

# *This Man's Life*

BRIAN DALDORPH

If only for a short time  
a man has all that he wants:  
his pretty wife does what he tells her,  
he's the one wearing the pants.

If only for a short time  
a man has health, money and power.  
He'd best make the most of  
his happy year or two years.

If only for a short time  
his wife helps him shave and dress.  
She visits him an hour a day  
though he doesn't know who she is.
