Bryant College - Smithfield, Rhode Island

FRIDAY, DECEMBER 14, 1973 VOLUME XXXIX NO. 12

Have A  
Merry Christmas  
and A  
Happy New Year

## Bryant Names Two New Trustees

Barbara Hackman Franklin, Vice-Chairperson of the United States Consumer Product Safety Commission, and Leonard I. Salmanson, President of Adams Drug Company, Inc., and various other enterprises, were elected to the Bryant College Board of Trustees, it was announced by Clarence Gifford, Chairperson, today.

Preceding her recent appointment to the Consumer Commission, Ms. Franklin was appointed by the President to recruit women for top-level, policy-making positions in the Federal government. She came to the White House in 1971 from the First National City Bank in New York City, where she was an

Assistant Vice-President. A graduate of Pennsylvania State University, she was chosen outstanding senior woman and in 1964 was one of the first women to receive an MBA from the Harvard Graduate School of Business Administration. She is a native of Franklin, Pennsylvania. She was a member of the Business Research Advisory Council to the Bureau of Labor Statistics and the North American Society for Corporate Planning.

She received the honorary degree of Doctor of Science in Business Administration (d.S. in B.A.) at Bryant College in June, 1973.

Mr. Leonard I. Salmanson is President of the Adams Drug Company, Inc., and various other enterprises. The drug chain presently operates stores in 14 states and include 386 stores. Recently, this organization was recognized by the New York Stock Exchange and is now on the "Big Board."

The Salmanson family are noted philanthropists. They are known for their generosity to educational and charitable institutions.

Mr. Salmanson received the honorary degree of Doctor of Science in Business Administration (D.S. in B.A.) at Bryant College in June, 1972.

Along with Dr. Harry F.

Evarts, President of Bryant; and Dr. Gifford, Chairman of the Board of Rhode Island Hospital Trust National Bank; the Bryant Board of Trustees numbers 20 members, including: De Forest W. Abel, Jr., President, AMICA Mutual Insurance Company, Providence; Howard W. Armbrust, President, Armbrust Chain Company, Providence; Thomas J. Brown, Assistant to the Chairman, Polaroid Corporation, Cambridge, Massachusetts; Dr. William S. Fishman, President, ARA Services, Inc., Philadelphia, Pennsylvania; Richard W. French, Professor of Business Administration, Ohio University; Edward F. Hindle, attorney,

Edwards & Angell, Providence; Dr. William P. Haas, Associate Director for Education Affairs, Massachusetts State College System; Paul F. Hartz, Chairman of the Board, Fram Corporation, East Providence; Dr. E. Gardner Jacobs, President Emeritus and Chancellor, Bryant College; Dr. George J. Kelley, Financial and Business Counselor, Lincoln; Dr. Sol Koffler, President, American Luggage Works, Inc., Warren; G. Russell LeBeau, President, Bo Bernstein & Co., Inc., Providence; Dr. Felix A. Miranda, Chairman of the Board, Imperial Knife Company, Inc., Providence; Dr. William P. Robinson, Jr., Associate Commissioner of Education, State of Rhode Island; Dr. Frederick C. Tanner, Chairman of the Board, Federal Products Corporation, Providence, and Vice-chairman of Board, Bryant College; and Dr. Frank G. Wangemen, Executive Vice President, Hilton Hotels Corporation, New York.

11:30 a.m.—\*Classification 5, 6, 7—Business Administration (Month of Birth July through December)

12 noon—Registration ends.

1:30 p.m.—All Teacher Education and Law Enforcement

2 p.m.—All Office Administration and Associate Degrees

3 p.m.—Registration ends.

\*Classification numbers are those in effect during Fall 1973.

Three Providence youths were arrested early Thursday afternoon by Smithfield Police in the Bryant parking lot and were charged with tampering with an auto and possession of stolen property. Police are withholding the names of the subjects because they are juveniles.

The three were observed acting suspiciously around several parked cars by a student who called Security. Karen Mazor and Roy Vinke of Security responded and also observed the three. Bryant Security members, with the assistance of several students, apprehended the trio and held them for Smithfield Police. Smithfield Patrolman, Roger Ruotolo, investigated.

Police recovered radios, tires, tapes and tape decks allegedly stolen from several vehicles parked on campus. Chief Gardner expressed his thanks to members of the Security Force and also to the observant students who assisted. Gardner stated that with this type of cooperation, we can keep better control of things happening on campus.

# Editorially Speaking

For the past couple of weeks, a number of students have been concerned over the Administration's decision to move all Wintersession resident students into Dorms 2, 4, and 6. Originally, only two dorms—2 and 6—were to be open during this three-week period, but so many male resident students are taking Wintersession courses that Dorm 4 had to be opened also. This dorm was chosen because more men were from that dorm than were from any others. Dorm 6 is already filled, and the Office of Student Affairs is not yet sure whether another women's dorm will be opened.

Both the students who are going to live here during Wintersession and the students who live in the three dorms that are being used will be inconvenienced by this administrative decision.

Of the 15 recommendations that were submitted to Dr. Evarts by the Energy Conservation Committee, 14 were accepted and are being put into effect.

The 14 accepted recommendations concern themselves with lowering the temperature in the Unistructure, using the Night Cycle when the Unistructure is not being used on weekends, concentrating Saturday classes and January graduate school classes in a specific classroom area, turning off floodlights in the Unistructure and Gymnasium, turning off underwater lights in the pool and shutting off sauna baths, scheduling athletic events during the day, housing dorm students in two dorms for Wintersession, using the Night Cycle during Wintersession from 4 p.m. to 6:30 a.m. the next morning, shutting off the electric heater blowers in dorm entrances, and setting dormitory thermostats to 68 degrees.

All of the accepted recommendations seem to have one thing in common—they inconvenience students more than anyone else.

The recommendation that wasn't accepted was one that stated, "The College should be closed completely from December 22, 1973, to January 2, 1974. During the Thanksgiving vacation when the College was closed the system was put on the Night Cycle from Wednesday noon until Monday 6 a.m. This resulted in an approximate 95 percent savings of the normal amount of energy which would have been consumed during that same period of time."

"The work loss amounts to only three days during this period. The energy savings resulting from a total shutdown during that same period far outweighs other considerations."

If this recommendation were accepted and put into effect, the only segment of the College Community that would be affected would be the smallest segment of the College Community—the Administration.

The President of the College, in our opinion, is not concerned with the inconvenience that Wintersession resident students will have to face for three weeks. He does not seem to realize that he is moving us out of our homes and back into them in a period of three short weeks. We don't think that he would like it if this same thing were demanded of him, and we see no reason why he should demand it of us. We don't see why the loss of three working days is more important than students having to go through moving all of their possessions into temporary housing.

No, Dr. Evarts is not concerned with student inconvenience. He is more concerned with his own inconvenience. But he would only be put out for three days—and he does not live in his office. Once again, the Administration is biting the hand that feeds it. Dr. Evarts is totally out of line in his decision to close our homes. He is doing it in the name of conserving energy, but how much energy will be conserved by shutting off the underwater lights in the pool while at the same time the Bookstore is using Christmas lights in its windows and the Main Dining Room is sporting a Christmas tree that is lit up at night?

Fellow students, we have been stepped on again.

## Does Bryant Treat Blacks Unfairly?

Dear Editor,

What is going to happen to Nadine Howe, one of the three Black faculty members hired by this "generous" institution? We, the Black students at Bryant College, understand that Mrs. Howe's future services as a faculty member at Bryant College are being questioned by a Review Board. The reasons for this review are vague and perhaps unwarranted. Does this action

indicate that the "equal opportunity" policy of this institution is cagey and surreptitious? Does this suggest the theory that Blacks are the last to be hired and the first to be fired? We are concerned about this matter and view it as a potentially discriminatory situation.

Black Students of Bryant College

## tuO fo redrO

For those of you who may not have noticed...some of the soda and candy vending machines have been removed from the dorms and the rest of them are going to be removed soon. Why? Because of damage done to many of the machines. It is important to note that not all of the machines were damaged; however, the actions of the few have again ruined something for the many.

Not to put the blame in just one place, we also see the vending machine company partially at fault. Some of these machines went empty for several days, and many students lost money in them (which was almost impossible to have refunded). This is no excuse for vandalism; but if a company is going to install machines to sell merchandise, they should at least keep them stocked and in working order.

# LETTERS TO THE EDITOR

## Mankind...

Dear Editor,

I am writing this article pertaining (sic) to the previous article written by Tricia—The Rip-off of Bryant College.

First I must state my fullest sympathy to her, knowing that she has suffered a great loss, but at her own account, by having trust. (sic). The world not only today, but yesterday, and even tomorrow is surrounded with the misrepresentation of loyalty. Trust is a lost word in our society. It has no true meaning, because it has no true purpose. You can talk, preach, and plead till you are blue in the face but then there is always someone there to stab you in the back.

Why? Man in his own evil. We have lost our beliefs (sic) in God our saviour and we have opened our hearts, minds, and bodies to Satan. This is not an actualization, but a stated fact.

If man really cares about his fellow man, there would be no hate, wars, crimes of unjust...If you cannot control your own mind you have failed the major purpose of life. I hold pity on everyone.

Sorry to be a member of Mankind  
Richard Lee Lecuire  
Victim of sorrow

## Stale Coffee

Dear Editor,

I would like to make a retort to the letter concerning the coffee house. Let's face it, in today's society you have to strive for success to stay hearty and alive.

"The rat and frat parties are overloaded with a bunch of drunken, loud and obnoxious (sic) students who can be heard for miles around." What else are the rat and frat parties for, but to enjoy yourself and let it all out. If the coffee house had all these "drunken, loud and obnoxious (sic) students" around, i (sic) don't believe they would whine about the noise then. I do not want to degrade the coffee house in the least, but i (sic) feel that they shouldn't criticize the student body. If the coffee house cannot gain esteem as the rat and frat parties have, then why don't they hang it up!! There's the old saying, "If you can't beat 'um, join 'um (sic)." That's telling it like it is!!

Respectfully yours,  
George Allen Jr.

P.S. I'm neither a member of a frat or a frequent Rathaus (sic) visitor.

## Sex Test

Dear Editor,

This evening we witnessed what we considered to be a total display of ignorance. We are referring to the judging for homecoming.

Unlike past judgments, where the ignorance came mostly from the audience, Tonights ignorainious (sic) radiated from the stage.

We are referring to the last segment of the judgment. This segment consisted of questions that were supposed to reveal the girls (sic) personalities. The questions asked were totaly (sic) irrelevant and in no way revealed the girls (sic) personality. Instead they seemed geared to reveal the girls' attitudes on sex and perversion. As for the "C" men, they seemed like they were out to better their supposed records.

In closing we would like to commend the girls on maintaining their poise throughout such an embarrassing situation.

Names Withheld By Request

## Ski Shuttle-Bus

Dear Editor,

Skiers, the United States Sports Clubs, formerly the Providence Ski Club has set up a special sno-shuttle transportation telephone line for skiers interested in car pooling or ski-area shuttle-bus schedules. Call or write the United States Sports Clubs, 888 Reservoir Avenue, Cranston, Rhode Island, 02910, telephone 943-3333

Sincerely,  
Michael E. Gabarra  
Director  
Providence Chapter

## Secretarial Program

## Needs A Better Way

Dear Editor,

The Bryant Secretarial Program leaves everything to be desired. We are referring in particular to the shorthand classes.

On Wednesday, December 12, 1973, the secretaries were subject to a test to determine their capabilities at this point in their particular speed. This test proved to be unfair to a number of individuals.

Students in 140 dictation who have obtained their graduation requirement of 120 must take this test to be averaged in with grades from previous speeds. For example, a "B" may be obtained in getting out of 100, a "B" may also be obtained getting of 120 in the same semester. Then you get an "F" on the 140 test. Why should a person in 140 then get an average of maybe a "C" for the semester when they have finished their requirement with a "B" a whole semester early. At the same time a person in 100 may get the same C for taking shorthand at a lower speed.

Is there a better way?

Signed,  
2 B's or not 2 B's  
That is the question

## OPINION

This September I became a member of the ARCHWAY after a year of being a totally uninvolved student. Since my arrival on the staff I have met many members of the Administration, Faculty and Student Body as a result from interviewing them and attending various meetings. I am very impressed with their ideas and goals, and have never encountered a community of people who are so concerned about the welfare of the students. Yet in this experience I have found a sad note which is repressing the potential of the Bryant Community. Unfortunately, I have witnessed a fear of communication among certain segments of the Student Body, Faculty, and Administration. I feel that this fear of communication stems from a reluctance to be open and honest with one another. Each of these segments is hung-up on a power struggle. The students fear the Administration becoming too strong and taking away their power, the Administration fears giving the students too much power, and the Faculty is caught in between striving to maintain some scrap of power with which to keep the Administration and students at bay. In essence we all fear losing our freedoms and powers. Because of this power struggle, I feel that Bryant is being strangled.

I've interviewed a number of people in the Administration, and when I ask what their job is they're never quite sure of what their responsibilities and duties are. At other times when I go into an office and tell them that I'm from the ARCHWAY and would like some information on something, the entire office staff clams up and acts as if I had the plague. And then at other times I'm asked not to print certain things because it is too "premature." Could someone please tell me why everyone fears one another at Bryant? What are we here for? For our own self-aggrandizement or to make a better life for one another?

I see so much potential in Bryant, and yet it is being destroyed by this fear, secrecy, and distrust which I have seen. I'm sure that many will snicker while they read this letter and will say "This one's dreaming, things will never change," but I beseech all of you to examine why you are here at Bryant and if you are making a positive contribution. I ask that the Administration, Faculty, and Student Body re-examine their positions and try to find out what is wrong. We all return in January and must have a better perspective and attitude towards one another.

Can we let Bryant drown in the mire of distrust? Is asking too much to give a little more, and learn to trust one another, and not be afraid to talk to each other no matter how painful? We've everything to gain.

Respectfully,  
Paul J. Carroll  
A cockeyed optimist

# SENATE NEWS

by Paul Carroll

The December 10 meeting of the Student Senate opened with comments from Greg Evans, President of the Senate. He announced the planning of a student body meeting in the Rotunda on December 12, in order to gain support from students who desire to keep all dorms open during wintersession. He then reported on the activities of the Rhode Island Student Government Program. He met with the Administration and Student Leaders to set the standards for the programs and its budgeting. They also discussed setting up a Consortia system with other colleges, by which students could take courses at other colleges and apply the credit here at Bryant, and have an inter-library system allowing students to take out books from other colleges.

Matt McManus told the Senate that he has been talking with Dr. Evarts on the Smith House (located near the Alumni House) and the possibility of converting it into a pub. This proposal is interrelated with the space problem which the college has, and is dependent on whether or not the Smith House is needed for other purposes.

Fred Leonard informed the Senate he has been meeting with Dr. Fullerton and a compromise has been discussed concerning closing the dorms during the wintersession. It was proposed that the temperature of the dorms would be lowered to 65

degrees during intersession. The Senate could coordinate the grouping of students who are attending wintersession into the suites of their friends.

Janice Salvatore, Chairperson of the Dorm Damage Deposit Committee, announced that she has sent out questionnaires to students who had money taken out of their dorm damage deposit. She will keep the returned questionnaires on file. She also stated that Peter Barlow is willing to talk to any student who has a grievance concerning the dorm damage deposit.

Elections were held to fill the Senior Senate seat vacated by Wayne Shink. The Senate was presented with the resumes of the three candidates, Sheryl R. Chait, Craig Prince, and Brian McPhillips. Ms. Chait, who won the election, is not new to the Senate. She has devotedly served in the Senate for the past three years, and in her third year was Speaker of the Council. She has served as Chairperson of the Student Advisory Curriculum Committee, and initiated the Student Senate Service Awards.

Karen Benoit announced that the Ad Hoc Committee was preparing for a parents' weekend which is tentatively planned for next April.

Rick Corrente requested the Senate to sponsor a Foster Child at a cost of \$192. He proposed three methods of raising the money. This proposal was tabled until next semester.

## Classifieds

### LOST

Pair of Gold wire-framed glasses. If found please contact Diane, 232-0186.

### FOR SALE

Fire Red Ford Torino, late 1971 model. 4 Dr., hard top. Interior in Black leather. V-8 engine, very good on gas. A-1 condition. If interested call 831-3264 after 4. \$1900 or best offer.

Sylvania AM/FM Stereo Radio, walnut wood cabinet, slide rule tuning, perfect condition, \$75 or best offer. Acoustically matched speaker for the above, \$75 each or best offer. See Mr. Long, Faculty Office 324 or 231-1200 (Ext. 361)

Stereo system: Sony TC-366 Reel-to-reel tape deck, turntable—dual 1219, dust cover, base; amplifier—Sansui 1000X; headphones—two pair; speakers—Bozak Tempo 2. (Sold separately or as a unit).

Motorcycle: Ducati 250 cc. 1972, Excellent condition.

Automobile: 1970 Yellow w/ white striping Olds 442. Just rebuilt, 455 cu. in. New brakes, rear main seal, timing chain and gear. Car has been thoroughly inspected and repaired, by Scuncio Chevrolet and Loyd Long Olds in Warwick.

## Notices

December Graduates: Be sure to check your news bureau card in the Public Relations Office so that we may have all the needed information for your Graduation News Release. It is important that this information be accurate and complete so that this office may send a correct and comprehensive story to your home-town newspaper at Commencement time.

Due to the success of the Karate Class, we will now offer an all girls self defense class. Any girls interested in learning self defense please contact Woody Best, Dorm 11, Room 211, 232-0001 as soon as possible.

The Game Room will close for the Christmas holiday at 5 p.m. on December 21. It will reopen for wintersession on January 2. The wintersession (Jan. 2-20) hours will be 1-9 p.m. daily. Dormal operating hours will go into effect again on Monday, Jan. 21.

## VP's, Townhouses, and Candy Stores

by Paul Carroll

In an effort to answer a few of the questions which are circulating the campus, I talked with Dr. Evarts to get a few answers. First of all, we discussed the new Vice President of Business Affairs. On November 20, the Executive Committee of the Board of Trustees of Bryant College elected Mr. Thomas K. Scott as the new Vice President for Business Affairs. Mr. Scott, who is a graduate of Indiana State University, where he received his B.S. in Marketing, and Indiana University, where he obtained his Masters, will begin his new position of January 1, 1974. Mr. Scott comes to us from the Fort Wayne Campus of Purdue University, where he was the Business Manager for six years. Mr. Scott is well qualified for the position of Vice President for Business Affairs with his background in the areas of purchasing, physical plant, safety and security, personnel administration, payroll, bursar, accounting, budget, and auxiliary enterprises and food services.

I also questioned Dr. Evarts on the position of Vice President for Academic Affairs. Presently, Mr. Nelson Guski is the Acting

Vice President for Academic Affairs; and he will continue in this capacity until a new Vice President is selected. Dr. Evarts is forming a committee for the purpose of selecting the new Vice President. The Committee will consist of two faculty members, two students, and one member of the Administration. The new Vice President will be selected some time next semester and will begin his term in August with the beginning of the fiscal year.

Concerning the Townhouses, Dr. Evarts informed me that they would accommodate 200 students, with four students sharing a unit. The purpose for building the townhouses was spurred to maintain and improve the balance of students who come from areas outside the state. Other colleges in Rhode Island are extending their programs and are thus attracting more local people. It is hoped that the building of the townhouses will attract more students farther away from Rhode Island. The townhouses will be ready for occupation in September, and applications for them will be accepted beginning sometime around the end of

January.

The townhouses are like the dorms in that there will be no preference given to any one group such as seniors. It will be first come, first serve. The townhouses are not for married couples, they are for any student at Bryant whether presently living on campus or commuting. The cost for living in the townhouses has not yet been determined, though they will be more expensive than the dorms. Students living in the townhouses will not have to pay for dining services since they will do all of their own cooking. It has not yet been determined whether or not students will have to pay separately for utilities, or if it will be included in the total cost. Each unit will consist of four bedrooms (each student will have his or her own room), a living room, kitchen, and bath. A lease will be made in renting the townhouses, and the usual dorm damage deposit is required.

As for the Candy Store, it will be open at the beginning of the spring semester. The delay in the opening has been attributed to staffing problems.

# MBA Highlights

by Dean Lebovitz

## Spring Registration

The registration for the 1974 Spring Semester is now taking place. Classes will begin the week of January 7 on the College campus as well as at the Raytheon Plant in Portsmouth and at the Naval Officer Training Center in Newport.

On campus, 22 courses are being offered, including two advanced accounting courses and three advanced electives. At Raytheon, four courses are being offered. Graduate students who have not yet registered for the Spring Semester are urged to do so right away because as classes reach their maximum enrollment they will be closed out. This time, when graduate students were asked to register, they were also asked to submit alternative course choices to meet this kind of situation.

Indications are that there will be a good enrollment for the Spring Semester.

For students who are veterans and have requested it, advance payment certifications will be forwarded to the VA as soon as the Graduate Office has received the forms from the VA.

## Full-time and Part-time Programs

It must be remembered that the Bryant Graduate Programs are evening programs. Graduate students can be candidates for the MBA degree either as a full-time student as well as on a part-time basis.

## Tentative Graduates

MBA students who believe that they have completed or will be completing all of the requirements for their MBA degree by the end of the Spring Semester should check the Tentative Graduate list on the bulletin board outside the Graduate Office. If their name is not on the list, or if they have not yet completed a tentative graduate card, they should do so. It is expected that there will be more MBA graduates this year than last year.

## Career Placement

Tentative graduates, graduate students, and potential graduate students will be interested to know that Bryant College has a very active Career Placement Service not only for undergraduate students but also for MBA students. Tentative MBA graduates, in particular, should check with Mr. Shuman of the Career Placement Office, if they are seeking employment opportunities.

During the Spring, 1974 Semester, many of the firms and agencies that have been coming to Bryant regularly for undergraduate placement will also be seeking to interview graduate students.

## MBA Student Promoted

John J. Webber, candidate for the MBA degree with a concentration in management, has just been appointed to Investment Research Officer with the Industrial National Bank. Mr. Webber has been with Industrial National since 1969.

## Would You Buy A Sugar Plum from This Man?

by Paul J. Carroll and Kevin J. McGarry

"T'was the night before Christmas and all through the house, not a creature was stirring—not even a mouse. The children were nestled, all snug in their beds, while visions of sugar plums danced in their heads."...WAIT A MINUTE! Perhaps we at Bryant are in this very same position right now. We all have visions of our new candy store which has been promised to us since our return in September. We think that many of you will agree, but why no one in the house is stirring is beyond me!

The Archway has made several futile attempts to find the real "Candy Man" of Bryant College. So far, we don't have a candy store, a candy man, a candy cane, or even one lousy sugar plum. As a consequence, all that we confectionary lovers have been able to get is a lot of saccharin promises, if you know what we mean. Among these was an interview with Lou Petrucci two weeks before the break for Thanksgiving. At this time he gave us a grand tour of the facility, which is just as empty now as it was then. He asked that we hold off on writing an article until we returned from the break, at which time "things would be all set." At this time he proposed that a contest would be held in order to name the store itself. The winner would receive a tape recorder or something similar from the bookstore. As far as we can detect, there is not a shortage of tape recorders in the bookstore, so this is not the reason for the delay.

Meanwhile, we are faced with the daily question, "What happened to the Candy Store we were SUPPOSED to have?" Consequently, it is now December 14. Classes close in

another week, and Christmas is almost upon us. So for now, fellow students, we must take our visions of sugar plums home with us for the holidays and perhaps Santa Claus will solve the problem while we are away. If this does not work, perhaps Mr. Tita should check and see if the Easter Bunny is interested in a high volume, off-season contract.

Would you buy a sugar plum from this man?

## "John Ledwick—New Director of ARA"

by Kevin J. McGarry

John Ledwick was born in Boston, and now resides in Springfield, Massachusetts. Mr. Ledwick holds a BA degree from U Mass in History and Hotel Administration. He has held several positions since 1967 working with ARA. He worked at Chote School in Wallington, Connecticut, as Operations Manager; at Central Connecticut College, also as Operations Manager; and at Elms College in Chicopee, Massachusetts, as Director of Food Services.

Mr. Ledwick revealed that most of the problems that exist in the present running of the food services stem from the vacancy of the Director's position for a six-week period. During this time, the managers were forced to do the work of the absent director; and consequently, there was a temporary lack of authority and control which they may still be suffering from.

Although his opinion of the students' complaints range from valid to minor, he plans a survey which he claims will be taken in order to find out the wants and needs of the students. After this, the menu cycle is to be reconstructed keeping the good points of the present system and improving upon those which need attention. ARA will be trying to balance the menu with different tastes while keeping nutritional needs in mind.

Despite the fact that the workers of ARA are competent and know their job, they are not completely organized and sure of their positions and their job responsibilities since the absence of the director. This, plus the fact that we all have our bad days, may result in an occasion where it may seem as though a worker is taking it out on a student. He claims he is striving to improve student relations, however, the students must bear in mind that ARA is a company and it must function as one. He does not think that the students should feel as though they are victims of ARA and should realize that they do have a say in what is happening and what is going to happen. He added that he thinks the students are getting reasonable food for a reasonable price.

The Snack Bar prices have been a problem as a result of wholesale prices being up and the cost of labor being up everywhere. He feels that the rise in these prices should have been explained to the students by the previous director and added that he is willing to discuss the prices with students. When asked if ARA was in fact making money on the operation he replied: "...ARA is not operating within their projected budget."

## Veterans News

Women comprise 1.9 percent of the nation's 29-million veterans, the Veterans Administration reported last week. The figure includes 8,500 separated from military service in fiscal year 1973.

There are 542,000 women veterans, 305,000 of whom are credited with World War II service. Nurses who served during the Spanish-American War and World War I women veterans total 15,000. Vietnam-era women veterans numbered 91,000 through June 30.

During World War I, women served as military nurses, Navy Yeomanettes and women Marines. The Women's Army Corps was not established until World War II.

Certificates worth up to \$12,000 each are being mailed this month to 50,000 recently-discharged Vietnam Era veterans, and millions more eligible veterans can have them for the asking.

The mailings are certificates of eligibility for GI Bill benefits from the Veterans Administration.

Administrator of Veterans Affairs, Donald E. Johnson, said the new program is made possible by computers. Formerly, each veteran had to apply for the certificate and present a copy of his discharge.

GI home loan certificates of eligibility are now being mailed out, also.

Johnson said the new procedure which affects only recently-discharged veterans will be much more convenient for GI Bill students; and it will free VA employees for counseling duties and for more vigorous "outreach" efforts. With a certificate in hand, Johnson speculated, a veteran is more likely to think seriously about education than he would if he still had to apply.

The VA Administrator expressed hope that the reduced "red tape"—coupled with other VA outreach efforts—will bring more disadvantaged veterans into training.

VA has used a special direct mail program to tell undereducated Vietnam veterans about a "free-entitlement" benefit that permits them to complete high school and college preparatory courses under the GI Bill while receiving monthly allowance checks and with no charge against their basic entitlement. Almost 200,000 have responded, but use of the GI Bill among high school drop-outs is still far below the rate for veterans who were ready for college when they entered military service.

More than 47.2 percent of Vietnam Era veterans have used some or all of their education benefits. This compares to 48.8 percent after WW II. More than 56 percent of current enrollees go to college compared to 28.6 percent after WW II, Johnson said.

## Preregistration Answers

1. I preregistered. How do I know my preregistration was processed?  
ANSWER: You should receive a computer printout of the processed schedule in the near future.
2. How do I change a course for which I preregistered?  
ANSWER: When you receive your confirmation, a pink change or program form will be enclosed. Complete that form by filling in your name, social security number, course code for the course you wish to add and the course code for the course you wish to drop. Mail it with your registration materials and tuition payment between December 26 and January 9.
3. I preregistered in November. What do I do now?  
ANSWER: Between December 26 and January 9, mail you second orange registration card, the blue remittance card, the white registration status card and your tuition check. If you register in person, the status card is not needed. The college WILL NOT be open evenings during this period.
4. How do I enroll for the spring semester? I did not choose to preregister.  
ANSWER: Registration materials will be mailed to you before the end of the semester. You can register by mail or in person beginning December 26.
5. Are any courses for the spring semester filled?  
ANSWER: Yes, several are filled and several others are approaching capacity. Already filled are: Math for Law Enforcement II, Introduction to Data Processing, Criminalistics II, Personnel Administration, Math for Law Enforcement I, and Earth Science.
6. Since I did not preregister, can I still apply for VA Advance Payment?  
ANSWER: No. Because of the number of advance payment requests, there is a time lag in checks being processed. Your paper work will be processed as rapidly as possible.
7. What happened to the Pilot Freight Carrier Scholarship?  
ANSWER: Awards were made.
8. Is the certificate program in transportation and traffic management being reinstated?  
ANSWER: Mr. Mega and I are currently preparing a proposal to install a certificate program in transportation. It should be ready and available to all interested students before the beginning of the spring semester.
9. I expect to be graduated in June. Must I notify anyone?  
ANSWER: The evening school office has a tentative graduation card for you to complete. You will then be advised as to courses needed and commencement exercises.
10. I will finish my degree requirements during the summer. How do I obtain my degree?  
ANSWER: You have two options under current college policy.
  1. Have your degree dated July 31 and mailed to you. You are excluded from future commencement exercises.
  2. Wait until June, 1975 to receive your degree either at commencement or by mail.
11. It seems that every year my major concentration curriculum changes. Which curriculum must I follow?  
ANSWER: The latest changes should be met if possible. The safest way to plan your program is to arrange a counseling appointment with Mr. Yorks or myself.
12. When will the summer evening school schedule be published?  
ANSWER: The survey indicates several areas of student interest. A preliminary schedule should be available by February 1.
13. What did the November preregistration reveal?  
ANSWER: Approximately fifty to sixty percent of the evening students receive some financial assistance. However, many of these have VA benefits expiring next May. A solid majority of the students do not wish to have Friday evening classes nor do you wish to start at 6:45 instead of 6:30.
14. Is a preregistration planned for next fall?  
ANSWER: Yes. Hopefully during the month of April you will be able to preregister for the fall. Preregistration is not planned for summer classes.
15. Are any courses in danger of being canceled for the spring semester?  
ANSWER: Some courses are drawing a great deal of interest. Course cancellations will be considered after January 18. If you completed alternate choices on your preregistration, and your initial selection is not of interest to many students; your alternate choice will be held for you.

The staff of the evening school wish you all a happy holiday season.

## Winter's Greetings from the Radio Station

by John Orrell

The Bryant Radio Station, its Board and Staff members would like to wish all students, faculty, and administration, happy holidays and an enjoyable, hopefully restful, winter vacation.

Also at this point, we would like to express sincere and appreciative thanks to Mr. Walter Smith and Company, including especially carpenter Henry Greenough, electrician Robert Powers, painter/decorator Robert Allen and all others whose professional talents and expertise were contributed to the construction of studios "one and two" (on air and production). Their patience, performance, and overall efficiency have been outstanding.

Disc jockey training, the final preparatory stage to becoming airborne, is nearly complete with indications revealing a fine array of talent and promise. At last the end is near! Look for us on FM at 91.5 on your return next semester!

(A reminder to members: Vacation is an excellent time to pick up your mandatory third-class license.)

## Guidelines for a Class F Liquor License

1. A valid Class F Liquor License must be presented to the Student Affairs Office before approval will be granted for an activity at which alcoholic beverages will be sold. Procedures for obtaining a license:
  - a. A letter to the Smithfield Town Clerk requesting a liquor license must be obtained from the Student Affairs Office.
  - b. This letter must be presented to the Smithfield Town Clerk at which time a \$10 fee will be assessed.
2. A valid Class F Liquor License and a completed and signed Student Activities Application Form must be presented to the Special Events Coordinator before facilities will be assigned.

## Folk-Jazz Concert

The Bryant Stage Band will be part of a joint folk-jazz concert scheduled to take place on Friday, December 14, 1973, in the Bryant Auditorium at Bryant College from 12 Noon to 1 p.m.

Sharing part of the program are the folk-duo Eclipse, guitarists Nicholas Goluses and Mark Barthel, students at Bryant who write their own material. They are also part of the Bryant Stage Band. The Art Marco Group, a local professional folk-jazz group, will also appear. One of their members, Horace Pezzola, is also a Bryant student.

Ms. Lucia-Lena Rosapepe, lecturer in music at Bryant and coordinator of this program, extends an invitation to the general public and to the entire Bryant community to attend this varied concert.

## Elizabeth Schneck Palter

Political punch and magnificent mayhem make Liz Palter's classes a unique and gratifying adventure. Our very own political activists, Ms. Palter is the coordinator of the Rhode Island Internship Program. A graduate of the University of Massachusetts where she obtained her B.S. in Journalism and a Government minor, Ms. Palter brings to Bryant her flair for Politics and Social Sciences. Continuing her education, she went on to Brown University and was awarded with her Masters Degree in Political Science. Her thesis was, "The Far Side of Politics: Two Case Studies of Campaign Fund-Raising in Massachusetts."

BUT that's not all! She is now a candidate for her Ph.D. at the University of Massachusetts in Amherst. Her dissertation will be "The Concept of Participation in Contemporary Political Thought: A Critical Analysis."

Besides obtaining many awards as Phi Kappa Phi, Phi Sigma Alpha, and the Dissertation Fellowship Award, Ms. Palter is a most active member of the American Political Science Association, Women's

Caucus for Political Science, and the Northeastern Political Science Association. She has participated in campaigns every election year and was particularly active in the 1962 U.S. Senate Race in Massachusetts, 1964 Governor Race in Massachusetts, and the 1972 Presidential Race. Previous to her work at Bryant College, Ms. Palter was Assistant Professor at Holyoke Community College, Research Assistant to the Town Manager of Amherst Massachusetts, and instructor of Politics at Northern Michigan University.

It's hard to list the many different groups Ms. Palter is in. Let's just say she is very active in politics.

Trying to compete with Jackie Onassis for the most traveled woman award, Ms. Palter has journeyed extensively throughout Europe. This experience has helped her in relating to the social structures of other countries.

Ms. Palter tries to instill in her students an awareness of the political aspects of the world. She wants them to realize the importance of becoming involved or at least concerned with what's happening today.

# Welcome Dan Ryan

On November 29, Mr. Daniel J. Ryan was appointed to the position of Assistant to the President, effective December 3. Mr. Ryan comes to us from the Accounting Firm of Peat, Marwick, and Mitchell in New York City, where he served as tax specialist in the International Tax Division. A graduate of Providence College where he received his B.A. in Psychology, Mr. Ryan was awarded his C.P.A. certificate from the State of New York. He has recently completed all the requirements for an

M.B.A. at Fairleigh Dickinson University. As Assistant to Dr. Evarts, Mr. Ryan will aid in the long-range planning of the college's programs, and function as a spokesman for Dr. Evarts at times when he is unavailable.

Although Mr. Ryan has only been at Bryant for a week, he is already beginning to grasp the attitudes of the college. When asked what he'd like to see at Bryant he stated that he is just getting a feeling for the college, but did say that things "are not running as smoothly as they should." He feels that Bryant is still having "growing pains" and that too much time is being spent on the adjustment to the problems of moving to Smithfield. The college is having space problems, and he feels that the college should be a self-contained environment, which is has not yet achieved. One change that he would like to see is the abandonment of the secrecy which permeates the college. To him it seems that the college is plagued by people who want to run Bryant according to their own ways and ideas. He feels that the ARCHWAY is an integral part of the college and should strive to become and "independent entity" and get away from having to answer to anyone. They should be able to

establish a working relationship with the Administration without jeopardizing their journalistic independence.

He commends the students for their efforts in improving the college environment and feels that this action is necessary now so that future students will not have to contend with the problems we have now.

One of the problems he foresees in his job is a credibility gap. He hopes that the Bryant Community will have confidence in what he says and not shrug it off as institutional insipidity. He would like to act as a liaison between the President's Office and the Bryant Community and be a service to the college. He related a strong desire to hear the views and opinions of the students, faculty and the Administration, in order to improve relations. He stated that the "Administrative staff is just as unhappy as the students are in their present situation," and would like to aid them in their plight. As for his future plans, he will be working with the Assistants from other colleges in an effort to get state aid for private institutions.

Unfortunately, Mr. Ryan has no authority or voting power, although he does sit in on meetings and conferences. He feels that it is definitely a good idea to have informal meetings with student leaders. He believes he will have an advantage in relating to them being only 26 years of age.

As for Dr. Evarts, Mr. Ryan hopes that he is happy with his efforts. He commented that Dr. Evarts is trying hard to do a good job, and as all college presidents do, he has learned with experience.

# Anne Carr Dancers Tap Away for United Way

by Karen Benoit

On Tuesday, December 11, the Anne Carr Dancers performed a benefit show in the Koffler Rotunda. Anne Carr who has been in business for 23 years, has dancers that range from professionals and semi-professionals to amateurs. The dancers range in age from 2-30 years old and in the last year alone they gave 53 performances. They perform at the steel pier in Atlantic City every year, where they put on a children's theater.

This will be their 14th year in Atlantic City. Their dancers do benefit shows for all occasions.

Anne Carr said, "their younger people are only

part-time, but for the most of it is a livelihood." They train their dancers for shows, some of the dancers go on to teaching, the theater, and professions. The Anne Carr Dancers were regulars on the Bozo the Clown Show for seven years. They are planning a show with Danny Thomas next year at the Civic Center for the Saint Jude's Hospital. This year the proceeds from the went to the United Way; last year's proceeds went to retarded children.

The Bryant College Community was in full attendance not only to show their support for Anne Carr, but also for the United Way.

## Falardeau Features Females

by Karen Benoit

Have you been down to the bowling lanes lately? If you have you've already noticed a difference in the GNP team. The difference—Micky Finn and Marcia Akerholm. Although this team used to be all-male, the girls proved that they can do more than type and answer a phone. A welcome invasion of what was once a man's club, Mickey and Marcia add a special something to the previously all male bowling team. Their male counterparts—Dr. Fullerton and Gene Hemingway are more than pleased with the female addition to the team. Micky bowls away at an average of 154, and Marcia is coming up fast at 134.

Micky said "the guys are very polite and very pleased about the girls on the team." The rough language has been cut to a minimum and fractions of words are now in use. Occasionally, the guys on the team will start a word and right in the middle will remember that there are ladies present and stop short. It's about time the guys cleaned up their

language. It's like the girls went in there with soap and water.—Good work girls!

Averages for the GNP team run as follows: Barry Fullerton—158, Micky Finn—154, Gene Hemingway—138, and Marcia Akerholm—134.

This year's intramural bowling league got off to a cannonball start with over 90 students on 20 teams participating. After a grueling nine weeks, the championship narrowed down to two teams. The "Lucky Four" made a courageous effort for first place; but were outdone by the "Old Snappers." Michael McLarney, Larry Keenan, Rich Schiebelhuth, and Clifford Yee, who snapped up first place, John Falardeau is presently accepting rosters for the Spring semester, so get out your bowling shoes!

## Swimmer of the Week

by Steve Botwinoff

Coach Sussman chose Craig Bogar and Tom Delaney as swimmers of the week. Craig for winning the 500-yard free style event against Nichols and Tom for his outstanding performance at the Coast Guard Academy.

Craig Bogar, a sophomore from Oakhurst, New Jersey, is in his second year of swim competition at Bryant Craig said this about the team, "Our record doesn't exemplify the talent we have. I say this because we wind up swimming against bigger schools. I'm sorry that there is no Naismith Conference for swimming. If there was, we would do a lot better."

Craig was recently elected co-captain of the team. "I attribute my success to self-discipline. This is the biggest factor in swimming. I spend about twenty hours a week working out."

Coach Sussman feels that his

victory in the 500-yard free style event won't be his last win of the year. "Craig's a hard worker. He's a dedicated swimmer and student. He is having a good year so far and should get even better as the season progresses."

Tom Delaney, chosen as the top swimmer in the meet at the Coast Guard is a freshman. He hails from Cranston, Rhode Island where he swam for three years at La Salle High School. His performances last week included a

victory in the 200-yard free style event. It was his best time ever. "I've improved my times alot this year. I'll be trying to do that much better in the future."

Tom is very high on the team, particularly its enthusiasm. "The team has a lot of potential and considering the facilities, we've accomplished a lot. We work as hard as any other team and I'm glad to be part of a team that gives itself and never puts out less than 100 percent."

## Swim Team Defeated

by Steve Botwinoff

The Bryant College Swim Team suffered a very disappointing loss at the hands of Nichols College last week. The final score was 60-50. Bryant trailed by just 53-50 going into the final race—the 400-yard free style event. A victory in this relay would have given Bryant the meet, but it was not to be.

Joe Haydu continued to impress in the diving events. Joe is in his first year of diving competition and works out by himself. Even so, he has already accumulated more points than last year's experienced divers. Coach Sussman has been very impressed by Joe's improvement.

On Saturday afternoon the team traveled to the Coast Guard Academy to take part in a nine-team meet. Bryant finished eighth, but gained some measure of revenge as they outscored Nichols 78-68. Coach Sussman said, "In this meet we were facing

some really high powered competition, but the boys still performed well and revenged the loss to Nichols."

Keene State was the winner of the meet followed by Coast Guard, King's Point, Babson, U.R.I., W.P.I., Boston, Bryant, and Nichols.

Craig Bogar and Art Burrows were elected team co-captains. Both men were members of last year's team and have shown leadership qualities.

Coach Sussman and the members of the team wish to express special appreciation to one of the unsung heroes of the team, Dorothy Aspinall. Dorothy is an assistant manager and without her work Mr. Sussman's job would be twice as difficult. She is from Dix Hills, New York and her duties include keeping times, scores, and typing up records. This is all necessary paper work.

## Notices

The Bryant College swimming pool will be closed from 5 p.m. on Friday, December 21 until 10 a.m. on Monday, January 21.

There will be a Drama Club meeting on Tuesday, December 18, 1973, at 3 p.m. It will be held in the Faculty, Staff Dining Room. Old members please attend; new members are welcome.

# BRYANT SIX TOPS BENTLEY

by Fred Colson

Dave "Suds" Sutherland and Bobby Wareham each had the hat trick while Danny Webster added two goals to lead the Indians to a 10-6 victory over the Bentley College Falcons last week at the Smithfield Arena. It was the second straight win for Bryant after suffering a 6-4 loss to Nichols in the opening game. The game, billed as puck day, drew only about 450 fans.

Bentley goalie, Steve DeMont, started off shakily, as he allowed three goals in the first five minutes of the game. Sutherland hit for his first goal only 2:59 into the period. He picked up a rolling puck and fired it into the open corner, with DeMont out of position. On the ensuing faceoff Billy Bush drew the puck over the Webster who carried the puck over the blueline and then fed it back to Bush who made it 2-0. Only nine seconds had elapsed between goals. Webster scored his first, at the 5:06 mark, after he took the puck from Falcon defenseman Mark Canavan and put a slapshot between DeMont's legs.

Bentley then made it 3-1 on a goal by Canavan, capping off a three on two break. It was a power play goal for Canavan with Bryant's Dave Pieroni off for tripping Falcon Captain Craig Wagner. With only 13 seconds left in the period, Sutherland tallied again to make it 4-1. Bryant had 17 shots against Bentley in the first period, while the Falcons could only manage ten shots at Bryant's Phil Cerrone.

Early in the second period Cerrone made a good stop on a shot that was tipped by Wagner. The Indians then proceeded to make it 5-1. Webster battled for the puck behind the Bentley net and passed it out to Wareham who was streaking by the cage. The red light was on before goalie Steve Chwaliszewski (who replaced DeMont at the beginning of the period) knew what had happened.

About a minute later the Falcon's Bob Cormier took a shot that rebounded out to Charlie Hinkley who was standing in the faceoff circle to the left of Cerrone. Hinkley put the disc by

Phil as he was sliding across the goalmouth, making it 5-2. Sutherland's third goal made it 6-2 as he stuffed the puck between the goal post and goalie Chwaliszewski; who argues that the whistle should have blown before the goal was scored.

After Bentley added another goal, Wareham scored what proved to be the winning goal. The power play goal was Wareham's second tally of the game. Hinkley scored his second goal in a losing effort, on another rebound off of a Cormier shot. Then with only eight seconds left, Wareham walked through four Bentley defender, pulled a fake on Chwaliszewski and earned his hat trick.

Bentley struck first in the final stanza when Cormier and Bob Garneau broke in alone on Cerrone with Cormier getting the goal. Tim Daley then blasted in a rebound of a Mark Jolly shot and made it 9-5. Wayne Miller got a breakaway while killing off a penalty to Sutherland, but hit the post. Jim Bransfield scored Bentley's sixth goal while Bryant was two men short. Then with Steve Sheehan off for elbowing, Webster closed out the scoring with his second goal of the game.

The final score of the game could have been much higher as the puck hit the most numerous times at both ends of the rink. Coach Reall was a little upset with the defensive play of the team. "We cannot keep giving up five goals a game and expect to win." He went on, "We have got to tighten up."

Reall has some praise for his penalty killers, Miller and Vito Torrisi, who have had a lot of time to kill. The Indians were shorthanded for almost 24 minutes of the game. Bentley managed only two power play goals in seven attempts—one was scored with two men off.

The Indians, who played at Clark last night, will face Nason of Maine tomorrow at 4 p.m. at the Smithfield rink in their last game until the end of January. Nason had a 1-3 record going into their game against Bentley last night. They defeated a strong University of Maine (at Portland) team, 7-1, and dropped games to

three other powers including a 4-3 loss to Nathanael Hawthorne in overtime. Sophomore center Pete McDougall is the leading scorer for Nason with four goals and four assists for eight points. The game should prove to be exciting, so why not be there. Remember, this is your last chance to see the hockey team before the second semester.

ICICLES: Phil Cerrone stopped Bentley's first shot with his throat...he survived with a bruise...Mike Pirolli, one of Bryant's smaller players, flattened Bentley's Les Vitale with a hard check near the end of the game. On his way down Vitale received a gash on his nose that required stitches...Mark Steinberg, number 11 for Bryant,

is known to his teammates as "Bird"...ARCHWAY editor Rich Schiebelhuth is in charge of a crew that has been filming the games for the team's use...REMEMBER—Nasson 4 p.m. TOMORROW!!!

Summary  
BRYANT (10)  
Goal: Cerrone; Defense: Jolly, Gurka, Stone, Pieroni, Stelson; Forwards: Webster, Wareham, Sutherland, Daley, Pirolli, Bush, Myette, Steinberg, Torrisi, Miller.

BENTLEY (6)  
Goal: Demont, Chwaliszewski; Defense: Canavan, Leach, Ricci, Bransfield, Moynihan; Forwards: Sheehan, Cormier, Wagner, Vitale, Amrock, Garneau, Hinkley, Hurley, McCarthy.

First Period: Bryant—Sutherland (Jolly) 2:59; Bush (Webster) 3:08;

Webster (unassisted) 5:06; Bentley—Canavan (Hinkley, Garneau—11:49; Bryant—Sutherland (Daley) 19:47. Penalties: Pieroni, 9:55; Garneau, 16:12; Jolly, 16:58.

Second Period: Bryant—Wareham (Webster, Bush) 1:27; Bentley—Hinkley (Garneau, Cormier) 2:31; Bryant—Sutherland (Pirolli) 6:04; Bentley—Vitale (Ricci) 9:46; Bryant—Wareham (Bush, Webster) 14:44; Bentley—Hinkley (Cormier) 19:05; Bryant—Wareham (unassisted) 19:52. Penalties: Jolly, 11:41; Amrock, 14:26.

Third Period: Bentley—Cormier (Bransfield) 6:55; Bryant—Daley (Jolly) 10:35; Bentley—Bransfield (Hinkley) 15:14; Bryant—Webster (Bush) 18:43. Penalties: Stone, 3:54; Sutherland, 11:01; Pieroni, 13:27; Wareham, 14:37; Sheehan, 17:49.

Shots on Goal: by Bryant 54, by Bentley 39. Attendance: 450.

## Inexperienced Cagers Stage Comeback

by Steve Sadetsky

Bryant College's varsity basketball team is forced to play with young talent this season. The lack of experience is evident, as the Indians post a mere 3-3 record. Only two starters have the necessary experience to carry the leadership of the team. This past week, Bryant dropped decisions to Quinnipiac (84-92) and Central Connecticut State College (87-89) while defeating Nichols College by 30 (85-55) and edging Southeastern Massachusetts University (79-77) in overtime.

Although the Indians had five scorers in double figures, while Quinnipiac placed just three, the visiting Bryant team was again beaten by its nemesis of Hamden, Connecticut. Quinnipiac and Bryant stood deadlocked at 33 apiece during halftime, but captain Ed Rouillac hit for 17 second-half points attributing to the Braves' victory. The Braves marksmen hit two-thirds of their second-half shots, while Bryant managed to hit just 40 percent. High Bryant scorers were frosh Walt Washington and sophs Paul Melvin (16) and Dave Sorafine (15). Freshman playmaker guard, Jim Valente paced the Braves offensive attack with twenty-two points. February 4, Bryant will again try to snap the Quinnipiac jinx. That's ten in a row for the Braves.

Saturday night, Central Connecticut State College pulled out an 89-87 victory over the cagers. In the third successive loss Bryant's defense was again suspect. Bryant committed 26 fouls in the game, twice as many as CCSC. Bryant outshot the Blue Devils and scored 11 more field goals, but it was the faulty defense that gave Central the game. The opponents went to the line 37 times to Bryant's six. Although Dave Sorafine hit for 28 points and a game leading 17

Ned Bohan drives on SMU defender for Bryant score.

rebounds, it was CCSC's Rick Ortiz that paved the way for the winners. Ortiz finished the night with 35 points (13 for 15 from the charity stripe.)

The three-game losing streak came to a halt Monday, as Dave Sorafine played his second consecutive solid game, scoring 33 points and taking command with 20 rebounds. Sorafine dominated the game from the outset. Bryant leading only 38-30 at the half beat the Bisons by 30 as Sorafine tallied 15 consecutive second-half points in a four-minute span. Bob Moll took over for Dave late in the game and contributed six points and seven rebounds playing aggressively. The outcome was an 85-55 triumph.

Wednesday, Ned Bohan's overtime heroics brought Bryant 79-77 victory in an exciting overtime game. Tom Dupont, high scorer with sixteen, stole the ball and hit on two shots to bring

Bryant back from a six-point deficit in the final minutes of the game. But it was Ned "The Pearl" Bohan who came up with the most important plays of the game. Two steals and two hoops later the score board showed Bryant with the victory. Charlie Funches outshoved Dave Sorafine, but Sorafine still was high rebounder with 16. Tom Dupont grabbed 13 errant shots in addition to being high scorer. Sorafine (11), Charlie Armstrong (10) and Paul Melvin (10), all sophomores were the other leading scorers.

Bryant is outrebounding and outscoring their opponents, but defense and foul shooting are lacking. In addition, unnecessary Indian fouls have cost the cagers all three losses. No one player has dominated every game, but the team effort that has been displayed must continue to make this year another winning and successful season.

### Webster is Scoring Leader

Sophomore Dan Webster, of Cumberland, Rhode Island, has emerged as the leading scorer in Bryant's first three hockey games to date. Webster has six goals and five assists for eleven points. Billy Bush and Bob Wareham are tied for second with seven points apiece.

Dave Sutherland is second to Webster in the goal scoring department with five. Mark Jolly leads the team for time spent in the penalty box. He has visited it seven times this year for a total of 14 minutes.

Phil Cerrone, sporting a 2-1 record, has had 16 goals scored

Dan Webster against him, resulting in a 5.33 goals against average.
