Vice President Matt Boland conducted the greater part of the November 28 Student Senate meeting while President Spilecki played host to the two representatives of the National Student Association who paid a visit to Bryant.

Early in the meeting a discussion took place over the acceptance of the minutes of the previous meeting. Some members felt that the wording of the description of the Senate debate on the Young Republicans Club was too favorable to the club, and revision was made before ecceptance.

The meeting was then turned over to Tim Zagat, New England Regional Chairman of the National Student Association. Zagat gave a fifteen minute talk on the purposes and benefits of N. S. A., it was gathered, is engaged in a broad number of activities ranging from international politics to campus information service on student government. Zagat emphasized the importance of its international role in linking America with underdeveloped nations around the world, and counteracting the red party line. It also acts as a lobbying body for college students on affairs such as selective service, the Kennedy Youth Corps plan and others. Regionally, the group sponsors student exchanges such as a Cross-Religious Conference planned for next spring. Several other conferences are held each year by the association, and participation in them is open to interested students of any member college.

The Student Senate has beld a special meeting this past Monday to discuss membership of Bryant in N. S. A. On Saturday night, December 3, the Iwenty-second annual Sno' Queen Ball was held in the Bryant College auditorium. The dance brought a climax to a very intensive week of campaigning for four of the fraternities on the Bryant Campus.

The Queen Campaigns, both Sno' Queen and May Queen, have developed into one of the main social functions of the school year. Both of the sponsoring fraternities have done a good job in the constant improvement of the campaigns. From its start of being merely a dance, through the process of trial and error, the Queen Campaigns have broadened their scope to bring much excitement and enthosiasm to the Bryant students.

Under the present system, the Queen Campaigns are held as follows: The week starts off with posters and displays and rallying by the fraternities in support of their candidates. Later in the week, an organized parade takes place in which all of the participating fraternities display their candidates on floats. The night following the parade, there is an official judging of the candidates by a panel of professional people. On Friday the students vote for the candidate of their choice and Saturday night is the big dance where the winning candidate is announced. All of this has done much to bring prestige to Bryant College because of the publicity given the campaign by the newspapers and television.

I have interviewed students on the Bryant Campus to obtain their opinions concerning the present system of running the Queen campaigns.

It isn't any wonder that this is "where the boys are." And the things that happen are wacky and wild and wicked and warmly wonderful "where the boys are." Someone should make a movie about it. Hey, someone did! M.G.M calls it "Where The Boys Are," starring Dolores Hart, George Hamilton, Yvette Mimieux, Jim Hutton, Bar ara Nichols, Paula Prentiss, with Frank Gorshin and introducing popular recording star Connie Francis in her first screen role.
