Commencement Ball Will Be Held at Biltmore

During the school year, Bryant College sponsors many dances and social functions; but none are formal, except the Commencement Ball. This year the event will take place on Friday, July 26th, in the main ballroom at the Sheraton-Biltmore Hotel, starting at 9 o'clock and continuing until 1 o'clock.

As the only formal dance of the year, gowns and tuxedos will be in order and will add much to the splendor of the evening. The ball is limited to graduating seniors for the simple reason that this is one of the highlights of a student's college career and should be reserved for them.

However, ushers who work at both Class Day and Commencement exercises will be allowed to attend. The only order of business for the evening will be that of fun and enjoyment. An evening of enjoyable dancing is sure to be had by everyone who attends as the music will be provided by the ever-popular Tommy Masso.

The College-Business Symposium. He plans to attend the University of Rhode Island Graduate School next fall.

Peace Corp Announces Special Test Date

Requests from 47 nations for additional Peace Corps Volunteers late this year have prompted the addition of a July 20 date for national administration of the Peace Corps Placement Test.

Dr. Ed Henry, director of the Peace Corps selection division, said the non-competitive test will be given by the Civil Service Commission in more than 800 communities on Saturday, July 20, and again on August 24. Both start at 8:30 a.m.

"In order to meet even the most urgent requests from Latin America, Africa and Asia, we plan to start training programs each month from August through December," Dr. Henry said. "I hope all interested college students who complete degree requirements during summer sessions will submit

their applications and take one of the tests."

More than 2,000 prospective Volunteers will enter training during the last five months of 1963 to supplement the 5,000 now in the field and the 3,000 in training during the summer.

Students can obtain the location of the nearest test site by calling the local CSC. Only requirement for admission is that the applicant has already submitted a Peace Corps Questionnaire or brings his completed application with him.

The test, which can't be "passed" or "failed" in the traditional sense, includes one-half-hour sections on general aptitude and modern language aptitude. Students who have had any prior training in Spanish or French take an additional one-hour test of proficiency in the appropriate one.

Chi Gamma Captures Intramural Softball Crown

CHI GAM — CHAMPIONS — a title they have fought for and deserve. In the world series of Bryant sports, Chi Gam defeated Phi Sigma Nu in the best of three games to capture the intramural title.

The finals, like any good world series, went down to the all important last game. Both ball-clubs relying on one man—for Chi Gam it was Artie Silva—and for Phi Sig it was Al Jewell. The big question seemed to be—Who would last? Both of these fine pitchers deserve a fine hand.

Chi Gam, who finished on top during the regular season, automatically received a bye to the finals. As for Phi Sig, they first had to conquer the third place team—The Angels. They did this in fine fashion by a convincing score of 23-16 in the semi-final tilt. Al Jewell went the distance for Phi Sig and Big Walt Coutu supplied the batting power with two homers, one a grand-slammer.

In the first game of the finals (on a mild afternoon) Chi Gam uprooted Phi Sig 14-3 behind the hitting and pitching of Artie Silva, the workhorse of the Champs. The turning point in this one was the 5th inning, as Chi Gam collected 8 runs on four base hits.

The second game of the series proved to be the best, as Phi Sig bound not to be counted out, came through with a 4-1 victory. The

National Alumni Council Presents Bowls to College

On Monday, July 1, Dr. E. Gardner Jacobs, President of Bryant College, accepted two silver-plated Revere bowls for the College from Mr. Kenneth Cedergren, Director of Alumni Affairs. The bowls are a gift to the College on behalf of the National Alumni Council of Bryant College.

The inscription on the bowls reads, "Presented to Bryant College by the National Alumni Council, Centennial Homecoming, May 18, 1963."

The bowls will be used at formal College receptions such as Class Day, Homecoming, and meetings of the trustees.

The presentation boxes for the bowls were custom-made by Alfred T. Morris, a member of the Class of '57.

Dr. Jacobs (l) accepts silver-plated Revere bowls from the Director of Alumni Affairs, Mr. Kenneth Cedergren.

The Old . . .

The Bryant graduating class of 1908 had only eighty-six graduates. The small number of graduating students pictured here is typical of the earlier classes. Behind the graduates stand the faculty of the school. The formal ceremonies were held at the Methodist Episcopal Church, Mathewson Street, Providence.

weekend seemed to give Jewell the much needed rest, as he went the distance for the victors and allowed only two hits. Once again the big bat for Phi Sig was Robert Scott as he collected a pair of singles in three attempts.

Going into the all important third game, many thought that the weather would be the determining factor, as it now made it three days of rather warm weather, by this I mean about 95 degrees.

The first inning proved to be somewhat spectacular as Phi Sig loaded the bases with one out and failed to score. Silva forced the following batter to pop up and struck out the next to retire the side. The bottom of the inning saw Chi Gam come up with the first run as Bartels walked, followed by singles by Martin and Silva. Phi Sig tied the score in the top of the third as Anderson walked, then scored on a two-base throwing error. Chi Gam bounced right back in the bottom half of the inning to jump into the lead as Artie Silva walked, stole second (his first), then came stomping home on Westcott's single to right. Chi Gam came up with two more insurance runs in the bottom of the fourth on three errors. Chi Gam wasn't finished yet, they still had two more to get and the sixth inning they did, the ole bread and butter man Jack Speed belted a two-run homer to left. The top of the 7th provided Phi Sig with their other run, this one a homer by Walt Coutu. So was the story at Local 57, another day, another champion, but a proven champion. We here at Bryant congratulate the champs and their supporters (Phi Upsilon) for a job well done. The final—Chi Gam 6, Phi Sig 2.

Vs. the New

The new look of graduation. Bryant College graduation exercises today are more modern and elaborate. Shown here is the graduating class of 1962. Graduation is now held in the beautiful Meehan Auditorium on Hope Street. This modern auditorium comfortably accommodates the large number of graduates and their guests. Besides the formal ceremony at this beautiful building, the seniors have a well-planned Class Day, and a formal ball as part of their activities during graduation.

To the Seniors . . .

"The knowledge we have acquired ought not to resemble a great shop without order, and without an inventory; we ought to know what we possess, and be able to make it serve us in our need." —Liebnitz

These words should be read carefully and digested thoroughly by the graduating student. School is finished for most of you. You will soon be taking your first steps on the road to success. Success will not come easy though. All of the training which you have received throughout your years of schooling will need be summoned to use in order that you may move forward. The academic and social education which you have received will serve as your navigator.

Your education is not complete, however. It will never be. There will always be new horizons in your quest for knowledge. This challenge is yours. Accept it as the price of your position.

You have reached the point where you are accepted as an educated person. Along the way you were changed. Your education destroyed the shell that was you; in its place a new and a better you took form. This task was accomplished methodically and imperceptibly. Your attitudes and even your point of view were changed. You became a leader, prepared for a position of responsibility.

As you embark on this adventure and assume these responsibilities there is the onset of nostalgia. Those "good old college days" are over, only to remain as cherished memories. These were the days when you assumed the role of responsible adults, the days when study and fun went hand in hand. New and lasting friendships were formed. The passing of these days should not dismay you though for the road ahead is bright, and all you need do is follow it.
