowded that the upperclassmen could only peer through the doors to get a better look at this year's new crop of freshmen girls. Most of them, however, succeeded in getting inside the Auditorium before the dance was over.

All in all, the Welcome Dance was a great success, and should be continued in the future even though the freshmen have to wear beanies!

SOPHOMORES, JUNIORS, AND SENIORS!

SIGN-UP MEETING DELTA OMEGA

October 3, 1960 at 7 p.m. in the Gym

By Bob Fitzgerald

Bryant's 98th academic year started off very successfully with 710 freshmen registering from fifteen states and five foreign countries. The students from the foreign countries are Eun Kyeong Kim of Seoul, Korea; Dan Outerbridge, Bailey's Bay, Bermuda; Kaj Peterson of the Virgin Islands; Susana Schalyt and Julia Uprimmy of Bogota, Colombia, South America; and Marcella Zacca of Kingston, Jamaica, British West Indies. With the 710 freshmen the college enrollment now stands at 1,670.

Registration day was hectic for everyone. Freshmen were lined up to register, starting from the registering office to almost the corner of Hope and Benevolent Streets.

The registration department did an excellent job as always.

As the freshmen moved along on the registration line they were assigned to different rooms in South Hall to fill out cards in order to know their schedules. When this was done each freshman reported to another room for briefing on his testing program and book requirements. When the freshmen obtained the necessary books, they carried them over to the photography room to have their pictures taken for student identification cards. After the freshmen got their pictures taken, they went to their assigned lockers. This ended a very hectic day, but it was good preparation for what is to come.

On Thursday and Friday following registration a battery of diagnostic tests so that the school would find out what each student is best qualified to do. These tests consisted of an English Test, Penmanship Elimination Test, Strong Vocational Interest Test, A.I.A. Orientation Test, and the Otis Self-Administering Test of Mental Ability. The freshmen had three very busy days.

On Thursday of Registration Week the freshmen dorm students took a bus tour to "The City by the Sea," Newport, R.I. The freshmen left the college library at one o'clock. The college supplied six buses so that every freshman had an opportunity to go. During this tour they stopped at the Newport Creamery for refreshments and later toured the "Breakers," the famous Vanderbilt estate. These students also saw other interesting sights, such as Fort Adams, The "Old Stone Mill," many beautiful Bellevue Avenue estates, the "Cliff

Walk," the Casino, and of course Easton's Beach.

On Wednesday of the following week all freshmen attended the Freshmen Orientation Assembly in the Auditorium. Here, they were told about the purpose of the college, about the program system of the college for obtaining a degree, and about the activities and many other aspects of the college. After completing a successful orientation program the freshmen commenced classes to start Bryant's 98th academic year.

Storm Causes Two-Day Delay

By John Davis

Hurricane Donna, which struck Bryant students with a two-day vacation, caused some damage to Bryant buildings and caused a blackout of electrical power to the dormitories on the night of the hurricane.

The high winds of the storm caused several trees on campus to be uprooted. A falling tree was responsible for a broken window in the Placement Bureau and damage to the drainage gutter on the side of the building. Maintenance department men worked till 11 o'clock at night clearing away the debris deposited by the hurricane and repairing the damage caused.

Flashlights, candles, and lanterns were distributed to the dormitories that were without electrical power. An emergency generator kept the refrigeration system in the cafeteria going and supplied emergency electrical lighting for that building.

Damage would probably be more serious if certain precautions had not been taken before Donna arrived to protect the College buildings from water and wind damage.

Archway Names New Editors

Charles L. Labonte and Janice Kaufman, editors-in-chief of the "Archway" discuss plans for the coming year.

Charles L. Labonte and Janice Kaufman have been appointed Editors-in-Chief of "The Archway" for the first semester of Bryant's 98th year.

Charlie was an Editor-in-Chief last semester. Janice, an associate editor last semester, was appointed to her present position at the semi-annual Archway banquet held at Johnson Hummock's restaurant.

Both editors are active in other extra-curricula activities. Charlie is a member of the Key Society and served on the Board of Directors of Delta Omega Professional Society.

He is a former member of the Law Society and Marketing Club. Janice, also a member of the coveted Key Society, is the dorm president of Jeannette Carroll Hall. She is active in Sigma Iota Beta Sorority, holding the position of treasurer.

The new editors have definite plans to add more articles and features that will provide student interest. They sincerely hope they can publish a paper that can meet high journalistic standards. Positive suggestions and new ideas by students are encouraged and welcomed by Charlie and Janice.

## Unlock the Door to Success

Today, manufacturing's major emphasis is on production. Your major emphasis, as a Bryant student, should be on the quality of your production.

We are living in a dynamic economy. Education has become a stepping stone to success. The student who does not produce in school jeopardizes his chances of acquiring a good position after graduation.

Employers do not want graduates with a sheepskin backed up by a poor or mediocre scholastic record. They want people who have demonstrated by the grades that they can do a job well.

How can you achieve good grades? It's easy. Develop the proper attitude. Make an extra effort to develop enthusiasm and interest in your school, your professors, and your subjects. Look at them favorably and with a positive attitude. When you have developed this proper attitude, your abilities will reach a maximum of effectiveness and good results will inevitably follow.

Reach above the ranks of the mediocre by taking the right attitude. A right attitude is the key to success.

CHARLES L. LABONTE

## The World of Business

By T. Kevin O'Connor

### MIDDLETOWN, RHODE ISLAND

Rhode Island views a new type of facility for suburban banking.

In Middletown, Rhode Island, a converted house trailer became the new branch office of the Industrial National Bank. This building is set up as a temporary office while construction of the permanent bank is under way.

The establishment of branch offices throughout Rhode Island is a wise movement because rural housing developments have made this new venture an almost sure success.

### DONNA RAISES HAVOC

#### WITH INSURANCE COMPANIES

Windblown, rainwashed, sandcovered property presents a state of chaos for insurance adjusters to unravel.

After a thorough investigation, the adjusters have estimated a total damage of 135 million dollars and predict over 5,000,000 policy holders will produce claims.

The above picture appears to substantiate a statement frequently made by one of our professors, "Anything worth owning is worth insuring."

### DETROIT MAKES HER FALL DEBUT !!

The automobile manufacturers will soon show off their finery. Rumors from Detroit say that the model will be smaller dimension-wise, and will have a definite European look. The reason given was that last year's demand for our own compact model was so great that we found it necessary to employ aid from Canada to meet our domestic demand.

The American public seems to have accepted the economy factor and put less emphasis on the luxury factor, causing General Motors and Chrysler to shift new models to their compact lines to provide a wider choice to meet this year's demand.

## Dean Lionel H. Mercier Recipient of Doctor of Education Degree

By Jim Gallagher

The degree of Doctor of Education was conferred on Lionel H. Mercier, Dean of the School of Secretarial Science and Business Teacher Education

at the recent convocation of Calvin Coolidge College in Boston. Dr. Mercier's thesis for this doctorate was entitled "A study of the Intelligence, Socio-Economic and Business Background of Bryant College Students Preparing to Become Secretaries."

Dean Mercier received his bachelor's degree in Business Administration at Bryant College and his Bachelor of Education Degree at Teacher's College of Connecticut. He earned his master's degree at Rhode Island College of Education. He has also taken state

extension courses at Trinity College, Boston University and at Yale University.

In January, 1939, he was engaged by Bryant College to teach courses in Office Machine Operation and Accounting and served in this capacity until 1945 when he was made Dean. His reputation goes far beyond his own campus, as is shown by the fact that he holds such offices as President, Rhode Island Business Teacher's Association; President of Eastern States Association of Professional Schools for Teachers; Past President of the Barnard Club (men teachers), Director of the New England Teacher Preparation Association, and a member of the Commission in Teacher Education and Professional Standing.

## From The Dean's Office

Any student currently in attendance at the College or seeking to complete his degree requirements off-campus must obtain written permission to offer the course for transfer credit.

Failure to obtain written approval from the Dean's Office prior to taking a course may result in non-acceptance of the credit.

The final date for dropping a course is October 14. No student will be allowed to drop a course after this date.

## Book Review

By Barbara Rull

In the past the Henry L. Jacobs Library has served the students with a wide range of information. This year will be no exception. Putting the emphasis on sources of business information, here are a few suggestions: *Sources of Business Information* by Edwin T. Corman. Arranged according to business topics the following subjects are covered: statistics, finance, real estate, insurance, accounting, management marketing, sales management, advertising, industrial relations, basic industries, transportation and foreign trade. For each subject, all the appropriate published sources including manuals, bibliographies, handbooks, services, textbooks are fully described and evaluated. At the termination of each chapter there is a useful summary of sources cited, while a detailed index covers the entire volume. This publication along with another very recently published volume by Marian C. Manley, *Business Information: How to Find It and Use It*, serves as a valuable guide to sources in the business field.

Another source which is used equally as much is *How to Obtain and Use Business Information*, by Vira De Sherbinin. It is a new and complete publication pertaining to research in the business field. The book contains such subjects as what research does for a company, how the researcher pursues his task, how to organize and administer the research department, and how to handle research materials. It includes an appendix which offers

## Young Republican Club Formed

On Monday, September 26, 1960, at a meeting in Alumni Hall, the Young Republican Club of Bryant College was formed. Although the meeting had limited announcement, fifty supporters attended and another fifty are expected. Membership will be limited to approximately one hundred people. The Young Republican Club is affiliated with Brown, Pembroke, U.R.I., and many other universities throughout the country.

The Club is planning many rallies and social functions to aid the Republican cause with the other colleges in the area.

On Thursday evening, September 29, the Republican Fund of Rhode Island sponsored a rally and pop concert in the Rhode Island Auditorium. Many students from Bryant attended this function.

It is expected that the enthusiasm of the Bryant College Young Republican Club will be in evidence on the Bryant College campus for a long time to come.

The beginning of next week there will be a final sign-up meeting for the Young Republican Club. All Republicans interested in supporting their party are cordially invited to attend.

guides to domestic and foreign sources, a list of U. S. Department of Commerce field offices, and public libraries which contain special business departments or services.

## STUDENTS FOR KENNEDY!

### GENERAL MEETING

Monday, October 3

Auditorium — 3 p. m.

### LET'S BACK JACK

### AND

### ATTEND MEETING MONDAY

## On Campus Views

By Frank S. Juracka

At this time of year the biggest national issue in the United States is who will become the next president—Senator John Kennedy or Vice President Richard Nixon. At the present time the presidential race is very close and authorities are divided as to predicting who will win the election.

Both candidates are well educated and have had valuable experience in political office. Their views differ as to many major issues, and it is for the people of the United States to decide which candidate will become the next president of the United States.

One of the major questions concerning this election is religion—whether Senator John Kennedy's religion (Roman Catholic) will influence voters at the polls in November. The only other Roman Catholic ever to be nominated for the presidency was Al Smith in 1928.

To get opinions concerning this factor of religion, I have interviewed students on the Bryant Campus to obtain their views.

**QUESTION:** Do you believe Senator John Kennedy's religion will have an adverse effect on his being elected president?

### ANSWERS:

Maxine Sirkin, Bethpage, New York

I believe that the voters should consider the necessary qualifications of the candidates, such as past experience and what they will do for the country in the future, and eliminate entirely any personal factors such as religion. However, since religion has become such a big news item I believe it will influence some people although these people will be in the minority. I think that religion will not affect Senator Kennedy's chance for being elected President since the majority of voters will consider only the necessary qualifications and not allow religion to influence their vote.

Jackie Cerny, Huntington, Long Island

I think his religion should not have any bearing on the matter as to whether Senator Kennedy should get into the White House. However, I think it will have an effect because the people are worried that he will let his religion influence him while in office.

John Lagunowich, Springfield, Mass.

I think religion will have a slight adverse effect on Senator Kennedy mainly because of the fact that it has been built up by newspapers

and magazines. However, I believe the majority of people will consider candidates' more essential qualities and not be influenced by religion.

Gail Beckett, Danbury, Conn.

It has already had its effect. The Southern Democrats are not in accord with the Presidential choice and are trying to nominate their own candidate to run against Senator Kennedy and so defeat his chance of gaining the necessary majority of votes. While this is certainly not an outlook which is a credit to our country, it is definitely to have an adverse effect on his election.

Steve Murray, New Haven, Conn.

No, I believe his religion will have a favorable effect on his being elected. Many people will vote for him just to prove to themselves and others that they are not prejudiced and are open minded individuals.

Charles L. Labonte, Woonsocket, R. I.

Bigotry and religious prejudices have permeated into our social lives and our industries. They cannot be overlooked or discarded. I strongly believe that Americans will not divorce themselves from their religious beliefs when they step into the voting booths this November. Mr. and Mrs. John Q. Public will bring along an influential friend—bigotry. A very capable man might be the unfortunate victim of this "friend."

## Placement Bureau's Goal - - Service

By Dorothy Nieminen

What is the Placement Bureau? The Placement Bureau is a free, lifetime service agency. It is on the Bryant campus for any fulltime student, any graduate, any part-time student, or any night student to use regardless of age or year of graduation. The Placement Bureau's goal is SERVICE—service to anyone of the above who wishes to use it.

Mr. Stanley Shuman is our Placement Director. He is always glad to be of service. The Placement Bureau cannot guarantee anyone a job but will do everything at its command to find a position for an individual.

The Placement Bureau was very busy during the summer. Letters went out to hundreds of the United States' top industries, retailing, insurance, management, sales and accounting firms to recruit speakers for on-campus interviews. Among those coming in the near future are the Woolworth Company of Boston, Massachusetts; Hanover Bank of New York; Hamilton Standard from Windsor Locks, Connecticut; the Naval Officer Candidate School; the Arthur Andersen Company; Price Waterhouse; and the Continental Baking Company. Many more companies will be coming to interview future graduates for accounting, management, sales, retailing, and secretarial positions. Mr. Shuman himself has been in contact with firms in Massachusetts, Connecticut, Rhode Island, and New York lining up future interviews. He has been doing a lot of work on this project by means of the telephone.

Letters were also sent out to many firms throughout the country requesting information about their company in the form of brochures, financial statements, booklets, and applications. The Placement Bureau now has such information for more than 450 leading companies in the United States. This information is available for the student's use and will provide an opportunity for the student to read up on a firm in which he might take future employment.

The most recent placements made by the Bureau are the following:

Kenneth Whaley of the Class of 1926 is employed in the Sales Department of the United Camera Company. Mr. Whaley was an accounting major.

Doris King, Class of 1944, is employed with the Rhode Island Philharmonic Orchestra as a secretary.

The New England Telephone and Telegraph Company of Newport, Rhode Island, has hired Mary Ann Sullivan as a secretary. Miss Sullivan was graduated in 1952.

Joyce Felko, a 1960 legal major, is working as a legal secretary for the Combustion Engineering Company in Windsor Locks, Connecticut.

Ken Allen is working in the Metropolitan Life Insurance Company in the Sales Department. Mr. Allen was a 1960 marketing major.

The Sun Oil Company has employed Ernest Campos, a 1960 graduate, as an accountant.

**DON'T FORGET! THE PLACEMENT BUREAU IS ON THIS CAMPUS FOR YOUR USE. TAKE ADVANTAGE OF THIS SERVICE.**

## FROM WHERE I SIT

By Jim Dabor

The swimming that took place this summer about our Olympic team was something to hear. The USA ending up in 2nd place for the 1st time in quite a spell was making the American fan at home say "WHAT HOP-PENNED?" The answer is quite simple. Avery Brundage, the President of the Olympic Committee, has enforced a very strong code of ethics for the American athletes, while at the same time not being able to touch the ranks of the USSR. We have not subsidized our American teams, but the USSR pays their athletes to remain in condition. It's about time we started to do the same. When the 1964 Olympics comes around, John Thomas will be out of school and working. Who will pay him while he is training for the Olympics? He has to eat. I think that Mr. Brundage should make his Code of Ethics universal and not confine it to the free world.

Football is in the air, and it looks as if the fraternities are shaping up with some pretty fair teams. Things will get under way this coming week. If any of the freshmen like a good game of football, see one of these fellows walking around in a fraternity sweater; I'm sure they could use you. Tau Epsilon, the defending champs, are without the services of the one and only Curt Holmes through graduation, which should make the

league that much stronger. Phi Sig, Chi Gam, and OAX look like the best bets to take TE for the title, but KT may come through as a dark horse.

Cheers and beers. Tau Epsilon for nailing down the softball championship for the second year in a row.

Flowers and Candy: The sisters of Sigma Iota Beta for making a clean sweep of everything by winning the softball, bowling, and basketball championships.

On the local scene the Providence Steamrollers are offering some great football at the Cranston Stadium. Billy Poland, the former URI full-back, is with them after a short hitch with the New York Giants. Joe Alimonte (Denny's big brother) is backing up the line. All in all they offer some great football on these fall Friday nights; so go on out and see them.

Who said the Yankees are dead? With only nine games to go, a four game lead is pretty nice to look at. Baltimore was probably quite happy to leave New York after Ralph Terry's whitewash job Sunday. The Pirates are a sure bet for the National League Flag, their first since 1927. What ever happened to the Dodgers??? Actually, the surprise of the year is the Washington Senators and the fine hitting of Harmon Killebrew and Jim Lemon plus some pretty fair pitching.

Question of the year: What ever happened to Willy McCovey???

## BRYANT SPORTS NEWS

## Attention Athletic Directors:

The touch football season is scheduled to begin on Wednesday, September 28. Rosters must be filed with the student athletic director before 4 P.M., Friday, September 30. A deposit of \$10 must be left with the athletic director before your first league game. Your deposit will be returned to you at the end of the season providing no games have been forfeited by your team.

## Touch Football Schedule:

Monday, October 3  
3:15 P.M. Aox vs. Beta Sigma Chi  
4:45 P.M. Bib vs. Chi Gamma Iota  
Tuesday, October 4  
3:15 P.M. Kappa Tau vs. Phi Sigma Nu  
4:45 P.M. Tau Epsilon vs. Winner of Aox-Beta Game

## Sportsnotes:

The new sports officials for the coming football season are:

Edward M. Hutton of Winsted, Connecticut  
Eugene K. Pearce of Providence, Rhode Island  
James D. Baker of Highland Falls, New York

Remember these men are not highly paid officials, but they are always giving their best. Let's give them our co-operation.

## Athletic Directors

Get your roster ready—we'll be looking at the Bowladrome soon!

## Tips From Tzitzouris in . . . The Sport of Kings

Just one week before the opening of Bryant College, another great institution in Rhode Island opened its starting gates for the fall semester—Lincoln Downs. Many of the seniors are back and the curriculum is in full swing. Kinley Co-ed, Lazey Student, and Professor John, three of the more popular seniors, have been running around the campus and have

The members of last semester's faculty that have returned to Lincoln are professors Barrion, Mercier, Grimm, Wajda, Bohenska, Madden, Dunlavy, and Sorensen.

Most of the freshmen and seniors attended the summer sessions at Rockingham Park University before entering the starting gate at Lincoln. Not all these students did well at the

"Rock," but some of them will improve now that they are back on the familiar turf of Lincoln Downs.

This year's freshman class was so big that the dormitory space at Lincoln was filled to capacity and additional quarters had to be sought in the stables of Narragansett Park. Those students

stables are also making use of the athletic field there in preparation for chances at Lincoln.

According to various information, the students most likely to finish first in their class are April Skies, Screwball, One Way Out, and Weighty Problem. Watch for an improvement from Shoeless, Home Folks, Austin Venn, Pebble Ace, and Southern Pine.

Traditional softball game held annually between the Freshmen and the members of the Vigilante Committee. The Vigilantes emerged victorious.

## Final Score, 6 to 5

## Freshmen Thwarted in Game with Vigilantes

By John Sullivan

Four hundred and fifty frosh and six lovely cheerleaders couldn't stop the experienced ballplayers of the Vigilantes. With Pi Pimental twirling his way through seven innings of a see-saw battle, the Vigilantes emerged on top, 8-7.

Gus Sunneson knocked in the winning run in the bottom of the seventh, with one out, but not before the frosh tied it up in the top of the seventh. Bob Rudowski and Art Pasquale were the mainstays for the battling Frosh.

The scoring started with "Bob" (I need a bit) Kendrot amacking a single up the middle and scoring

two. The Frosh bounced back in the bottom of the second with Bob Rudowski singling with the bases loaded. From the second through the sixth it was a see-saw battle with the score changing hands in as many innings.

The dramatic ending of Pimental singling, going to second on a passed ball, and moving to third when the first baseman overthrew the ball left the Frosh in a haze. It was only fitting for Gus Sunneson to come through, and he did. It was still one of the best played Vigilante-Frosh games in quite a few years.

Unfortunately, coming close only counts in Horseshoes.

## A Personal Look At the Olympics

By Jackie Cerny

Miss Wilma Rudolph, a 20 year old American Negro from Clarksville, Tennessee, became the first American woman to win three Olympic gold medals since Babe Didrikson in 1932.

Due to a childhood disease, Miss Rudolph was told that she would never walk. With youthful courage she overcame her handicap and became a true champion.

Wilma is a track star with running as her main feature. She ran the 1-meter dash in 11 seconds which was only eight tenths of a second short of the men's time. She also ran anchor for the 400 meter relay team.

Miss Rudolph won the hearts of the crowd with an easy-going spirit, good-naturedness, and enthusiasm. Before she even started she had the crowd on her side and she came through for all the world like a real trouper.

## Archway Meeting

All staff members and anyone interested in joining the staff are urged to attend a general meeting:

Monday, October 3

3:00 — Room N

## New Horizons

By Bob Grelson

Three quarters of the world's area has never been seen by human eyes. This sound, fantastic area in which man impatiently waits to be projected into outer space in a search for new adventures. Yet, almost any man with a boat and a minimum of skin diving gear, can leave the world of air and explore new mountains, valleys, forest and plains three times as large in scope as the exposed land area on earth.

What does it take to become a skin diver? You have to be able to swim, of course, but you don't have to be more than an average swimmer.

Perhaps you're afraid that it is too expensive a sport for you to fool with. Don't let this stop you. All you need to start are three basic pieces of equipment: face mask, fins for your feet and a snorkel. All three can be purchased for as little as \$16.00.

Chances are you'll want to take along a spear so you can go underwater fishing. A simple one might cost you \$4.95, while the spear gun will cost you \$27.95.

If you want to stay under longer then you will want to invest in an aqua lung. These will permit you to stay down for about an hour. The lung will cost between \$95 to \$150.

If you are already a camera fan then the world beneath the water will fascinate you. The technique will be different from what you have been used to and it will take time to master.

In a short period of time skin diving has spread to thousands of people on lakes, rivers, and oceans. Now there isn't any area in the United States that can claim that it is the second consecutive year after

## Olympic Team Accumulates Thirty-four Gold Medals

The United States Olympic team managed to accumulate thirty-four gold medals, four short of the best predictions. Many reasons have been offered for this shortcoming. Most people have overlooked the fine display of teamwork which the U. S. basketball team exhibited.

Once again the Americans have shown that team work and group activities are more important than pitting one individual against another.

Rafer Johnson, the decathlon champion, carried out the American theme of "well-rounded" people being considered important. Johnson's athletic prowess in ten different track and field events demonstrates well the U. S.

attitude toward sports. Most sports participants develop in more than one sports activity.

The women's team was a happy surprise in Rome. In swimming, Chris Von Saltza led the way in a good battle against Australia's big guns. In track events Wilma Rudolph was the bright spot in a field otherwise dominated by Russian Women.

Although the Americans had some individual bright spots, the ultimate victory in the Olympics goes to the Basketball team and Rafer Johnson for example shown and lesson taught to a watching world—the U. S. looks for teamwork and well-rounded good sportsmanship, rather than just for the laurel leaves.

## World Series Outlook

By Jack Reid

On October 5, 1960, the New York Yankees and the Pittsburgh Pirates will meet for the 1960 World Series. A dream 33 years in the making finally has come true for the Pirates, the kings of the National League. For their adversaries, the New York Yankees, it was their tenth American League pennant in twelve years under the helm of the grizzled old managerial marvel, Charles Dillon "Casey" Stengel. Back in 1927, the Pirates faced the great Yankee Murderers' row, led by Babe Ruth and Lou Gehrig. Yet, it was Yankee pitching that won it. The Pirates managed to score only 10 runs in four games. In fact, only two homers were hit in the series, both by Ruth. Now, more than a quarter of a century later, the Pirates will try to even the old score. The Yankees will face one of the best pitching staffs in both leagues led by Law, Friend, Mizel, and Face. The Pirate hurlers must try to get out the Yankee power of Maris, Mantle, Harmon, Berra, Howard, and Lopez.

Who can say, will the power surpass the pitching or vice-versa? Will the Pirates finally achieve their dream or will the Yankees prevail? Only time will tell.

## "Pi" Is Appointed Athletic Director

Manuel Pimental

Manny (Pi) Pimental is the newly appointed Athletic Director at Bryant College. It is Manny's duty to organize all intra-mural sports events.

Manuel "Pi" Pimental, Senior Teacher-Training, is our Athletic Director for '60-'61. Pi, as he is called around the campus, has been active in just about every type of sports activity since high

Graduating from East Providence High, he went to work for Pimental Nurseries. In 1954 he was drafted into the United States Army and was assigned to Special Services where his duties included playing baseball and officiating at basketball and football contests. Pi played baseball for the North Attleboro Semi-Pro Club.

In 1956, after his discharge from the Army, Pi came to Bryant. He joined Tau Epsilon. In 1959, he became President of Tau Epsilon and Vice-President of the Greek Letter Council. He was one of our sports officials last year and was one of the most logical choices for Student Director. We are sure he will more than fill the shoes of the past director, Joe Neri.

## SIB TEAMS WIN 3 SPORTS TROPHIES

By Lynn McGough

A combination of excellent teamwork and hearty spirit again brought Sigma Iota Beta's bowling, basketball, and baseball teams to possession of the coveted trophies for each sport. The girls hold the trophies placing first in the sports competition with the other sororities.

SIB is looking forward to another winning year with the return of several members of last year's first place teams. The girls are also fortunate to have their experienced coach, "Boots" Brosewell back again.

## SIC Sends Representative To St. Louis National Convention

By Shelia Panak

Sigma Iota Chi, Beta Theta Chapter, sent Caryl Whitcher to the sorority National Convention in St. Louis for one week in August.

Besides flying by jet super constellation and staying at the Hotel Ambassador, which is across the famous Forest Parks, Caryl exchanged ideas with representatives of Sigma Iota Chi chapters from Trenton, N. J., Lewisburg, West Virginia; Marshall, Texas; Athens, Tennessee; Los Angeles, California; Springfield, Illinois; and Montgomery, North Dakota. The Beta Theta Chapter here at Bryant received an award of sterling candle sticks for being the most enthusiastic sorority for new ideas and activities, for being prompt in reporting to national officers about Sigma activities at Bryant, and for being the most cooperative within the chapters.

### New Teachers

(Continued from Page 1)

College was that it was "One of great friendliness and warmth, which would make any newcomer home." All of Mr. Manions hobbies have been temporarily supplanted by the birth of his son Gregory, three weeks ago.

Mr. Joseph L. Reynolds is an instructor of accounting and mathematics holding a B.S.B.A. degree from Union College, and Ed. M. degree from State Teachers College at Boston. From 1957-1960, Mr. Reynolds was an instructor of accounting at Nichols College, Dudley, Massachusetts. Prior to this (1951-1953) he was employed in the Engineering Department of the E. I. DuPont de Nemours Company, Inc., Wilmington, Delaware. From 1954-1957, Mr. Reynolds was Office Sales Manager, employed by Conley & Daggett Inc., Saugus, Massachusetts. Mr. Reynolds' free time is divided among his varied interests which include hockey, baseball, football, and fishing.

Mrs. Muriel Chadwick, an instructor of shorthand and typewriting, is no stranger to Bryant College. She possesses a B.S. degree in Business Education from Bryant College where she also taught during the years of 1954-'57 inclusively. Mrs. Chadwick "notices a great increase in the size of the classes, but the students are much the same." She finds teaching in the new Jacobs Hall most enjoyable.

## KDK Holds Cake Sale

By Delores Andrade

Best wishes are in store on the recent engagements of Miss Roxanne Hunter, a sister and vice-president and Miss Virginia Furtado, a sister and advisor of Kappa Delta Kappa.

K D K would like to congratulate their brothers, Tan Epeloni, on their successful dance.

On October 1, K D K will hold its Annual Downtown Providence.

The biggest thrill for Caryl came with the opportunity of her meeting with the grand chapter officers for the first time. In addition, Caryl has been invited to visit her sisters in Trenton, New Jersey, where those who will make the trip will have the opportunity to see one of our National Sorority Houses. Needless to say, planning for this weekend trip is being done with much excitement!

Sigma is happy to let any freshman girl read the National Parchment, which is received by every sister in all chapters. Also, the sisters of SIC welcome freshmen girls to try out for the bowling and basketball teams.

Besides helping the brothers of Phi Sigma Nu sell raffle tickets for the benefit of Lakeside Children's Home, Sigma has started bowling practice and is planning a party with the brothers to be held within the next two weeks.

Mr. A. Sidney Kingsmill is an instructor in accounting and mathematics. He attended the University of Western Ontario graduating with a B.A. degree in 1925. He graduated from the Harvard Graduate School of Business Administration in 1927 with a master's degree in Business Administration. Preceding his arrival at Bryant, Mr. Kingsmill was Associate Professor of Business Administration at the University of Oregon, 1927-1928; Instructor in Business Administration, Burdett College, 1941-42 and 1944-45; Instructor in Naval Training School at Burdett College, 1942-44; Mr. Kingsmill has also held many positions in business and industry. He was employed by Scudder, Stevens & Clark as an Investment Analyst; Director of Business Research, Cromwell & Company, 1945-1954; and as Assistant Treasurer, 1951-1954; Public and Private accounting, 1954-1960; and Town Accountant, Pembroke, Massachusetts, 1946-1956. Reading, small-size farming and remodeling an old country house are among Mr. Kingsmill's hobbies.

### PART TIME WORK COLLEGE STUDENTS

## Bryant Christian Association Holds First Meeting

By Dorothy Nieminen

The Bryant Christian Association held its first meeting on September 23. Fifty people were in attendance.

The officers of the Bryant Christian Association are as follows:

President ..... Pete Liss  
Vice President ..... Dave Christensen  
Secretary ..... Nyla Haines

The meeting was opened with a prayer by Rev. Kenneth Crocker, advisor to the Bryant Christian Association. Following this, the president explained the purpose of the organization.

This year. The purpose of the Bryant Christian Association is to help the individual. A discussion followed on topics that the members would like to see discussed in the meetings. Dues were set at \$1.00 a semester.

Many meetings are being planned with prominent speakers to speak on topics of interest to the students, the administration, and the faculty. The meeting was closed at 9:00 with a prayer. Following the meeting refreshments were served.

This semester the Bryant Christian Association is working hard to make its organization a success. Topics such as religion in politics, sex, business ethics, cheating, and the underlying principles of recent movies will be discussed at its meetings. Various activities are also being planned.

## SLT President Welcomes Sisters

By Vera Spoto

The first semester meeting of the Sigma Lambda Theta Sorority was held on September 20 in Alumni Hall. Miss Terry Skype, president, welcomed all the sisters back.

The officers of Sig Lambda Theta are as follows:

President, Terry Skype; Vice Pres-

## BIB Holds First Meeting; Will Present Flag

By Don Stapon

Beta Iota Beta held its first meeting of the semester on September 8. The meeting was held for the purpose of seeing how many of the brothers had returned and also to get plans started for the future events held at Bryant.

Beta Iota Beta plans to enter actively in all of the various events held this semester. At the present time, a football and a bowling team are being formed. Anyone not belonging to a fraternity is welcome to try out for BIB's team. If anyone is interested, he should contact any one of the brothers of BIB as soon as possible.

A new 50-star flag will be presented to Bryant College by Beta Iota Beta sometime during the month of October. BIB plans to make the presentation of the flag a colorful ceremony. All students are invited and urged to attend. The time and date will be announced in the near future. Plans are also being arranged for BIB's annual raffle which will be held during November.

ident, Evette Silva; Treasurer, Connie Dennis; Secretary, Bunay Levin; Assistant Treasurer, Joanne Cromack; Activities Chairman and Athletic Director, Connie Fialkiewicz; Alumnae Secretary, Arlene Storteky; Sergeant at Arms, Grace Kapinos; Chaplain, Terry Simonelli; Publicity Director and Archway Representative, Vera Spoto.

Theta will assist Beta by helping to give a Halloween Party to the orphanage the Sorority and Fraternity adopted. Plans are now being made for the party.

All the sisters of Sigma Lambda Theta are looking forward to the Personality Ball sponsored by Beta Sigma Chi.

## Newman Club and Guests Enjoy Picnic

By Mary Anita Viegelmann

The first of many events planned for the Newman Club by newly elected President Paul Orsina was held Sunday, September 18. A catered picnic took place at Lincoln Woods for members of the Newman Club and their guests. Buses provided transportation to the park, where one and all joined in on a good time. Swimming and other sports enabled everyone to have a swell time.

On Thursday night, September 15, the Newman Club held its first meeting of the year. President Orsina presided. Monsignor Geoghegan, the Club's chaplain, gave a welcoming address. He stressed the importance of

an even amount of prayer and study to round out a college year. Monsignor Geoghegan introduced his colleague, Father Mullin who also spoke to the largely attended meeting.

Paul then outlined the events for the Newman Club this semester. They include two Communion breakfasts, a retreat, and several interesting discussions. Thereafter many interested students had a chance to join for the semester.

The meeting was adjourned, and an Open House was held. Dance music was provided by the Keynotes. Refreshments were served and for many, 11 P.M. rolled around too quickly!

## Movie Schedule

October 5....."The Reluctant Debutante"—color  
(Rex Harrison, Kay Kendall)

October 19....."Stranger on the Campus"  
(Arthur Franz, Joanna Moore)

## Hillel To Hold Weekly Branches

By Harry Koenig

Hillel Foundation is planning a full schedule for the coming year. This semester the society has had, so far a mixer, a buffet supper, a brunch, and two general meetings. Branches in the past have been held at the Pembroke Fieldhouse, but this year plans have been made to hold a few on the Bryant Campus.

The Hillel lounge is at 154 Angell Street and is open to all members any afternoon until five p.m. The lounge provides a comfortable meeting place and friendly atmosphere, with refreshments always available.

## Thompson To Head Masquers

Dave Thompson was re-elected president of the Masquers at the first meeting held on Wednesday afternoon, September 21, 1960 in Alumni Hall. The slate of officers for the coming semester is as follows:

President, Dave Thompson; Vice-President, Joe Noga; Secretary, Shirley Gosselin; Treasurer, Algie Bell; Historian, Richard Soucy; Publicity Director, John Talcott.

Tentative future productions for the coming year. An open meeting week for everyone who is interested in joining the club.

Watch the bulletin board for the date, time, and place of the meeting.

## It's what's up front that counts
